# Congressman Jeff Van Drew Statement on Storming of the Capitol Building

Contact: Scott Weldon (202)225-6572

**Washington, DC, January 6, 2021**

What is happening at the Capitol is unacceptable, un-American, and disrespectful of democracy. The debate many protestors have been asking for was happening today and because of these actions it was abruptly ended. Everyone has the right to peacefully protest but what happened today was not peaceful or productive. Today's debate was about the rule of law and by harming police officers, being violent, and breaking into a Federal building, the rule of law was broken. I ask that the President reach out and ask the protestors to leave the Capitol building immediately.
