# Mike Pence Criticizes Former President Trump Over January 6 and Stolen Election Claims

Former Vice President Mike Pence criticizes former President Donald Trump for asking him to choose between him and the Constitution and his claims that the election was stolen and that he had the right to overturn it. Pence says the former president's comments that day were "reckless" and endangered his family. "President Trump was wrong then and he's wrong now...Anyone who puts themselves over the Constitution should never be president of the United States, and anyone who asks someone else to put them over the Constitution should never be president of the U.S. again," Pence says.
