ICE Arrests Illegal Alien Semi-Truck Driver who Killed 4, Injured Others in Indiana

Release Date: February 5, 2026

He entered the U.S. illegally using the disastrous CBP One app under the Biden administration and was issued a CDL by Governor Josh Shapiro's Pennsylvania

WASHINGTON — On Feb. 5, ICE arrested an illegal alien semi-truck driver issued a **commercial driver's license by Pennsylvania** who killed four innocent people on Feb. 3, when he swerved into oncoming traffic and struck a van in head-on collision.

Bekzhan Beishekeev, a 30-year-old national of Kyrgyzstan, illegally came to the United States using the Biden administration's disastrous **CBP One app** and was **released** into the United States. Even worse, Pennsylvania, under Democratic Governor Josh Shapiro's leadership, issued him a commercial driver's license.

On Feb. 3, at approximately 4 p.m., Beishekeev was traveling eastbound on Indiana's State Route 67 when he allegedly failed to brake for a slowed semi-truck in front of him. Police say he swerved into the westbound lane and slammed into a van carrying up to 15 passengers. **Four people were killed in the crash.** This fatal crash is being investigated by the Indiana State Police, the Jay County Sheriff's Department and the Jay County Coroner's Office.

ICE issued an immigration detainer against Beishekeev with the Jay County Jail on Feb. 4. And, because the state of Indiana cooperates with ICE, we were able to take him into custody on the morning of February 5. He will remain in ICE custody pending immigration proceedings.

*“Not only was Bekzhan Beishekeev released into our country by the Biden administration using the CBP One app, but he was also given a commercial driver’s license by Governor Shapiro’s Pennsylvania. These decisions have had deadly consequences and led to the death of four innocent people in Indiana on Tuesday,” said **Assistant Secretary Tricia McLaughlin**. “It is incredibly dangerous for illegal aliens, who often don’t know our traffic laws or even English, to be operating semi-trucks on America’s roads. These sanctuary governor’s must stop giving illegal aliens commercial driver’s licenses before another American gets killed.*
