

BIO: **Chris Mohr** is President and Chief Executive Officer of the Software & Information Industry Association (SIIA), the principal trade association representing the software, digital content, financial information, education technology, and media industries. As President, he leads the association's advocacy, member services, and strategic initiatives across its diverse divisions.

Before becoming President, Mr. Mohr served as SIIA's Senior Vice President for Intellectual Property and General Counsel, where he led the association's intellectual property policy and antipiracy programs. He has testified before the United States Congress and state legislatures on copyright, artificial intelligence, intellectual property, technology policy, and constitutional law issues. He has also participated in numerous appellate and Supreme Court matters involving intellectual property, privacy, and free speech, and has written and spoken extensively on these subjects.

Mr. Mohr appears before the Committee today on behalf of SIIA and its member companies.
