

The Select Committee on the

# Modernization of Congress

---

**Business Meeting - 5/23/19**

## **AGENDA**

Consideration of the following proposed recommendations:

- 1) Adopting one standardized format for drafting, viewing, and publishing legislation to improve transparency and efficiency throughout the lawmaking process.
- 2) Necessary resources for the timely completion and proper execution of ongoing efforts to allow for the real-time comparison of changes to legislation which provide the American public with a better understanding of proposed changes to law.
- 3) Updating the lobbying disclosure system.
- 4) Developing a centralized, electronic HUB that would list all federal agency and program reauthorization expiration dates, by committee.
- 5) Developing a centralized, electronic HUB of committee votes that would be accessible via House.gov and in machine readable format.
