

Andrew H. Kricun

Andrew Kricun is the Executive Director and Chief Engineer of the Camden County Municipal Utilities Authority (CCMUA), operators of an 80 million gallon per day wastewater treatment facility located in Camden, NJ. He has over 30 years of experience in wastewater and biosolids management. He graduated with honors from Princeton University with a degree in Chemical Engineering. Mr. Kricun also holds a professional engineer's license in Civil Engineering, and is a board certified member of the American Association of Environmental Engineers.

He serves on the Board of the National Association of Clean Water Agencies (NACWA) and is the Chair of its Utility of the Future and its Community Service committees. He also serves on the New Jersey Environmental Justice Advisory Council and Chairs its water equity taskforce.

He was the 2012 recipient of the *Praxis Award for Professional Ethics*, and has received three environmental quality awards from the United States Environmental Protection Agency (EPA). He received a NACWA President's Award in 2016, and the CCMUA received a NACWA Clean Water Utility of the Future Award in 2017 under his leadership.
