

Robert C. Ferrante
Chief Engineer and General Manager
Sanitation Districts of Los Angeles County

Robert Ferrante is the Chief Engineer and General Manager for the Sanitation Districts of Los Angeles County. He reports directly to the Boards of Directors of the Districts, comprised of the Mayors of the 78 cities located within its service area and the chair of the Board of Supervisors for unincorporated county territory. In his position, he oversees all the departments and activities of the Districts' operations. He has worked for the Districts for 28 years in various roles dealing with wastewater operations, solid waste management, renewable energy, and air quality. He is a Board Certified Environmental Engineer.
