

VINCE MESSEERLY:

Vince has served as the president of the Stream + Wetlands Foundation (S+W) since 2002, directing all aspects of the Foundation's operations, including project development, business management, credit sales, agency coordination, and the formation and management of partnerships with federal, state, and local entities. He has managed the successful completion of numerous wetland and stream mitigation projects across Ohio including the restoration, enhancement, and protection of nearly 5,000 acres of wetlands and nearly 250,000 feet of streams. Vince joined S+W in 1998 and previously worked as an engineering consultant and for the Natural Resources Conservation Service (NRCS). Mr. Messerly earned his Bachelor of Science in Civil Engineering in 1991 from Ohio University and is a registered professional engineer in Ohio.
