Noah Hanners is Executive Vice President of Sheet Products for Nucor Corporation.

Noah began his career with Nucor in 2011 at Nucor Steel South Carolina as a Melt Shop Engineer and was promoted to Shift Supervisor in 2012. Noah then transferred to Nucor Steel Auburn, Inc. in 2014 as their Melt Shop Manager. In 2017, he was promoted to General Manager of Independence Tube Corporation and was elected Vice President in 2019.

In August 2020, Noah became Vice President and General Manager of Nucor Steel Kankakee, Inc., and in February 2021 was named Vice President and General Manager of Nucor's wholly-owned scrap recycling subsidiary, The David J. Joseph Company. Noah became Executive Vice President of Raw Materials in January 2023 and was named to his current position effective May 12, 2024.

Prior to joining Nucor, Noah served as a major in the United States Army.

Noah is married to Emily and they have three sons, Elijah, Nolan and Samuel.
