

## Daniel Buckley

Dan Buckley is a seasoned senior-level civil construction executive with over 30 years of experience in heavy civil construction and the water/wastewater industry. A Washington, D.C. native, his career has been primarily based in the Mid-Atlantic region, focusing on projects in Washington, D.C., Maryland, and Virginia. Dan has extensive experience in Design-Build and has worked across various divisions within the utility construction industry.

Dan specializes in developing and implementing strategic plans that drive profitability, accelerate growth, expand brand presence, and foster employee loyalty. His expertise spans Design-Build, preconstruction, construction management, contract negotiation, estimating, project management, value engineering, budgeting, and business development.

A dedicated industry leader, Dan has served as Chairman of the National Utility Contractors Association (NUCA), President of the NUCA Washington, D.C. chapter, and Chairman of the Washington Building Congress. He is also actively involved with the Water Environment Association (WEA) and the American Water Works Association (AWWA).
