

Melvin S. Davis

Air Traffic Controller, Department of Transportation (DOT)/FAA

CPC National NextGen representative, National Air Traffic Controllers Association (NATCA)

Mr. Davis has 27 years of active, front line air traffic control experience. He holds certifications from both VFR and high density air carrier control towers, military ground controlled approach, high density MetroPlex terminal RADAR approach control and a traffic management unit. Along the way he has been involved with National Airspace Redesign and numerous National Airspace System modernization projects. On six different occasions he was elected by his peers as their NATCA facility representative. He is currently the NATCA national representative for NextGen ATC and environmental issues.
