

# **Todd L. McNamee, AAE, CAE**

## **Curriculum Vitae**

### **EDUCATION**

- MBA degree, Embry-Riddle Aeronautical University
- BS degree in Management of Technical Operations, Embry-Riddle Aeronautical University
- Commercial Pilot, SEL, MEL, Instrument

### **PROFESSIONAL EXPERIENCE**

**County of Ventura, Department of Airports  
Camarillo, CA**

**2005 to Current**

**Director of Airports** – Oversee the operation, maintenance, and development of the Camarillo and Oxnard airports. Staff of 32 FTEs with annual operating budget of \$7.2M and annual capital budget ranging from \$3M to \$9M. Formulate and direct the implementation of operational policies and standards to ensure that County airports are in compliance with local, state and federal requirements and regulations. Develop and implement long range plans for the airports including the master plan and capital improvement program. Oversee the development of the airports annual budget, projections, and manage the Airport Enterprise Fund. Develop strategies and make recommendations for noise abatement and land use compatibility programs. Direct an effective community relations program to promote airport activities. Make recommendations regarding new legislation and technical developments affecting airports and aviation.

#### **Complex Capital Improvement Projects have included:**

2006, Camarillo Airport – Transfer of proprietary well water system and connection to City water system with little direct cost to the County in exchange for permitting development of an outlet mall near the airport by modifying a restrictive airport easement. Project seen as a “win-win-win”.

2010, Oxnard Airport – Relocation of a displaced threshold to gain approximately 925 feet of landing distance to provide 5,500 feet of landing distance on a 6,000 foot runway, making the airport capable of accepting regional jet fleet mix in hope of providing more effective air service. The project was unanimously supported, including by the Cultural Heritage Board on behalf of the Oxnard Historic District which lies directly under the approach path of the airport runway.

2010, Camarillo Airport – Construction of full length parallel taxiway in location of future parallel runway. An immediate need existed to provide two way taxi capability for aircraft at the airport and to meet necessary wing tip clearance for the critical aircraft, but the location for the taxiway depicted on the Airport Master Plan was not viable due to a navigation aid lying in its path. Taxiway was constructed in location of future utility runway, in a manner that it can easily be converted to a runway when demand requires it.

**County of Ventura, Department of Airports  
Camarillo, CA**

**2001-2005**

**Deputy Director of Airports** - Under the direction of the Director of Airports, was responsible for the day to day operations and facilities management of two County airports (CMA and OXR); responsible for the security requirements at Part 139 and GA reliever airports; responsible for lease management for airline and terminal concessions, airport business park, and airside businesses; worked closely with airlines to ensure adequate counter space, optimal layout for the queuing of passenger screening, and arrival procedures to minimize noise impacts

**Unmanned Aircraft Systems (UAS) Support**

**1987 to 2001**

Worked for a variety of Research and Development, and Manufacturing companies supporting Department of Defense, (DOD), National Aeronautics and Space Administration (NASA), and commercial entities in the design, production, and operation of UAS. Familiar with all regulatory operating requirements for small UAS in the National Airspace System (NAS).

#### **ASSOCIATION LEADERSHIP AND PROFESSIONAL MEMBERSHIPS**

Active in several associations to ensure knowledge sharing on best management practices and coordination on legislative issues for the benefit of the two County airports. These include:

- 2016-17 Secretary/Treasurer of the American Association of Airport Executives
- Past President of the Southwest Chapter of the American Association of Airport Executives
- Board of Directors of the California Innovation Hub for Defense, Energy, and Aerospace
- Past Chair, SCAG's Aviation Technical Advisory Committee (ATAC)
- Airports Council International (ACI)
- California Airports Council (CAC)
- Board of Directors of the Camarillo Chamber of Commerce
- Oxnard Chamber of Commerce

#### **AWARDS**

2016 VCOE Community Partner of the Year  
2012 SWAAAE Airport Executive of the Year  
2009 SWAAAE Award of Distinction  
2004 SWAAAE President's Award
