

**Chris McLaughlin**  
**Executive Vice President**  
**Operations**  
**Dallas Fort Worth International Airport**

Chris McLaughlin serves as Executive Vice President of Operations at Dallas Fort Worth International Airport. Mr. McLaughlin joined the DFW staff in June 2021 and leads Operations, Public Safety, Environmental Affairs, Integrated Operations Center, and Airline Relations.

Mr. McLaughlin provides the vision, strategy, direction, and execution that drives business objectives regarding the physical operation of the Airport, including public safety, airside operations, sustainability, environmental compliance, integrated operations, airline relations, and cargo. He has more than 25 years of operational experience in both the public and private sector.

Prior to joining DFW Airport, Mr. McLaughlin was Executive Vice President and Chief Operating Officer at Denver International Airport where he was responsible for managing Airport Operations, Maintenance, Development, Sustainability, and Parking and Transportation and overseeing Denver Police, Fire and Health relationships with the airport.

Mr. McLaughlin earned a certification from the Center for Homeland Defense, attended the Security Executive Leaders Series at Naval Post Graduate School and holds a Bachelor of Arts from Connecticut College in both Economics and Spanish.
