

Algernon Stanley, P.E.

Bio

Algernon (Al) Stanley, a registered professional engineer, is Vice President for Project Management at Stanley Construction Company in Huntsville, AL. Managing the engineering, grading and pipe operations since 1997, Mr. Stanley has been instrumental in the advancement of the company into 21st century construction technology, especially with the use of GPS (Global Positioning System) machine control systems on heavy equipment and the use of specialized software for job estimating and job cost management. He also provides engineering design work for Stanley Construction clients. Al is proud to be in the second generation of management for this paving and excavating concern founded in 1961 by his father, Thornton Stanley, Sr.

Al is also active with his family farming operation-Diamond S Farms-in Cotaco, AL. The Stanley's produce beef cattle at their operation, and Al is active in the cattle management, hay and forage planting and production, and in the conservation areas at the farm which have been created to provide habitat for ducks and geese and natural growth passageways along creeks and streams for various types of wildlife. Mr. Stanley is also a Certified Master Cattle Producer through completion of the program offered by the Alabama Cooperative Extension Service.

His insight and business acumen are sought after in several state and local organizations. Al is a past statewide president of the Associated General Contractors of America Alabama Chapter (2009) where he has continued to serve as an Alabama State Board member since 1999. In 2010 he was appointed by Governor Bentley to serve on the Board for the Alabama State Port Authority in Mobile and is currently in his second term. In 2015, he was also appointed to serve on the Alabama Craft Training Board. Since 2013, Al has given input on the fast-growing economy of Huntsville on Mayor Tommy Battle's Planning and Development Advisory Council.

Mr. Stanley is a native of Huntsville, AL where he attended Westminster Christian Academy through the 8th grade and graduated from Huntsville High School. He received a Bachelor of Engineering degree from Auburn University, graduating summa cum laude in Civil Engineering. Fifteen months later, Al he graduated Summa Cum Laude from the University of Texas at Austin, with a Masters of Engineering Degree with a specialization in Construction Management. A staunch Auburn Tiger, he enjoys returning to campus for athletic events and opportunities to mentor the next generation.

In the Huntsville area Al is an active participant in his church, Progressive Union MB Church, where he serves as a Sunday School teacher for high school students. He also has served on the Huntsville Hospital Advocacy Board, the board of H.E.A.L.s-a non-profit organization that assists low income children with healthy living and learning, and taught classes in Construction Management in the Department of Civil Engineering at Alabama A&M University, where he is also on the Civil Engineering Department Advisory Board. Al enjoys sports and was an assistant coach on a very successful boys AAU basketball team from 2012-2015.

Al is a member of Kappa Alpha Psi Fraternity, Inc. and a graduate of the Leadership Huntsville *Connect* program. He is married to Camillia King-Stanley and is the proud father of two sons, Algernon Jr., a freshman at Auburn University, and Benjamin Alexander, a sophomore at Westminster Christian Academy, and a newborn daughter Collins Lynsley.
