Eric Gebhardt
Executive Vice President and Chief Technology Officer, Wabtec

Eric Gebhardt is the Executive Vice President and Chief Technology Officer for Wabtec. He is responsible for Wabtec's global technology and investment strategy, new product development, and a global engineering organization of approximately 5,000 innovators.

A respected technologist with more than 30 years of experience, Eric also has held several senior leadership positions at GE and the investment firm KCK-US. He built his career developing innovative technology solutions in power generation, battery storage, renewables, and distributed power.

Eric earned his Bachelor of Science degree in Aerospace Engineering from Georgia Institute of Technology, has received ten patents for his pioneering work across the energy sector, and is a member of the National Academy of Engineering.
