

***MOTION BY M. SCANLON TO MAKE IN ORDER AMDT 86 to
H.R. 1***

Mr. Chairman, I have an amendment to the rule. I move the Committee make in order my amendment # 86 to H.R. 1, that revises Section 10015, which restricts the Administration from creating regulations that would require stationary sources to assess their use of Hydrofluoric Acid (HF), to create an exception for stationary sources that have experienced an actual or threatened release of HF or that have been in violation of the Clean Air Act in the last 10 years.
