

***MOTION BY M. Leger Fernández TO SELF EXECUTE SECOND DEGREE AMENDMENT***

Madam Chairwoman, I have an amendment to the rule. I move the Committee add a self-executed second-degree amendment to the manager's amendment striking the insertion of a new section 44202, which would result in at least 300,000 people losing health care coverage and eliminate abortion coverage in Marketplace plans or prohibit cost sharing reductions for plans that maintain abortion coverage, resulting in plans throughout the country dropping coverage for abortion care.
