MICROLOAN PROGRAM

June 5, 2017

The Honorable Steve Chabot
Chairman
U.S. House Small Business Committee
2361 Rayburn House Office Building
Washington, D.C. 20515

The Honorable Nydia Velázquez
Ranking Member
U.S. House Small Business Committee
2361 Rayburn House Office Building
Washington, D.C. 20515

Dear Chairman Chabot and Ranking Member Velázquez:

We write in support of the Microloan Program Modernization Act (H.R. 2056). The bill was introduced by Representative Stephanie Murphy (D-FL-7) on April 6, 2017 and is cosponsored by a bipartisan group of House members, including Ranking Member Velazquez, Rep. Seth Moulton (D-MA-6), Rep. Don Bacon (R-NE-2), Rep Yvette Clarke (D-NY-9), Rep. Gregory Meeks (D-NY-5), Rep. Ron Kind (D-WI-3), and Rep. Andy Harris (R-MD-1).

This legislation includes updates to several requirements of the Small Business Administration (SBA) Microloan program and the Small Business Act (15 U.S.C. §636), designed to streamline the Microloan program and improve assistance to entrepreneurs, sole proprietorships and very small businesses. The improvements would simplify and remove unnecessarily burdensome regulations, including:

- Removing the 75/25 rule to allow more than 25 percent of technical assistance funding to be used to assist potential borrowers, which was also requested in the President's Fiscal Year 2018 budget; and
- Increasing the Microloan Intermediary limit from \$5 million to \$6 million.

The SBA Microloan Program was established in 1991 as a pilot program. The program makes loans to intermediary organizations that in turn provide financial and technical assistance to small businesses. The average loan size is \$13,000. Since its inception, the program has delivered more than \$722 million in loans to small businesses across America that have created or retained some 212,000 jobs. While lending to businesses with good ideas but limited credit, the loss rate in the microloan program is just 2.36 percent.

As you know, similar legislation was passed by the House in July 2015 (H.R. 2670). Additionally, Senator Deb Fischer (R-NE) introduced a companion bill (S. 526) in the Senate on March 2nd of this year.

The Friends of the SBA Microloan Program urges the Committee to pass the Microloan Program Modernization Act of 2017. The bill has a history of bipartisan support and we are confident that it will increase the effectiveness of the SBA Microloan program and allow Microlenders to help more small business entrepreneurs achieve business success and financial security.
