

### **Jay Lambke Bio**

Jay Lambke, President of Government Acquisitions in (GAI), brings over 30 years' experience leading various organizations specializing in the IT needs of the Federal government. As President, Mr. Lambke is responsible for leveraging his experience and relationships to position GAI to deliver leading edge technology solutions to the company's Civilian, DOD and Intelligence Community customers.

Prior to GAI, Mr. Lambke held president and key leadership positions in some of the leading companies in the federal technology business. His broad experience affords him a complete view of the business value chain having been on the manufacturing as well as wholesale distribution and the Value Added Reseller sides of the business.

Mr. Lambke also serves on numerous Fortune 1000 companies' industry advisory councils.
