

Lynn Ann Casey is the Chief Executive Officer of **Arc Aspicio LLC** and founded the company in 2004. As a consulting and solutions company, Arc Aspicio solves problems by applying capabilities in strategy, design, data, human capital, behavioral science, and technology. The company serves the Federal government as its primary client and focuses on homeland security and law enforcement. The company passionately pursues a vision to be the hub of creativity where people take action to change the world.

As a consultant, Ms. Casey has worked consistently as a strategist, innovator, and implementer for the Department of Homeland Security, its components, and its predecessor agencies since 1997. Ms. Casey has 30 years of professional experience in consulting and more than 20 service the Federal Government in a consulting and solutions capacity. An innovator and thought leader, Ms. Casey also has exceptional strategy and strategic management skills that help make initiatives work for clients on challenging projects.

Ms. Casey is an active frequent speaker at industry and government engagements on topics related to acquisition and procurement, homeland security, and consulting and innovation. She has participated and presented at multiple Department of Homeland Security Procurement Innovation Lab events and events such as Reverse Industry Days and Strategic Industry Conversations with Federal agencies. Ms. Casey frequently participates in radio and television interviews in her areas of expertise.

As a Director on the Board of Directors of the Professional Services Council (PSC), Ms. Casey is an active member of PSC's Civilian Agencies Council and the Chair of PSC's Homeland Security Task Force. Ms. Casey has received awards and recognition from Consulting Magazine, Women in Homeland Security, the Inv. 500, the Washington business journal. She actively supports the National Disaster Search Dog Foundation by raising awareness and fundraising. She previously served as the President-Elect and Vice President for Fundraising on the board of the Vasculitis Foundation.

Before founding Arc Aspicio, Ms. Casey held leadership positions with Accenture, where she led Accenture's efforts in designing and implementing complex solutions in border management with immigration and customs agencies in the U.S. and globally. She is the inventor of three process and technology patents related to the efficient and security flow of people and travelers across the borders.

Ms. Casey received her B.A. in English Writing and Literature and a Minor in Sociology from Fairfield University. She is an alumni of Harvard Business School's Owner / President Management program focused on entrepreneurial management and innovation. She has participated in executive education at the Massachusetts Institute of Technology in the Neuroscience of Leadership and Teaching the Case Method with the University of Virginia's Darden Business School.
