

Michael Dunbar Biography

Ryzhka International's President, Michael S. Dunbar, is a veteran of the U.S. Navy Nuclear Power Program and a VA-verified Service-Disabled Veteran. After his military service, Mr. Dunbar went on to spend a summer working on the solid rocket boosters for NASA's Space Shuttle. Following that summer, he attended the University of Utah. Afterward, he had a successful career as an executive in the biotech industry.

After years of working for others Mr. Dunbar decided that it was time to branch out on his own, and Ryzhka International is the result.
