

## Biography of Linda Lester

Linda Lester is the Vice President of K-Log, Inc, a family-owned small business selling office and educational furniture to public organizations. Her responsibilities are wide-ranging: managing day-to-day business operations, maintaining and updating the in-house enterprise management system, as well as implementing complex projects such as Federal and state contract awards, remote seller sales tax compliance nationwide, and the like. Before joining K-Log, Linda worked as an accounting software consultant helping small business clients implement business management software, the last 15 years as the CEO of Bal-Tech, Inc., the company she founded. Linda holds a degree in Business Administration and Management from the University of Illinois at Urbana-Champaign.
