

MEMORANDUM

TO: Committee on Science, Space, and Technology Members and Staff
FROM: Science, Space, and Technology Committee Staff
DATE: July 20, 2018
RE: Full Committee Markup

The Committee on Science, Space, and Technology will meet on Tuesday, July 24, 2018, at 2:00 p.m., in Room 2318 of the Rayburn House Office Building to consider the following:

- **H.R. ____, the “Improving Science in Chemical Assessments Act”**

H.R. ____, the “Improving Science in Chemical Assessments Act” will be introduced by Rep. Biggs prior to the markup. The legislation amends the Environmental Research, Development, and Demonstration Authorization Act to require that certain assessments with respect to toxicity of chemicals be carried out by the program offices of the Environmental Protection Agency.

Should you have amendments to these measures, please submit 50 copies to 2321 RHOB and email the attached form and an electronic version of the amendment to SST.Amendments@mail.house.gov no later than 2:00 p.m. on Monday, July 23, 2018.

For questions about this markup, please contact Tom Connally of the majority staff at 225-6371.
