

COMMITTEE ON

**SCIENCE, SPACE, AND TECHNOLOGY**

REPUBLICANS Frank Lucas, Ranking Member

## **Opening Statement of Ranking Member Frank Lucas**

Members' Day Full Committee Hearing

*September 29, 2021*

---

Thank you, Madam Chair. I look forward at the comments of our colleagues today. It's important that we hear from Members. They, like you and I, represent and reflect the interest and the focus of their constituents all across the country. What they report to us, what they observe, matters. And with that I yield back so we can listen our colleagues. Thank you, Madam Chair.
