

Ali Mostafavi

Short narrative biography

Ali Mostafavi is the Founder and CEO of Resilitix Intelligence (Resilitix AI) and a professor at Texas A&M University. His research combines artificial intelligence, geospatial analytics, and disaster science to understand risks, anticipate impacts, and strengthen community resilience. He bridges fundamental disaster AI research and operational applications through his academic and entrepreneurial work. Resilitix's technology, EmergenCITY AI, is a visual intelligence platform for disaster preparedness and situational awareness, developed with support from the National Science Foundation's Small Business Innovation Research program.
