Dr. Julia Stoyanovich is the Institute Associate Professor of Computer Science and Engineering, Associate Professor of Data Science, and Director of the Center for Responsible AI at New York University. Her academic research focuses on AI and data engineering systems, with particular emphasis on incorporating legal requirements and ethical norms into the design, development, and use of these technologies. Dr. Stoyanovich teaches responsible AI to students, industry professionals, government practitioners, and the broader public. Since 2017, she has been actively involved in AI governance and regulatory efforts both in the United States and internationally. She is a recipient of the Presidential Early Career Award for Scientists and Engineers (PECASE), awarded by nomination from the National Science Foundation, and is a Senior Member of the Association for Computing Machinery (ACM). She holds an M.S. and Ph.D. in Computer Science from Columbia University and a B.S. in Computer Science and in Mathematics & Statistics from the University of Massachusetts Amherst.
