

BIOGRAPHY

William B. Gail is co-founder and Chief Technology Officer of Global Weather Corporation, a provider of precision forecasts for weather-sensitive business sectors, and is the current Past-President of the American Meteorological Society. He was previously a Director in the Startup Business Group at Microsoft, Vice President of mapping products at Vexcel Corporation, and Director of Earth science programs at Ball Aerospace. Dr. Gail received his undergraduate degree in Physics and his PhD in Electrical Engineering from Stanford University, where his research focused on physics of the Earth's magnetosphere. During this period, he spent a year as cosmic ray field scientist at South Pole Station.

Dr. Gail is a Fellow of the American Meteorological Society and a lifetime Associate of the US National Academy of Science's research council. He is currently a member of their Board on Atmospheric Sciences and Climate, and has participated on many prior Academy committees, including the 2012 review of the National Weather Service and the 2007 Earth Sciences Decadal Survey. He is a member of the US Commerce Data Advisory Council and serves or has served on a variety of other editorial, corporate, and organizational boards. His book *Climate Conundrums: What the Climate Debate Reveals About Us* was published in 2014.
