

Short Narrative Biography

Paul C. “Chip” Knappenberger is the assistant director of the Center for the Study of Science at the Cato Institute, and coordinates the scientific and outreach activities for the Center. He has over 25 years of experience in climate research and public outreach, including 13 years with the Virginia State Climatology Office and 17 years as the Research Coordinator for New Hope Environmental Services, Inc. Chip has published numerous papers in the major atmospheric science journals on global warming, hurricanes, precipitation changes, weather and mortality, and Greenland ice melt, among many other areas.

He holds an M.S. and B.A. degrees in Environmental Sciences from the University of Virginia.
