September 10, 2024 Select Subcommittee on the Coronavirus Pandemic hearing:
titled “A Hearing with former New York Governor Andrew Cuomo.”

Questions from Rep. Mariannette Miller-Meeks, M.D.

1. Governor Cuomo, despite your clearly understanding the likelihood of Covid running through nursing homes like fire through dry grass, why did your Administration require facilities to accept elderly residents who still had active Covid-19 infections?
 - Was the New York Hospital Association involved in your decision-making process?
2. Do you acknowledge that your Administration purposely tried to deceive the public about infections and deaths that may have been impacted by your policies?
3. Knowing what you know now, would you propose and enforce different nursing home readmission policies if the Covid pandemic were to happen again?
