A BILL

To direct the Secretary of Veterans Affairs to carry out a pilot program on dog training therapy, and to amend title 38, United States Code, to authorize the Secretary of Veterans Affairs to provide service dogs to veterans with mental illnesses who do not have mobility impairments.

1 *Be it enacted by the Senate and House of Representa-*
 2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Puppies Assisting
3 Wounded Servicemembers for Veterans Therapy Act” or
4 the “PAWS for Veterans Therapy Act”.

5 **SEC. 2. FINDINGS.**

6 Congress makes the following findings:

7 (1) According to the analyses of veteran suicide
8 published by the Department of Veterans Affairs in
9 August 2016 and titled “Suicide Among Veterans
10 and Other Americans”, and in June 2018, titled
11 “VA National Suicide Date Report”—

12 (A) an average of 20 veterans died by sui-
13 cide each day in 2014;

14 (B) mental health disorders, including
15 major depression and other mood disorders,
16 have been associated with increased risk for sui-
17 cide;

18 (C) since 2001, the proportion of users of
19 the Veterans Health Administration with men-
20 tal health conditions or substance use disorders
21 has increased from approximately 27 percent in
22 2001 to more than 40 percent in 2014; and

23 (D) overall, suicide rates are highest
24 among patients with mental health and sub-
25 stance use disorder diagnoses who are in treat-
26 ment and lower among those who received a

1 mental health diagnosis but were not at risk
2 enough to require enhanced care from a mental
3 health provider.

4 (2) The Department of Veterans Affairs must
5 be more effective in its approach to reducing the
6 burden of veteran suicide connected to mental health
7 disorders, including post-traumatic stress disorder
8 (in this section referred to as “PTSD”), and new,
9 rigorous scientific research provides persuasive
10 weight to the growing anecdotal evidence that serv-
11 ice dogs ameliorate the symptoms associated with
12 PTSD, and in particular, help prevent veteran sui-
13 cide.

14 (3) Several organizations have proven track
15 records of training service dogs for veterans with se-
16 vere PTSD and dramatically improving those vet-
17 erans’ quality of life, ability to re-enter society, and,
18 most importantly, their chances of survival.

19 **SEC. 3. DEPARTMENT OF VETERANS AFFAIRS PILOT PRO-**
20 **GRAM ON DOG TRAINING THERAPY.**

21 (a) IN GENERAL.—Commencing not later than 120
22 days after the date of the enactment of the Act, the Sec-
23 retary of Veterans Affairs shall carry out a pilot program
24 under which the Secretary shall make grants to one or
25 more appropriate non-government entities for the purpose

1 of assessing the effectiveness of addressing post-deploy-
2 ment mental health and post-traumatic stress disorder (in
3 this section referred to as “PTSD”) symptoms through
4 a therapeutic medium of training service dogs for veterans
5 with disabilities.

18 PTSD; and

19 (B) is accredited by, or adheres to stand-
20 ards comparable to those of, an accrediting or-
21 ganization with demonstrated experience, na-
22 tional scope, and recognized leadership and ex-
23 pertise in the training of service dogs and edu-
24 cation in the use of service dogs;

1 (2) agree to cover all costs in excess of the
2 grant amount;

3 (3) agree to reaccept or replace the service dog
4 the organization provided to the veteran, if nec-
5 essary, as determined by the organization and the
6 veteran;

8 censed veterinarian for any dog participating in the
9 program;

10 (5) employ at least one person with clinical ex-
11 perience related to mental health;

16 retary, including service skills to address or alleviate
17 symptoms unique to veterans' needs;

19 training methodologies and practical hands-on train-
20 ing and grooming of service dogs;

21 (8) agree that in hiring service dog training in-
22 structors to carry out training under the pilot pro-
23 gram, the non-government entity will give a pref-
24 erence to veterans who have successfully graduated
25 from PTSD or other residential treatment program

1 and who have received adequate certification in serv-
2 ice dog training;

3 (9) agree not to use shock collars or prong col-
4 lars as training tools and to use positive reinforce-
5 ment training;

6 (10) agree that upon the conclusion of training
7 provided using the grant funds—

8 (A) the veteran who received the training
9 will keep the dog unless the veteran and the
10 veteran's health provider decide it is not in the
11 best interest of the veteran;

12 (B) if the veteran does not opt to own the
13 dog, the entity will be responsible for caring for
14 and appropriately placing the dog;

15 (C) the Department of Veterans Affairs
16 will have no additional responsibility to provide
17 for any benefits under this section; and

18 (D) the Department of Veterans Affairs
19 will have no liability with respect to the dog;

20 (11) provide follow-up support service for the
21 life of the dog, including a contact plan between the

23 out for and receive adequate help with the service
24 dog and the organization to communicate with the

1 veteran to ensure the service dog is being properly
2 cared for; and

10 tion, the Secretary shall—
