

CONGRESSMAN
ANDY BARR
6th District of Kentucky

- Thank you Chairman Benishek and Committee Members for allowing me the opportunity to present my legislation, H.R. 1603, the Military Sexual Assault Victims Empowerment Act also referred to as the Military SAVE Act.
- Two years ago, several veterans who were survivors of military sexual trauma but were not receiving the proper individual care they needed from the VA, visited my district office to share with me their powerful and heartfelt stories.
- I would like to introduce one of those individuals who helped inspire the creation of the Military SAVE Act – a courageous woman and survivor of military sexual assault, Ms. Susan Moseley.
- I would like to yield the balance of my time to Ms. Mosley.
