

**Will Morse, Vice President
AMN Healthcare, Inc.**

Mr. Morse possesses more than 30 years of healthcare industry leadership experience and extensive knowledge of both hospital operations and workforce management solutions. During his career, Mr. Morse has served as an executive within several large public and private healthcare organizations including Fortune companies like AMN Healthcare, Healthcare

Corporation of America (HCA) and LifeTrust America.

In 2021, he led the AMN Healthcare solicitation response efforts and solution design for the IDIQ contract for the Federal Emergency Management Agency (FEMA) Eastern Zone to support a nationwide COVID-19 vaccination mission, which required the ability to deploy at least 2,500 licensed medical professionals to various locations around the nation within 96 hours. This operation included medical personnel recruitment, vendor management technology, licensing and credentialing, predictive scheduling, travel/housing and transportation, and billing and reporting; with a medical personnel fill rate of 98.2%

In his current role as a corporate Vice President at AMN Healthcare, he consults with healthcare systems across the United States to architect innovative healthcare-centric workforce solutions and technology platforms. Mr. Morse provides expert guidance in translating a health system's talent needs and requirements into innovative, patient-centric, outcomes-focused, and cost-effective solutions. He leads the largest corporate design, optimization and implementation teams in the healthcare staffing and workforce management industry supporting multiple service and technology lines.

Mr. Morse has a passion for healthcare and helping healthcare systems position for growth, execute on strategy, and improve patient care delivery by effectively aligning workforce talent needs. Mr. Morse has engaged and designed some of the largest and most prestigious hospital/healthcare workforce management programs, such as Kaiser Permanente, Johns Hopkins, Stanford Health, New York Presbyterian, Tenet Health, BJC Health, Mercy Health, Amedysis Home Health, Aegis Therapies, Palomar/Palmerado, Children's Hospital of Los Angeles, and others.

Mr. Morse professionally speaks on healthcare and other industry labor trends and is an active member of trade organizations such as Staffing Industry Analyst (SIA) and Healthcare Finance Management Association (HFMA).
