

Department of Veterans Affairs

Senior Executive Biography

Patricia Murray, RN, MPA, CPHQ, FACHE

Chief Officer Veterans Health Administration

Chief Officer for the Office of the Disability and Medical Assessment (DMA) of the Veterans Health Administration (VHA). Provides clinical and administrative leadership in the direction, oversight, and management of initiatives, programs, projects, and other activities associated with VA's Compensation and Pension (C&P) and Disability Programs. Scope of responsibility includes Disability Benefits Questionnaires, policy, monitoring performance, training, staffing guidelines, consultative services, system redesign, and financial management. Addresses complex issues related to clarification of Veteran disability issues, ensures operating efficiencies, and access to VA healthcare services and benefits. Ensures the availability of disability exams for DoD personal. Coordinates closely with VHA leadership, VBA, DoD, VSOs, major Department level internal stakeholders, and external stakeholders related to VA's disability examination program.

Ms. Murray is a Lieutenant Colonel Air Force Reserve Flight Nurse and a Medical Service Corp Officer. She is a Fellow of American College Healthcare Executives (FACHE), certified professional Healthcare Quality (CPHQ), certified Mediator, and received a certification from Duke University Private Adjudication Center.
