

Nicholas Wood:

I am a homeless services professional with nearly twenty years of experience in the field. My career has been dedicated to providing services to our communities' most at-risk individuals through outreach, advocacy, and case management. For the past ten years, I have served our nation's veterans, assisting them with their housing plans through the Supportive Services for Veteran Families (SSVF) grant with Nation's Finest. Recently, I have become increasingly interested in leveraging data to enhance our services and ensure housing for all veterans. I hold a BS in Criminal Justice and an MPS in Applied Intelligence.
