

CURRICULUM VITAE

PERSONAL

Clinton L. Lindo Greenstone, M.D.

Clinical Assistant Professor of Medicine
University of Michigan Medical School (retired)

Chief Medical Officer, Signature Performance, Inc

EDUCATION

9/1968-6/1978	Grammar and High School Diplomas, University of Chicago Laboratories Schools
8/1978-5/1982	B. S. Chemistry, Washington University, St. Louis, MO
8/1982-5/1986	M.D., Yale University, New Haven CT

POSTGRADUATE TRAINING

6/1986-6/1989	Resident, Internal Medicine, University of California, San Francisco, CA
7/1989-6/1990	Chief Resident, Internal Medicine, University of California, San Francisco, CA

CERTIFICATION AND LICENSURE

Certification

1987	Diplomat, National Board of Medical Examiners, #327028
1990	Diplomat, American Board of Internal Medicine, #126970
2007	Completed Lean Healthcare Certificate Program University of Michigan School of Engineering

Active DEA Registration

3/1990 BL1465889

Active Licensure

7/28/1994 State of Michigan, 4301064535

ACADEMIC APPOINTMENTS

7/1990-6/1991	Instructor of Clinical Medicine, University Chicago, Chicago, IL
7/1991-6/1994	Assistant Professor of Clinical Medicine, University Chicago, Chicago IL
11/1995-9/2004	Adjunct Clinical Assistant Professor of Medicine, University of Michigan, Ann Arbor, MI
4/2006-2022	Clinical Assistant Professor of Medicine, University of Michigan, Ann Arbor, MI

ADMINISTRATIVE APPOINTMENTS

7/1994-3/1999	Director of Medical Student Education Programs, Medical Education, Oakwood HealthCare System, Dearborn, MI
7/1994-6/1997	Assistant Director of Internal Medicine Residency Program, Medical Education, Oakwood HealthCare System, Dearborn, MI
7/1997-3/1999	Associate Director of Internal Medicine Residency Program, Medical Education, Oakwood HealthCare System, Dearborn, MI
4/2006-1/2017	Associate Chief of Staff for Ambulatory Care Ann Arbor VA Healthcare System, Ann Arbor, MI
5/2008- 9/2008	Acting Chief of Staff Ann Arbor VA Healthcare System, Ann Arbor, MI
1/2017-8/4/2020	Deputy Executive Director, Clinical Integration VHA Office of Community Care
5/2020–8/31/2020	Acting Executive Director, Clinical Network Management VHA Office of Community Care

8/4/2020-7/1/2022	Executive Director, Clinical Integration and Field Operations VHA Office of Community Care
8/31/2020-4/26/2021	Senior Advisor to the Acting Assistant Under Secretary for Health for Community Care (OCC)
7/11/2022-Present	Chief Medical Officer, Signature Performance, Inc.

CLINICAL APPOINTMENTS

7/1994-7/2004	Staff physician, Oakwood HealthCare System, Dearborn, MI
3/1999- 8/2004	Medical Director, Complementary and Alternative Medicine Center, Oakwood HealthCare System, Westland, MI
9/2004-4/2006	Medical Director, Rippe Health Assessment Florida Hospital Celebration Health, Celebration, FL.
2006-8/1/2024	Staff Physician, VA Ann Arbor Healthcare System Ann Arbor, MI

HONORS AND AWARDS

1978 - 1982	Yearly Black Scholar Award for Outstanding Academic Achievement, Washington University, St. Louis, Missouri
1982	Ralph J. Bunce Award for Academic Excellence in a Major Field of Study (Chemistry), Washington University, St. Louis, Missouri
1985	The National Medical Fellowships Commonwealth Fund Fellowship
1993	Selected by University of Chicago Pritzker School of Medicine Class of 1996 to give "White Coat Ceremony" welcoming address to the in-coming class of 1997
1992 & 1994	Outstanding teacher award given by senior medical residents, University of Chicago, Chicago, Illinois
1995	Oakwood Hospital Internal Medicine Residency Mohan Lall, M.D. Faculty Teacher of the Year Award
1996	University of Michigan, Department of Internal Medicine Special Recognition Award for Medical Student Teaching

2008	Public Service Recognition Award for exemplary service to the Department of Veterans Affairs, VA Ann Arbor Healthcare System, Ann Arbor, MI
2009	Under Secretary of Health Advancement of Pharmacy Services Award. Department of Veterans Affairs, Washington D.C.
2010	VA Ann Arbor Healthcare System's "Spirit of Planetree" Award recipient. VA Ann Arbor Healthcare System, Ann Arbor, MI
2018	FedHealthIT 100 Award which honors individuals driving change and advancement in the Federal Health Information Technology market. Department of Veterans Affairs, Washington D.C.
2020	I Care Certificate of Commitment in recognition of exhibition of the Core Value of Commitment working diligently to serve Veterans and other beneficiaries, driven by an earnest belief in VA's mission. Assistant Under Secretary for Health for Community Care, Department of Veterans Affairs, Washington D.C.
2021	Washington Exec Pinnacle Award: Healthcare Executive of the Year for the Federal Government
2022	Distinguished Career Award, Department of Veterans Affairs, Washington D.C.

MEMBERSHIP IN PROFESSIONAL SOCIETIES

1990 - Present	American College of Physicians
1994 – 2000	National Medical Association
1994 - 2002	Society of General Internal Medicine
2004-2008	American College of Lifestyle Medicine
2004-2008	American College of Sports Medicine

EDITORIAL POSITIONS, BOARD AND PEER-REVIEW SERVICE

2007-2010	Editorial Board Member, American Journal of Lifestyle Medicine Contributing author for the "Clinician's Corner" Column
-----------	---

TEACHING ACTIVITIES

1990 - 1994	University of Chicago Full-time Faculty, Pritzker School of Medicine
1990 - 1994	Attending Physician, MS III, Internal Medicine Clerkship Preceptor, 3 months/year, University of Chicago
1990 - 1994	Discussant at Residents' Morning Report, one day/month, University of Chicago
1990 - 1994	Attending Physician, General Medicine In-Patient Service, 1-2 months/year, University of Chicago
1990 - 1994	Out-Patient Attending Physician for Medical Students and Residents, 350-450 hours/year, University of Chicago
1991 - 1994	Fourth Year Medical Student Course, "Topics in HIV ", Lecturer and Small Group Discussion Leader, University of Chicago
1992 - 1994	Co-Director of Medical Student I Medical Ethics Course: "The Doctor-Patient Relationship", University of Chicago
1994	Co-writer of "Taking the Sexual History" video for Student II's Physical Diagnosis Course, University Chicago
1994 - 1999	Attending Physician, General Medicine In-Patient Service, 3-4 months/year, Oakwood Hospital and Medical Center
1999 - 2000	Attending Physician, General Medicine In-Patient Service, 1month/year, Oakwood Hospital and Medical Center
1994 - 1999	Out-Patient Attending Physician for Medical Students and Residents, 700-800 hours/year, Oakwood Hospital and Medical Center
1999 - 2004	Out-Patient Attending Physician for Medical Students and Residents, 600 hours/year, Oakwood Hospital and Medical Center/Oakwood CAM Center
1999-2004	Created and updated handouts and syllabus for the M3, M4 Resident rotation in Complementary and Alternative Medicine, Oakwood Hospital and Medical Center/Oakwood CAM Center
2006-2017	Small Group Leader for the Family Centered Experience course for 1 st and 2 nd year Medical Students, 200 hrs/year, University of Michigan Medical School

2006-2016	Out-Patient Attending Physician for Medical Students and Residents, 200 hours/year, University of Michigan Health System
2007-2015	Faculty Internal Medicine Residency Program Patient Safety Initiative, Team Leader, 240 hours/year, University of Michigan Health System
2008	Quarterly Morning Report Faculty for the Internal Medicine Residency Program, University of Michigan Health System
2008-2017	Inpatient Attending Physician for Medical Students and Residents, 200 hours per year. University of Michigan Health System

LECTURES AND ORAL PRESENTATIONS

1. Lindo, CL October 1990. Outpatient Management of HIV Infection. Ambulatory Medicine Conference Series, University of Chicago.
2. Lindo, CL February 1991. Seminar on HIV Related Illness, University of Chicago; General Internal Medicine Section Faculty Development Seminar Series.
3. Lindo, CL March 1991. Seminar on HIV Related Illness, Part 2. University of Chicago; General Internal Medicine Section Faculty Development Seminar Series.
4. Lindo, CL An Update on Syphilis, Ambulatory Medicine Conference Series, May 1992. University of Chicago.
5. Lindo, CL June 1993. Outpatient Management of HIV Infection, Ambulatory Medicine Conference Series, University of Chicago.
6. Lindo, CL August 1993. An Update on Anti-Viral Therapy for HIV. Medical Grand Rounds, University of Chicago.
7. Lindo, CL November 1993. Outpatient Evaluation and Management of Sarcoidosis Care Conference Series, University of Chicago.
8. Lindo, CL June 1994. Update on Ambulatory Care of HIV Infected Patients. Ambulatory Care Conference Series, University of Chicago.
9. Lindo, CL Kiel, R December 1994. Primary Care of the HIV Infected patient. World AIDS Day Conference, Oakwood Hospital and Medical Center.
10. Lindo, CL March 1995. Medical Evaluation of the Dizzy Patient. Dizziness: Evaluation and Treatment for Primary Care Physicians Conference, Oakwood Hospital and Medical Center.

11. Lindo, CL June 1996. Alternative Medicine: Current Concepts and Role in Primary Care, Blue Cross-Blue Shield of Michigan Primary Care Conference.
12. Lindo, CL April 1997. Complementary and Alternative Medicine, Third-Year Medical Students, University of Michigan, Ann Arbor, MI.
13. Lindo, CL July 1997. Ambulatory Management of Diabetes Mellitus, Ambulatory Medicine Conference Series, Oakwood Hospital & Medical Center-Dearborn, Dearborn, MI.
14. Lindo, CL July 1997. Ambulatory Management of HTN, Ambulatory Medicine Conference Series, Oakwood Hospital & Medical Center-Dearborn, Dearborn, MI.
15. Lindo, CL December 1997. Complementary and Alternative Medicine, First-Year Medical Students, University of Michigan, Ann Arbor, MI.
16. Lindo, CL January 1998. Turning Points Series-Complementary and Alternative Medicine and the Healing Power of Touch, Oakwood Hospital & Medical Center-Dearborn, Dearborn, MI.
17. Lindo, CL March 1998. Complementary and Alternative Medicine, Third-Year Medical Students, University of Michigan, Ann Arbor, MI.
18. Greenstone, CL October 1998. The Future of Medicine: Role of Complementary and Alternative Medicine. Cancer Center Grand Rounds, University of Michigan, Ann Arbor, MI.
19. Greenstone, CL January 1999. Turning Points Series – Complementary and Alternative Medicine Approach to Arthritis, Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI.
20. Greenstone, CL March 2000. Diagnostic Dilemmas. Department of Medicine Noon Conference, University of Michigan, Ann Arbor, MI.
21. Greenstone, CL October 2001. Complementary Cancer Care. “Ingredients for Healing” Conference, Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI.
22. Greenstone, CL February 2002. A Holistic approach to Menopause, Turning Points Series Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI
23. Greenstone, CL June 2002. Osteoarthritis: A Holistic approach, Internal Medicine noon conference, Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI.
24. Greenstone, CL July 2002. Complementary Medicine and Women’s Health, OB/GYN noon conference, Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI.
25. Greenstone, CL September 2002, Healing Cancer-Mind, Body and Spirit, Grosse Isle Country Club, Oakwood South Shore Hospital. Trenton, MI.
26. Greenstone, CL October 2002, A Holistic approach to Women’s Cardiovascular Health, Oakwood Hospital & Medical Center – Dearborn, Dearborn, MI

27. Greenstone, CL March 2003, Complementary Medicine & Cancer, American College of Radiation Oncologist Annual meeting, Phoenix, AZ
28. Greenstone, CL November 2003, CAM and Cancer: An Update, Medical Grand Rounds. Oakwood Hospital and Medical Center-Dearborn, Dearborn, MI
29. Greenstone, CL November 2003, CAM/Integrative Medicine: The Role of the Physician. Noon Conference-Students for Holistic Medicine. University of Michigan Medical School. Ann Arbor, MI
30. Greenstone, CL January 2004, Integrative Medicine and The Future of Healthcare. Health Trends Conference, Greater Detroit Area Health Council. Detroit, MI.
31. Greenstone, CL February 2004, Heart Disease and Menopause, Women's Heart Advantage:
Oakwood Hospital and Medical Center-Dearborn, Dearborn, MI
32. Greenstone, CL April 2004, The Role of Complementary Medicine in the Future of Cancer Care. The Charlotte Johnson Barrett Lecture at The Baylor Sammons Cancer Center, Baylor University Medical Center. Dallas, Texas
33. Greenstone, CL July 2004, Lifestyle Medicine: The Primary Care of the Future? Internal Medicine Noon Conference Oakwood Hospital and Medical Center-Dearborn, Dearborn, Michigan
34. Greenstone, CL October 2011, The VA's Patient Centered Medical Home: Patient Aligned Care Teams (PACT). Leaning toward the future conference of the Michigan Association for Healthcare Quality, Lansing, Michigan
35. Greenstone, CL November 2014. Lessons from VA's Implementation of the Patient Centered Medical Home, University of Michigan, Department of Medicine Art of Primary Care Workshop, Ann Arbor, Michigan
36. Greenstone, CL July 2017. Preparing for the new Veteran Community Care Program: Research Implications, HSR&D/QUERI National Meeting, Crystal City, Virginia
37. Greenstone, CL May 2019. MISSION Act Eligibility Criteria: A case-based approach, VHA Office of Community Care, Spring Forward Conference, Orlando, Florida

COMMITTEE, ORGANIZATIONAL AND VOLUNTEER SERVICES

- | | |
|-----------|--|
| 1989 | Internship Selection Committee, University of California
San Francisco, California |
| 1990-1991 | Affirmative Action Committee, University of Chicago
Medical Center, Chicago, Illinois |

1991 - 1993	Admissions Committee, Pritzker School of Medicine, University of Chicago, Chicago, Illinois
1992 - 1994	Resident Evaluation Committee, University of Chicago Medical Center, Chicago, Illinois
1994 – 1999	Resident Evaluation Committee, Oakwood Hospital and Medical Center, Dearborn, Michigan
1994 – 1996	Transitional Residency Coordinating Committee, Oakwood Hospital and Medical Center, Dearborn, Michigan
1995 – 1996	Continuing Quality Improvement Committee for Oakwood Ambulatory Care Center, Dearborn
1995 – 1996	Total Physician Compensation Steering Committee, Oakwood Hospital and Medical Center Dearborn, Michigan
1997 & 1998	General Medicine, Section Coordinator for OHEP Board Review Course, Troy, MI
1998 – 1999	Medical Education Compensation Committee, Oakwood Healthcare System, Dearborn
1999	Quality Assurance Committee, Department of Medicine, Oakwood Hospital and Medical Center, Dearborn
2003-2004	Women’s Health Coordinating Committee Oakwood Hospital and Medical Center, Dearborn
2003-2004	Oakwood’s Cancer Center Steering Committee Oakwood Hospital and Medical Center, Dearborn
2006- 2010	Co-Chairman, Systems Redesign Steering Committee VA Ann Arbor Healthcare System, Ann Arbor
2006-2016	Resource Council VA Ann Arbor Healthcare System, Ann Arbor
2006-2016	Executive Quality Leadership Board VA Ann Arbor Healthcare System, Ann Arbor
2006-2017	Clinical Executive Board VA Ann Arbor Healthcare System, Ann Arbor
2007-2016	Co-Chairman, Compliance Committee

	VA Ann Arbor Healthcare System, Ann Arbor
2007	Co-Chairman, VISN 11 Complementary & Alternative Medicine Think Tank Committee VA Ann Arbor Healthcare System, Ann Arbor
2007-2009	Process Improvement Committee VA Ann Arbor Healthcare System, Ann Arbor
5/2008-9/2008	Chairman, Clinical Executive Board VA Ann Arbor Healthcare System, Ann Arbor, MI
2009-2014	Chairman, Pain Committee VA Ann Arbor Healthcare System, Ann Arbor Michigan
2010-2016	Chairman, Ambulatory Care Utilization Committee VA Ann Arbor Healthcare System, Ann Arbor Michigan
2017-2019	Member, VHA Health Systems Board VHA, Washington, D.C

CONSULTING POSITIONS

2006-2008	Occasional Consultant for the Human Performance Institute, Orlando, Florida
-----------	--

MAJOR ADMINISTRATIVE ACCOMPLISHMENTS

2016 through 2019 Developed and deployed the Community Care Operating Model based on 5 major principles: clear roles and responsibilities, consistent processes, active partnerships, standardized care coordination, and responsive customer service. This model transformed the way in which 170 VA Medical Centers identified eligible Veterans for community care, offered that care, ordered and authorized the care, coordinated the care and completed the episode of care all the way through the administrative claims payment.

2017 to 2022 Led the national identification and rollout of the Referral Document (RefDoc) tool that was locally developed at the Atlanta VA. The tool helped all 170 local community care offices compile medical documentation in a standardized way to send to outside saving the staff hours per day.

2017 to 2022 Led the development of the Community Care components of the Consult Toolbox (CTB), its national deployment and roll out of the subsequent versions. CTB is an information technology tool within the VA's existing health record that places standard text and codes on consults allowing for local workflow management and allows VA to track the timeliness of care delivery nationwide.

2018 Designed the configuration of VA's national referral and authorization system; HealthShare Referral Manager (HSRM), to meet all of the multiple business needs of the community care program while also developing the rollout plan commensurate with the 5 regional deployments of the Community Care Clinical Network (CCN) contract. The CCN contract provides access to clinical services

throughout the country which includes approximately 1 million community providers that Veterans have access to when care is needed and authorized.

2017 Designed the method that allows VA's Office of Community Care to identify a clinical request for care (a consult) to be provided in the community under the Veteran Community Care Program (VCCP) and track that request through the eligibility, referral and authorization and claims payment processes by developing a unique ID number that is used and tracked in multiple Information Technology (IT) systems. VA is now able to determine the exact cost of every request for care and its entire episode when provided within the VA Community Care Program. This allows for more accurate budgeting and planning.

2017 – 2019 Designed and developed the new Community Care Program under the MISSION Act of 2018 which includes over 15 specific work flows regarding eligibility for community care determinations, the creation of specific consult requests for care, referrals and authorizations, the creation of the database for Standardized Episodes of Care (SEOCs) that define the exact care and their respective CPT/HPCPS codes that are authorized, the identification of specific providers within the VA's community network and how that information gets passed on to the key stakeholders. These stakeholders include the providers in the community, third-party administrators with whom VA has contracts, our reimbursement systems, and our claims processing systems. This work has enabled over 3 million Veterans to be referred to the community for care.

2018-2019 Designed, developed, and deployed the Decision Support Tool (DST); an IT tool used by VA providers and staff to systematically and consistently determine MISSION Act eligibility (there are six different criteria) for community care. This allows staff to visualize and document community care eligibility of veterans, their choice to opt in or out of the community care program and report the outcomes to VHA leadership and Congress. The MISSION Act went live on June 6, 2019 and the DST was used greater than 60,000 times on day 1.

2018-2020 Supported the October 2020 go live of VA's Initial Operating Capability (IOC) of the Cerner Millennium Electronic Health Record (EHR) platform by designing the work flows, processes, system connections as well as the reporting and metrics needed for the community care program to be executed using the new platform. This new EHR is designed to create efficiencies for staff and enhance interoperability with external stakeholders notably the Department of Defense (DoD). Ongoing work is being performed to enhance the capabilities of the Cerner Platform to support the dynamic nature of the community care program.

2019-2021 Designed and led the national deployment of VA Online Scheduling (VAOS) for community care allowing community care eligible veterans (the system automatically checks community care eligibility in the background) to request 5 simple services including initial primary care visit, routine optometry, routine audiology, nutrition and podiatry. VAOS allows Veterans to identify their preferred provider in the community care network triggering the local VA medical centers to immediately make appointments with those community providers informing the veterans of those appointments through online communication. Conceived of in 2018 and fully deployed in all VA Medical Centers (VAMCs) by April 2021. VAOS is modernizing and streamlining the empowerment of veterans scheduling community care appointments.

2020 Designed, developed, and deployed a methodology for identifying, capturing, and writing into the VA electronic medical record when veterans receive vaccines in the community. The capturing administration of vaccine encounters (CAVE) project focused the initial capability on flu vaccination in preparation for the inevitable development and deployment of COVID-19 vaccines. Conceived of in June 2020 and deployed in September 2020, within the first two months over 130,000 flu vaccines administered in the community were identified and posted to the electronic medical record. This new capability gives VA providers a more comprehensive view of a Veteran's medical history inside the VA and in the community.

2020 Designed, developed, and deployed the Community Care Clinical Coordination Contact Center (C6) which was designed to be a learning laboratory run by VA Central Office of Community Care provides direct care coordination services for a population of veterans who are MISSION Act eligible to receive all of their care in the community and are receiving primary care in the community. This initiative supported the first VA site to use Cerner Millennium in Spokane, Washington by reducing their workload while learning a new EHR. C6 is helping to mitigate productivity challenges there while enhancing care coordination efficiencies. C6 now manages approximately 67 percent of Spokane's C6 eligible veterans or 2000 Veterans and is planned to care for approximately 35,000 veterans nationwide over the next 2 fiscal years

2021 to 2022 Designed and initiated a project that automates the requesting of prior authorization approvals by community providers caring for Veterans through the Veteran Community Care Program. Providers will log into a VA portal, provide the key information including medical documentation of need while the system automatically checks prior authorization criteria and if approved, immediately delivers the provider an authorization number. That number will be used to bill VA Third Party Administrator (TPA) partners who pay the providers by contract and then bill VA. With the approved number available, VA will contact the Veteran's outside insurers and request prior authorization from them as VA will have already approved it from a VA perspective. This will allow VA to bill the outside insurance companies for those services VA and the Veteran's insurer approved and collect nearly 25 million dollars currently being uncollected. This additional revenue will support the local budgets of VAMCs to improve local care of Veterans.

8. Linda Zukley, Joshua Lowndes, Richard Carpenter, Jeff Peel, Justin Fiutem, Stephen Sivo, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Association Between C-Reactive Protein and Cardiorespiratory Fitness in Overweight and Obese Women is Independent of Adiposity. (Circulation Vol.111, No. 14 2005.)

9. Joshua Lowndes, Linda Zukley, Brian LaBaron, Michelle Paul, Paul Lopez, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. The Effects of a Commercial Energy-Restricted Diet on Glucose Tolerance and Insulin Sensitivity using the Homeostatic Model Assessment. Submitted January 15, 2005.

10. Linda Zukley, Joshua Lowndes, Renee Melton, Von Nguyen, Rita Emerson, Brian LaBaron, Michelle Paul, Paul Lopez, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Metabolic, Inflammatory and cardiovascular benefits following moderate weight loss using a commercially available weight loss program. Submitted January 15, 2005.
11. Angelopoulos T, Lowndes J, Dube T, Yount B, Zuckley L, Nguyen V, Fiutem J, Melton R, Melanson K, Greenstone C, Rippe, J. The Effect of Two diets of Higher Carbohydrate with Different Fiber Content and Exercise on Triacylglycerol High Density Lipoprotein during Weight Loss in Women: A Randomized Clinical Trial. *Circulation*, Vol. 111, No. 4, 2005
12. Joshua Lowndes, Linda Zukley, Renee Melton, Von Nguyen, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Plasma Fibrinogen Levels are Associated with Obesity and Other Markers of Inflammation. (Submitted, Annual Meeting, FASEB, 2005.)
13. Lowndes J, Zuckley L, Melanson K, Dube T, Yount, Nguyen V, Fiutem J, Sivo S, Melton R, Greenstone C, Angelopoulos T, Rippe, J. The Impact of Calorie restriction and Exercise on Various Components of the Metabolic Syndrome in Women. (*Circulation* Vol.111, No. 4, 2005.)
14. Melton R, Lowndes J, Peel J, Melanson K, Nguyen V, Emerson, Zuckley L, Greenstone C, Angelopoulos T, Rippe, J. Dietary Calcium may affect Adiposity in Overweight and Obese Individuals. (*Circulation* Vol.111, No. 14, 2005.)
15. Linda Zukley, Joshua Lowndes, Renee Melton, Von Nguyen, Rita Emerson, Brian LaBaron, Michelle Paul, Paul Lopez, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Changes in Cardiovascular Risk Markers Including LDL Particle size from a Comprehensive Weight-loss Program. *Obesity Research*, Vol. 13, 2005
16. Michelle Paul, Paul Lopez, Joshua Lowndes, Linda Zukley, Renee Melton, Von Nguyen, Rita Emerson, Brian LaBaron, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Changes in Adiposity Following a Comprehensive Weight-Loss Program. *Obesity Research*, Vol. 13, 2005.
17. Joshua Lowndes, Linda Zukley, Justin Fiutem, Renee Melton, Von Nguyen, Rita Emerson, Brian LaBaron, Michelle Paul, Paul Lopez, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. Cardiovascular Fitness with a Comprehensive Weight-Loss Program versus Exercise alone: A Randomized Intervention. *Obesity Research*, Vol. 13, 2005.
18. Paul Lopez, Joshua Lowndes, Linda Zukley, Renee Melton, Von Nguyen, Rita Emerson, Brian LaBaron, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. A Comprehensive Weight-Loss Program versus

- Exercise Alone: The Effects on Metabolic Syndrome Risk Factors During a Randomized Intervention. Obesity Research, Vol. 13, 2005.
19. Joshua Lowndes, Linda Zukley, Brian LaBaron, Michelle Paul, Paul Lopez, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. A Comprehensive Weight-Loss Program versus Exercise Alone: The Effects on Glucose Tolerance, Insulin Sensitivity and LDL Particle Size during a Randomized Intervention. (Submitted, Annual Meeting, AHA, 2005.)
20. Joshua Lowndes, Linda Zukley, Brian LaBaron, Michelle Paul, Paul Lopez, Paul Brent, Richard Carpenter, Clinton L Greenstone, Theodore J Angelopoulos, James M Rippe. A Comprehensive Weight-Loss Program versus Exercise Alone: The Impact on Waist Circumference and Triglycerides during a Randomized Intervention. (Submitted, Annual Meeting, AHA, 2005.)
