Changes in Deficits	0	0	9	-16	-18	-20	-22	-25	-27	-30	-33	-45	-181

Components may not sum to totals because of rounding.

Civil monetary penalties are classified as revenues. Under the legislation, the Secretary of Health and Human Services can spend those revenues without further appropriation action.

(a) Medicare provisions include interactions with Medicare Part A premiums.

(b) Includes the effects of providing funding to CMS for the purposes of carrying out surveys of hospice providers.

(c) Proposal would affect both direct spending and revenues, which are shown separately.
