

Chloe Burke

Chloe Burke is a 25-year-old Houston native & open-heart surgery survivor. She is here on behalf of the American Heart Association. Chloe is the 2023 American Heart Association's (AHA) Woman of Impact, Advocate & Volunteer of the year. She is currently Miss Space City 2024, in the Miss America Organization, that aims to raise awareness for the importance of heart health, and the role it plays in all of our lives.

Chloe has extensive experience as a patient in emergency rooms through her journey of experiencing multiple heart related issues as doctors searched relentlessly for answers to find her rare heart diagnosis. She has lobbied to the state House & Senate for CPR/AED training funding for all public schools, and also has a children's book, *Keys To Your H.E.A.R.T.*, in Barnes & Noble, the first children's book on the market to teach kids the importance of heart health!
