

Sharon Simmons **Delivery Driver, DoorDash**

Biography

Sharon is a full-time Dasher with nearly 12,000 deliveries based in Boulder City, Nevada, originally from Missouri. Boulder City is about 20 minutes away from Las Vegas. Since beginning her Dashing journey in 2022, she's maintained a consistent schedule—currently delivering five days a week, typically from 8 AM to 3 PM, logging 30 to 40 hours weekly. DoorDash serves as her main source of income, supplemented occasionally by her Walmart Spark account and her husband's earnings.

Outside of work, Sharon and her husband are active in their church community and love spending time outdoors, especially in the mountains near water. Much of her income goes toward savings and minor expenses, while her husband covers most household bills—though in 2024, he reduced his work due to undergoing cancer treatment. As of July 2025, he has completed chemotherapy. During that time, Sharon's delivery work was crucial in helping sustain their household.

Sharon finds deep satisfaction in delivering from local food banks and values the personal connections she forms with customers. The flexibility of Dashing has been especially meaningful, allowing her to prioritize family, take her husband to medical appointments, and visit her grown children and ten grandchildren (with an eleventh on the way) back in Missouri—where she sometimes continues dashing during her stay.
