

Rebecca Gould

Rebecca Gould is the President and Chief Financial Officer for Schuyler Hospital in Montour Falls, New York. Schuyler Hospital is a 25-bed critical access hospital, with a 120-bed skilled nursing facility attached. Schuyler Hospital has played a role in Rebecca's life since she was born there in 1978, worked summer jobs at the hospital when she attended Watkins Glen High School, and started her career there as a data entry clerk in 2000. Over the past few months, the COVID-19 pandemic has presented severe challenges, particularly to their nursing facility. Operating both a critical access hospital and a skilled nursing facility gives Schuyler's staff a unique perspective on the challenges of caring for patients across multiple care settings.
