

Dr. Chris Kean, M.D. [Keen]
TSAOG Orthopedic Clinic

Chris has been with TSAOG Orthopaedics & Spine for 23 years and was instrumental in the expansion and development of the group's physician growth, ancillary services and facility infrastructure throughout the city. The Group fully owns and operates two Ambulatory Surgical Centers (16 operating rooms) that were named one of the top 200 surgery centers in the country for quality and patient outcomes by US News and World Report on May 14, 2024. Because of its extensive surgical management capabilities, they also contract with the largest health system in San Antonio to provide direct management of the orthopaedic inpatient services at three hospitals. TSOAG is a group of 41 physicians with 150 billing providers and over 550 team members in the greater San Antonio region. The Group has been independent for over 75 years and is 100% physician owned to include all orthopaedic ancillary services (MRI/CT, Physical and Hand Therapy, Xray, Casting, Durable Medical Equipment, Urgent Orthopaedic Care, Bone Wellness).

Prior to moving to Texas, Chris lived in Buffalo, NY, where she was born and raised. She holds a BA in Social Sciences from the State University of New York at Buffalo and ran a six physician independent medical practice for seven years.
