

**Dr. Jay Carlson [KARL-suhn]
OBGYN, Clinical Chair of Mercy Clinical Research**

Dr. Carlson is the Clinical Chair of Mercy Research in Springfield, MO. Mercy Clinical Research focuses on diseases such as cardiovascular, endocrinology, infectious disease, primary care, and oncology. Dr. Carlson is a veteran of 24 years and served at Walter Reed Medical Center as Chief of the OBGYN Department. Dr. Carlson can speak to the importance of early screening and how screening tests can reduce costs and improve treatment outcomes.
