

Jason Shenefield
(Shen-uh-feeld)

Jason Shenefield is the CEO of Phelps Health, a sole community hospital. He served as a hospital corpsman in the Navy for 5 years. He joined Phelps in 2016 and became CEO in 2021. Phelps employs almost 2,00 people in a rural community in Missouri. This past year, Phelps announced that they would start a family medicine residency, and by 2028 are hoping to host 6 residents, and are currently moving through the process of starting a standalone rural residency program to help meet their community needs.
