Dr. Stelios Rekkas, MD, Medical Director at Manatee Surgical Alliance.

Dr. Stelios Rekkas was born and raised in Florida, including completing his medical school and training in his home state. Dr. Rekkas specializes in minimally invasive bariatric and robotic surgery which provides less scarring, pain and quicker recovery to his patients. Dr. Rekkas has seen groundbreaking advancements in medicine, but still feels he is constantly treating sicker patients. Dr. Rekkas can speak to misalignments in medical reimbursements that devalue preventive and primary care, while paying significantly for intensive surgeries like what he performs.
