

Minesh Ladwa

**Global Solution Manager for Tax and Revenue Management,
SAP**

Biography

Minesh Ladwa is a recognized expert in tax administration with over 18 years of experience driving policy and technology-led transformations for global tax agencies. As Global Solution Manager for Tax and Revenue Management, here at SAP, he specializes in modernizing tax systems to enhance compliance, efficiency, and taxpayer engagement.

He has extensive experience in tax policy and digital tax transformation, leading greenfield implementations, upgrades, and support projects worldwide. Minesh works closely with CFOs, CTOs, and senior government officials to define strategy and streamline end-to-end tax business processes. His expertise has played a pivotal role in shaping tax modernization efforts globally and now also focuses on how AI can revolutionize the industry.

Educational Background

Mr. Ladwa received his Bachelor of Science degree in Chemistry with Management from King's College London. He received his Master's in computer science from the University of Bath.
