

Select Committee on the Chinese Communist Party
U.S. House of Representatives
Witness Disclosure Requirement - "Truth in Testimony"
Required by House Rule XI clause 2(g)(5) and Select Committee Rules III clause (b)(4)

1. Your Name: Charles Clancy, Ph.D.

2. Your Title: Senior Vice President, General Manager MITRE Labs, Chief Technology Officer

3. The Entity(ies) You are Representing: The MITRE Corporation

4. Are you testifying on behalf of the Federal government or a State or local government entity?

YES

NO

If NO, you must complete Questions 5-9. If a question is not applicable to you, please state N/A.

5. Please list any Federal grants or contracts you or the entity(ies) you represent have received within the past 36 months.

Only grants, contracts, or payments related to the subject matter of the hearing must be listed.

The MITRE Corporation works across the Federal Government space and operates six Federally Funded Research and Development Centers (FFRDCs) to include the Center for Advanced Aviation Systems Development; Center for Enterprise Modernization; CMS Alliance to Modernize Healthcare; Homeland Security Systems Engineering and Development Institute; National Cybersecurity Center of Excellence; and National Security Engineering Center. The total amount of Federal Contracts, Task Orders, and Grants with an active period of performance in the last 36 months (Jan 2021 – Jan 2024) is 1,043 with an estimated exercised value of \$11.5B. Note: The estimate value represented is the overall value for the entire contract/task order/grant period of performance and not the dollar amount associated with the 36 month period (for example, at least 1 contract included is representative of a 10 year overall period of performance).

6. Please list any payments or grants from a foreign government, foreign political party, or agent thereof within the past 36 months to any entity from which you receive compensation of more than \$10,000/year.

Only grants, contracts, or payments related to the subject matter of the hearing must be listed.

7. Please list any payments, grants, or in-kind contributions from any agent of a foreign adversary within the past five years to any entity from which you receive compensation of more than \$10,000/year.

(a) A foreign adversary means:

- i. the People's Republic of China;
- ii. the Republic of Cuba;
- iii. the Islamic Republic of Iran;
- iv. the Democratic People's Republic of Korea;
- v. the Russian Federation; and
- vi. the Maduro regime of the Bolivarian Republic of Venezuela.

(b) An "agent of a foreign adversary" means:

- i. a government or political party of a foreign adversary;
- ii. any entity in which an entity identified in subpart (b)(i) owns a 10% stake or greater;
- iii. any entity subject to the direction, ownership, control, or influence of an entity identified in subparts (b)(i) or (b)(ii); and
- iv. any agent of an entity identified in subparts (b)(i)-(iii).

8. Are you a fiduciary (including, but not limited to, a director, officer, advisor, or resident agent) of any organization or entity that has an interest in the subject matter of the hearing?

YES

NO

If YES, please identify the organization(s) or entity(ies).

Senior Vice President
General Manager, MITRE Labs
Chief Technology Officer
The MITRE Corporation

9. Please attach a copy of your curriculum vitae to this disclosure form.

Date: 11 Feb 2024

CHARLES CLANCY, Ph.D.

SENIOR VICE PRESIDENT, GENERAL MANAGER,
MITRE LABS, CHIEF TECHNOLOGY OFFICER

Charles Clancy is a senior vice president at MITRE and heads MITRE Labs. Over 4,000 MITRE Labs scientists, technologists, and engineers deliver deeply technical capabilities and solutions to the six federally funded R&D centers MITRE operates on behalf of the U.S. government. They also conduct advanced research for MITRE's other federal, non-profit, and private sector customers. In addition, Clancy serves as MITRE's Chief Technology Officer, harnessing the company's internal R&D program for public good and working to realize a future where emerging technology is democratic, sustainable, and equitable.

Before joining MITRE in 2019 as vice president for intelligence programs, Clancy served as the Bradley Distinguished Professor of Cybersecurity in the Department of Electrical and Computer Engineering at Virginia Tech and executive director of the Hume Center for National Security and Technology. There, he led Virginia Tech's research and experiential learning programs in defense and intelligence. He started his career at the National Security Agency, filling a variety of research and engineering roles, with a focus on wireless communications.

He was named a Fellow of the Institute for Electrical and Electronics Engineers (IEEE) for his work in information security and digital communications and elected a member of the Virginia Academy of Science, Engineering, and Medicine. He has co-authored more than 250 academic publications and 15 patents, as well as six books. He co-founded five venture-backed startup companies that apply commercial innovation to the intersection of telecommunications and national security.

Clancy sits on the AFCEA International Board of Directors' Executive Committee, the AFCEA Intelligence Committee, the Systems Engineering Research Center Advisory Board, the Research Institute for Tactical Autonomy Advisory Board, the Alliance for Telecommunications Industry Solutions Next G Alliance, and the Center for New American Security Task Force on Artificial Intelligence and National Security. He also serves on academic advisory boards at Howard University, Norfolk State University, North Carolina A&T State University, and Virginia Tech.

Clancy holds a bachelor's degree in computer engineering from the Rose-Hulman Institute of Technology, a master's degree in Electrical engineering from the University of Illinois at Urbana-Champaign, and a doctorate in computer science from the University of Maryland, College Park.
