

EXPLANATORY STATEMENT SUBMITTED BY MR. ROGERS OF  
KENTUCKY, CHAIRMAN OF THE HOUSE COMMITTEE ON  
APPROPRIATIONS REGARDING H.R. 933, THE DEPARTMENT OF  
DEFENSE, MILITARY CONSTRUCTION AND VETERANS AFFAIRS,  
AND FULL-YEAR CONTINUING APPROPRIATIONS ACT, 2013

The following is an explanation of the Department of Defense,  
Military Construction and Veterans Affairs, and Full-Year Continuing  
Appropriations Act, 2013.

The divisions contained in the Act are as follows:

- Division A – Department of Defense Appropriations Act, 2013;
- Division B – Military Construction and Veterans Affairs, and  
Related Agencies Appropriations Act, 2013;
- Division C – Full-Year Continuing Appropriations Act, 2013; and
- Division D – Across-the-Board Reductions.

Section 3 of the Act states that, unless expressly provided otherwise,  
any reference to “this Act” contained in any division shall be treated as  
referring only to the provisions of that division.

Section 4 of the Act specifies that this explanatory statement shall  
have the same effect with respect to the allocation of funds and

implementation of this legislation as if it were a joint explanatory statement of a committee of conference.

Section 5 of the Act states that each amount designated by Congress as being for Overseas Contingency Operations/Global War on Terrorism is contingent on the President so designating all such amounts and transmitting such designations to Congress. The provision is consistent with the requirements in the Budget Control Act of 2011 for Overseas Contingency Operations/Global War on Terrorism designations by the President.

References in this explanatory statement to “conferees” are deemed to be references to the Committees on Appropriations of the House of Representatives and the Senate, and references to the “conference agreement” are deemed, in the case of division A, to be references to the Department of Defense Appropriations Act, 2013, and in the case of division B, to be references to the Military Construction and Veterans Affairs, and Related Agencies Appropriations Act, 2013.

(A)

**DIVISION C – DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2013**

The conference agreement on the Department of Defense Appropriations Act, 2013, incorporates some of the provisions of both the House and the Senate versions of the bill. The language and allocations set forth in House Report 112-493 and Senate Report 112-196 shall be complied with unless specifically addressed to the contrary in the accompanying bill and explanatory statement.

**DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY**

The conferees agree that for the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119) and by the Budget Enforcement Act of 1990 (Public Law 101-508), the terms “program, project, and activity” for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 2013, the related classified annexes and explanatory statements, and the P-1 and R-1 budget justification documents as subsequently modified by congressional action. The following exception to the above definition shall apply: for the military personnel and the operation and maintenance accounts, for which the term “program, project, and activity” is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

At the time the President submits the budget for fiscal year 2014, the Department of Defense is directed to transmit to the congressional defense committees budget justification documents to be known as the “M-1” and “O-1” which shall identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and

operation and maintenance in any budget request, or amended budget request, for fiscal year 2014.

In carrying out any Presidential sequestration, the Department of Defense and related agencies shall conform to the definition for “program, project, and activity” set forth above except that military personnel accounts will be exempt from sequestration per the notification made by the Director of the Office of Management and Budget on July 31, 2012.

#### CLASSIFIED ANNEX

Adjustments to classified programs are addressed in the accompanying classified annex.

#### CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

#### REPROGRAMMING GUIDANCE

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidance for acquisition accounts as specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). For operation and maintenance accounts, the Department of Defense shall continue to follow the reprogramming guidelines specified in the conference report accompanying H.R. 3222, the Department of Defense

Appropriations Act, 2008. The dollar threshold for reprogramming funds shall remain at \$15,000,000 for operation and maintenance; \$20,000,000 for procurement; and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees annual DD Form 1416 reports for titles I and II and quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of an operation and maintenance (O-1), a procurement (P-1), or a research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables.

#### **SHIP MODERNIZATION, OPERATIONS AND SUSTAINMENT FUND**

As detailed in House Report 112-493 and Senate Report 112-196, the conferees remain concerned with the Navy's proposal to prematurely retire capable and relevant ships with over 100 years of remaining service life following an initial investment of no less than \$11,600,000,000 in current fiscal year 2012 dollars.

Therefore, the conferees recommend denying these proposed retirements and direct the Secretary of the Navy to retain this force structure in its entirety. The conferees recommend full funding, as identified by the Navy, to man, operate, sustain, upgrade, and modernize only CG-63, CG-64, CG-65, CG-66, CG-68, CG-69, CG-73, LSD-41, and LSD-46 in the "Ship Modernization, Operations and Sustainment Fund", as specified elsewhere in this conference agreement. The conferees recommend full funding for all known requirements only for these specific platforms for the next two fiscal years, and provide the Secretary of the Navy the authority to transfer funds from the "Ship Modernization, Operations and Sustainment Fund" to the appropriate appropriation accounts in the year of execution following 30 day prior notification to the congressional defense committees. The conferees direct funds to be transferred in accordance with the requirements previously identified to the congressional defense committees by the Navy and further direct that any deviation from those requirements shall be fully and clearly identified to the congressional defense committees prior to the initiation of any such transfer. The conferees believe that this approach provides the fiscal relief required by the Navy to maintain this force structure and allows the Navy sufficient time to plan and budget for this force structure in future budget submissions.

Additionally, the conferees direct the Comptroller General to review the Navy's methodology and analysis regarding its decommissioning proposal, to include an analysis of the extent to which readiness metrics, maintenance, and inspection data; operating and

support costs; and cost metrics related to initial and proposed curtailed service lives were considered. This review shall also address the extent to which decommissioning costs and any costs for maintaining or acquiring like capabilities were considered, the extent to which combatant command requirements were taken into account when the proposal was made, and the impact of the reduced fleet size on the Navy's ability to meet operational and personnel tempo goals and maintenance requirements. The results of this review should be submitted to the congressional defense committees not later than 180 days after the enactment of this Act.

In addition, the USS Port Royal (CG-73) incurred significant damage following a grounding incident in 2009. Following the incident, the ship was repaired and has since completed a deployment. However, while the Navy claims that the ship never completely recovered from the grounding, the Navy has failed to provide adequate analysis and cost data on the structural condition of the USS Port Royal. Therefore, the conferees direct the Secretary of the Navy to carry out an independent structural assessment of the Port Royal that includes a comparative structural assessment to other cruisers of the same class. The independent review shall provide a detailed cost estimate to repair the ship and how that estimate differs from the cost to repair other cruisers of the same class, including what issues would be corrected during planned maintenance availabilities. The conferees further direct that this independent assessment be certified by the Government Accountability Office (GAO). Both the independent review and the GAO certification should be submitted to the congressional defense committees not later than 180 days after the enactment of this Act.

#### FORCE STRUCTURE

The conferees agree to include a provision that prohibits the Air Force from using funds made available by this Act to retire, divest, realign, or transfer aircraft, or to

disestablish or convert units, with an exception for actions proposed in the fiscal year 2013 budget request affecting C-5, C-17, and E-8 aircraft, and their associated units.

The conferees do not agree to require the Air Force to submit cost-benefit analyses for the force structure proposals in the fiscal year 2013 budget request, as proposed by the House. However, the conferees expect that any future force structure proposals submitted by the Air Force will be transparently and comprehensively justified.

#### CONFERENCES

The conferees agree to not retain a reporting requirement as established in House Report 112-493 accompanying the Department of Defense Appropriations Act, 2013, which directs the Inspector General to provide reports to the congressional defense committees on conferences.

#### TREATY COMPLIANCE

The conferees believe compliance with nuclear arms control treaties is vital to our national security. The Secretary of Defense is directed to notify the congressional defense committees if any parties with which the United States has signed a nuclear arms control treaty are violating or acting inconsistently with the terms of that treaty.

#### BASE REALIGNMENT AND CLOSURE

The conferees do not support further rounds of Base Realignment and Closure (BRAC). As such, there are no funds included in this Act for new BRAC activities.

## TITLE I - MILITARY PERSONNEL

The conference agreement provides \$127,533,073,000 in Title I, Military Personnel, instead of \$128,462,794,000 as proposed by the House and \$127,502,463,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

## PERMANENT CHANGE OF STATION EFFICIENCIES

The conferees recommend a total reduction of \$146,793,000 in the Permanent Change of Station (PCS) budgets for program efficiencies. The conferees recognize that potential cost savings could be found in the PCS program. The conferees direct the Under Secretary of Defense (Personnel and Readiness) to conduct a review of the PCS program to identify potential efficiencies and to submit a report to the congressional defense committees not later than 180 days after the enactment of this Act on its findings. The conferees understand that each of the Services have increased time on station requirements but that the Services are not meeting these goals. As such, the report should include a review of the reasons that the Services have not met the increased time on station goals and a plan to achieve them, including the budget efficiencies that can be gained by increased tour lengths. Furthermore, the report should consider the potential impact of increased tour lengths on servicemembers' job performance and on morale and quality of life for servicemembers and their families. It should also include how a change in policy would impact promotion and professional development opportunities, personnel readiness, and quality of life issues for servicemembers serving in hardship or overseas locations.

## COMPOSITE PAY RATES

For a number of years, the Government Accountability Office (GAO) has used the Department of Defense's composite pay rates in its military personnel end strength analysis to estimate the financial impact of work year variances on the Services' military personnel budget requests. Although this information has been important to the congressional defense committees in their budget analyses, the conferees believe that

GAO's estimates would be more useful if the analysis was made available earlier in the budget process. Therefore, to improve the timeliness of the GAO analysis, the conferees direct that the Services' composite budget pay rates should be reviewed, approved, and published not later than 30 days after the President's budget request is submitted to the Congress.

## REPROGRAMMING GUIDANCE FOR OPERATION AND MAINTENANCE ACCOUNTS

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidelines specified in the conference report accompanying H.R. 3222, the Department of Defense Appropriation<sup>S</sup> Act, 2008. Specifically, the dollar threshold for reprogramming funds shall remain at \$15,000,000 for operation and maintenance accounts.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees annual DD Form 1416 reports for service and defense-wide accounts in titles I and II of this Act. Further, the conferees direct the Under Secretary of Defense (Comptroller) to submit the Base for<sup>S</sup> Reprogramming (DD Form 1414) for each of the fiscal year 2013 appropriation<sup>S</sup> accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Appropriations Committees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' operation and maintenance accounts between O-1 budget activities in excess of \$15,000,000. In addition, the Secretary of Defense should follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 out of the following budget sub-activities:

Army:

Maneuver units

Modular support brigades

Land forces operations support

Force readiness operations support

Land forces depot maintenance

Base operations support

Facilities Sustainment, Restoration, and Modernization

Navy:

Aircraft depot maintenance

Ship depot maintenance

Facilities Sustainment, Restoration, and Modernization

Marine Corps:

Depot maintenance

Facilities Sustainment, Restoration, and Modernization

Air Force:

Primary combat forces

Combat enhancement forces

Combat communications

Facilities Sustainment, Restoration, and Modernization

Operating forces depot maintenance

Mobilization depot maintenance

Training and recruiting depot maintenance

Administration and service-wide depot maintenance

Air Force Reserve:

Depot maintenance

Air National Guard:

Depot maintenance

Finally, the Secretary of Defense should follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 into the following budget sub-activity:

Operation and Maintenance, Army National Guard:

Other personnel support/recruiting and advertising

With respect to Operation and Maintenance, Defense-Wide, proposed transfers of funds to or from the levels specified for defense agencies in excess of \$15,000,000 shall be subject to prior approval reprogramming procedures.

#### MILITARY INFORMATION SUPPORT OPERATIONS

The conference agreement includes \$187,200,000 for Department of Defense military information support operations, instead of \$170,100,000 as proposed by the House and \$228,600,000 as proposed by the Senate. Of the total amount, the conference agreement includes \$32,400,000 in title II and \$154,800,000 in title IX of this division. The allocation of funding by combatant command and funding levels for certain programs is specifically delineated in the classified annex accompanying this Act. Those items shall be considered congressional special interest items and be subject to normal reprogramming procedures. The conferees reiterate the direction in House Report 112-493 regarding congressional budget justifications and reporting requirements for military information support operations.

## **SPECIAL OPERATIONS COMMAND NATIONAL CAPITAL REGION**

The conferees are aware of a proposal to establish a Special Operations Command National Capital Region (SOCOM-NCR) entity. While no funds were requested for this activity in either the fiscal year 2012 or fiscal year 2013 budget submissions, the conferees understand that SOCOM began this initiative using fiscal year 2012 Overseas Contingency Operations funds. Unfortunately, few details have been provided regarding the basis for this proposal and the expected efficiencies. Therefore, the conferees direct that no funds made available in this Act shall be used for the SOCOM-NCR until 30 days after the congressional defense committees have received a copy of the Secretary of Defense's waiver of Section 8018 of this Act and a report which describes the purpose of, and activities to be performed by the SOCOM-NCR, an explanation of the impact of this proposal on existing activities at SOCOM headquarters, and a detailed, by fiscal year, breakout of the staffing and costs associated with its establishment over the future years defense program.

## **SPECIAL INTEREST ITEMS**

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

## **REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS**

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of

Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### **DIMINISHING MANUFACTURING SOURCES COSTS IN MISSILE PROGRAMS**

The conferees are concerned by the level of diminishing manufacturing sources (DMS) costs in Department of Defense tactical missile programs, particularly the Advanced Medium Range Air-to-Air Missile (AMRAAM). The conferees direct the Under Secretary of Defense (Acquisition, Technology, and Logistics), in coordination with the Service secretaries, to provide two reports to the congressional defense committees:

The first report shall provide information on the management of DMS costs within the AMRAAM program, to include an explanation of the cost drivers of AMRAAM DMS; an explanation of the AMRAAM program's approach to DMS management and its conformity with departmental guidance and best practices; an economic analysis demonstrating the costs and benefits, including the break-even point, of the AMRAAM DMS program; and an analysis of the impact of foreign military sales on AMRAAM DMS costs and management. This report shall be submitted not later than 120 days after the enactment of this Act.

The second report shall provide information on the broader issue of DMS costs and management across all tactical missile procurement programs. This report shall provide an overview of current strategies for addressing DMS, including current and planned joint activities that address common DMS issues; an explanation of the key tactical missile DMS cost drivers; a comparison of DMS costs across all tactical missile programs; and an analysis of the impact of foreign

military sales on DMS costs and management. This report shall be submitted not later than 180 days after the enactment of this Act.

In addition, the conferees direct the Secretaries of the Air Force and the Navy to report DMS costs separately from missile unit costs in future budget exhibits to enhance the congressional defense committees' ability to oversee DMS costs.

#### JOINT STRIKE FIGHTER ADVANCE PROCUREMENT AND CONTRACT DELAYS

The conferees are concerned with the Joint Strike Fighter (JSF) contract award timelines and the negative impacts on the JSF subcontractor workforce. The combination of inconsistencies in JSF advance procurement for each variant and the contract award delays have a potential to put the industrial base at risk or jeopardize the aircraft delivery schedule. Therefore, the conferees direct the Secretary of Defense to provide a report which examines the authorities and use of JSF advance procurement, including the rationale for the cost differences in advance procurement among the aircraft variants and their associated impacts to the subcontractor workforce. Additionally, the report should examine the causes of procurement contract award delays and the planned corrective action to ensure that final award of the production contracts occurs within the year of appropriation. This report shall be submitted to the congressional defense committees not later than 120 days after the enactment of this Act.

## USE OF UNMANNED AERIAL VEHICLES IN DOMESTIC AIRSPACE

The conferees are aware of concerns that have been raised regarding the use of unmanned aerial vehicles (UAV) and their sensors in domestic airspace. The conferees understand that the Air Force has policies and procedures in place governing the disposition of UAV collections that may inadvertently capture matters of concern to law enforcement agencies. These policies and procedures are designed to ensure constitutional protections and proper separation between the military and law enforcement. However, it is unclear if other Services and Defense agencies have similar policies and procedures in place, or if these policies and procedures need to be revised or standardized. Therefore, the conferees direct the Secretary of Defense to report to the congressional defense committees on the policies and procedures in place across the Services and Defense agencies governing the use of such collections and to identify any additional steps that need to be taken to ensure that such policies and procedures are adequate and consistent across the Department of Defense. This report shall be submitted not later than 90 days after the enactment of this Act.

#### CONTAINER HANDLING EQUIPMENT

The conferees do not agree to withhold funding made available to the Army in this Act or any other appropriations act for fiscal year 2013 or any previous fiscal year for the procurement of container handling equipment. However, the conference agreement retains a reporting requirement as established in House Report 112-493, which directs the Comptroller General to provide a report to the congressional defense committees.

## AIRCRAFT PROCUREMENT, NAVY

The conference agreement on items addressed by either the House or the Senate is as follows:

## **B-52 COMBAT NETWORK COMMUNICATIONS TECHNOLOGY**

The fiscal year 2013 budget request included no funds in Aircraft Procurement, Air Force for the B-52 Combat Network Communications Technology (CONNECT) program despite a valid requirement from the Air Force Global Strike Command. Subsequent to the budget submission, the program achieved conditional entry into Milestone C Low Rate Initial Production (LRIP), with an LRIP contract award contingent upon funding of the B-52 CONNECT program in the fiscal year 2014 Program Objective Memorandum. Accordingly, the conferees recommend the retention of prior year B-52 CONNECT funding for an LRIP contract award subject to the conditions identified by the Milestone C Acquisition Decision Memorandum.

## EVOLVED EXPENDABLE LAUNCH VEHICLE

The conference agreement provides \$805,250,000 for Evolved Expendable Launch Vehicle (EELV) Launch Services and \$654,606,000 for EELV Launch Capability. The funds are provided in separate procurement lines to increase the budget visibility of each program. The conferees direct that none of the recommended reduction to the EELV Launch Capabilities program be applied against mission assurance activities. Finally, the conferees direct the Secretary of the Air Force to provide clarification and definition of mission assurance activities that can be correlated to the EELV program and contract to the congressional defense committees not later than 90 days after the enactment of this Act.

## DEFENSE PRODUCTION ACT PURCHASES

The conference agreement on items addressed by either the House or the Senate is as follows:

### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Conference
GALLIUM NITRIDE RADAR AND ELECTRONIC WARFARE MONOLITHIC MICROWAVE INTEGRATED CIRCUITS	5,031	5,031
CADMIUM ZINC TELLURIDE SUBSTRATE PRODUCTION	1,900	1,900
READ OUT INTEGRATED CIRCUIT FOUNDRY IMPROVEMENT AND SUSTAINABILITY	1,200	1,200
SPACE QUALIFIED SOLAR CELL SUPPLY CHAIN	1,000	1,000
TRAVELING WAVE TUBE AMPLIFIERS	1,320	1,320
COMPLEMENTARY METAL OXIDE SEMICONDUCTOR FOCAL PLAN ARRAYS FOR VISIBLE SENSORS FOR STAR TRACKERS	1,800	1,800
ADVANCED PROJECTS	1,280	1,280
PRODUCTION BASE INVESTMENT ASSESSMENTS AND ACTIVITIES	5,658	0
Program reduction		-5,658
ADVANCED DROP-IN BIOFUEL PRODUCTION	70,000	60,000
Ahead of need		-10,000
PROGRAM INCREASE		150,000
<b>TOTAL, DEFENSE PRODUCTION ACT</b>	<b>89,189</b>	<b>223,531</b>

## **TITLE IV - RESEARCH, DEVELOPMENT, TEST AND EVALUATION**

The conference agreement provides \$69,928,477,000 in Title IV, Research, Development, Test and Evaluation, instead of \$69,984,145,000 as proposed by the House and \$69,091,078,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

~~[insert RDTE summary table]~~

GRAND TOTAL, RDT&E.....	<u>69,407,767</u>	<u>69,928,477</u>

## **SPECIAL INTEREST ITEMS**

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

## **REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS**

The conferees direct the Department of Defense to continue to follow the reprogramming guidance specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval

reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### **DEPARTMENT OF DEFENSE AND SERVICE CYBER ACTIVITIES**

The conferees understand that the Department is revising the budget justification materials to be provided with the fiscal year 2014 budget submission that are in support of cyber activities. The conferees support the Department's efforts to provide increased detail on this important national security issue and will continue to work with the Department to ensure there is adequate oversight on cyber activities.

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY

## ACTIVE DENIAL TECHNOLOGY

The fiscal year 2013 budget request included \$35,218,000 in Research, Development, Test and Evaluation, Army, program element 0602624A, "Weapons and Munitions Technology". The conferees are aware that multiple programs and projects are funded in this program element, including non-lethal technologies. The conferees recognize the benefits to units in the field of developing non-lethal technologies, including counter-personnel and directed energy technologies. The conference agreement provides an additional \$15,000,000, as proposed by the House, to support Army research and development efforts in both lethal and non-lethal technologies.

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY

The conference agreement on items addressed by either the House or the Senate is as follows:

~~(INSERT COMPUTER TABLE)~~

~~(INSERT PROJECT LEVEL TABLE)~~

## SPACE MODERNIZATION INITIATIVES

The conference agreement provides an additional \$18,000,000 for the Space Based Infra-Red System (SBIRS) and \$25,000,000 for the Advanced Extremely High Frequency (AEHF) Satellite Modernization Initiative (SMI) efforts and reiterates the direction as detailed in Senate Report 112-196 for the Secretary of the Air Force to provide the congressional defense committees a report detailing how the additional SMI funds will be used not less than 30 days prior to the obligation of such funds.

The conferees support the evolution of current space systems but are concerned that the Department of Defense and the Air Force have yet to define the architectural and system specific goals being pursued with these funds. The conferees direct the Secretary of the Air Force, in coordination with the Under Secretary of Defense (Acquisition, Technology, and Logistics), to provide to the congressional defense committees, not later than 90 days after the enactment of this Act, a report describing the overall SMI strategy and goals, a specific accounting of the studies and technologies to be pursued, the current and follow-on costs for those efforts, schedules for delivery of such efforts, and a roadmap of how these efforts correlate or support the future acquisition plans for SBIRS, AEHF, and Global Positioning System satellite and ground segments.

11 ————— (insert +  
Page 71a)

## PROMOTING ENERGY SECURITY

The conferees do not include a provision as proposed by the House regarding the Energy Independence and Security Act. However, the conferees provide \$20,000,000 in Research, Development, Test and Evaluation, Air Force only for research that will improve emissions of coal to liquid fuel to enable this technology to be a competitive alternative energy resource to meet the goals established in the Department of Defense's Operational Energy Strategy and its Implementation Plan. The conferees direct the Secretary of the Air Force, in consultation with the Assistant Secretary of Defense for Operational Energy Plans and Programs, to inform the congressional defense committees 30 days prior to any obligation or expenditure of these funds.

71A

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE

The conference agreement on items addressed by either the House or the Senate is as follows:

## REPROGRAMMING GUIDANCE FOR THE DEFENSE HEALTH PROGRAM

The conferees remain concerned regarding the transfer of funds from Direct (or In-house) Care to pay for contractor-provided medical care. To limit such transfers and improve oversight within the Defense Health Program operation and maintenance account, the conferees include a provision which caps the funds available for Private Sector Care under the TRICARE program subject to prior approval reprogramming procedures. The provision and accompanying explanatory statement language included by the conferees should not be interpreted by the Department as limiting the amount of funds that may be transferred to the Direct Care System from other budget activities within the Defense Health Program. In addition, the conferees continue to designate the funding for the Direct Care System as a special interest item. Any transfer of funds from the Direct (or In-house) Care budget activity into the Private Sector Care budget activity or any other budget activity will require the Department of Defense to follow prior approval reprogramming procedures.

The Department shall also provide written notification to the congressional defense committees of cumulative transfers in excess of \$15,000,000 out of the Private Sector Care budget activity. The conferees further direct the Assistant Secretary of Defense (Health Affairs) to provide quarterly reports to the congressional defense committees on budget execution data for all of the Defense Health Program accounts and to adequately reflect changes to the budget activities requested by the Services in future budget submissions.

## CARRYOVER

For fiscal year 2013, the conferees recommend one percent carryover authority for the operation and maintenance account of the Defense Health Program. The conferees direct the Assistant Secretary of Defense (Health Affairs) to submit a detailed spending

plan for any fiscal year 2012 designated carryover funds to the congressional defense committees not less than 30 days prior to executing the carryover funds.

#### **PEER-REVIEWED CANCER RESEARCH PROGRAM**

The conference agreement provides \$15,000,000 for a Peer-Reviewed Cancer Research Program that would research cancers not addressed in the breast, prostate, ovarian, and lung cancer research programs currently executed by the Department of Defense, and specifically by the U.S. Army Medical Research and Materiel Command.

The funds provided are directed to be used to conduct research in the following areas: melanoma and other skin cancers, pediatric brain tumors, genetic cancer research, pancreatic cancer, kidney cancer, blood cancer, colorectal cancer, mesothelioma, neuroblastoma, and listeria vaccine for cancer.

The funds provided under the Peer-Reviewed Cancer Research Program shall only be used for the purposes listed above. The conferees direct the Assistant Secretary of Defense (Health Affairs) to provide a report not later than 60 days after the enactment of this Act to the congressional defense committees on the status of the Peer-Reviewed Cancer Research Program. For each research area, the report should include the funding amount awarded, the progress of the research, and the relevance of the research to servicemembers and their families.

#### **PEER-REVIEWED MEDICAL RESEARCH PROGRAM**

The conference agreement provides \$50,000,000 for a Peer-Reviewed Medical Research Program. The conferees direct the Secretary of Defense, in conjunction with the Service Surgeons General, to select medical research projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are

restricted to the following areas: chronic kidney disease, chronic migraine and post-traumatic headaches, composite tissue transplantation, dengue, DNA vaccine technology for postexposure prophylaxis, dystonia, epilepsy, food allergies, Fragile X syndrome, hantavirus, hereditary angioedema, inflammatory bowel disease, interstitial cystitis, leishmaniasis, lupus, malaria, nanomedicine for drug delivery science, pancreatitis, polycystic kidney disease, post-traumatic osteoarthritis, pulmonary hypertension, rheumatoid arthritis, scleroderma, and tinnitus. The conferees emphasize that the additional funding provided under the Peer-Reviewed Medical Research Program shall be devoted only to the purposes listed above.

#### INTEGRATED ELECTRONIC HEALTH RECORD

The conference agreement includes a provision restricting the amount of funding that may be obligated to develop the integrated Department of Defense-Department of Veterans Affairs (DoD-VA) integrated Electronic Health Record (iEHR) to 25 percent of the funding provided until the DoD-VA Interagency Program Office (IPO) provides the House and Senate Appropriations Committees an expenditure plan which includes elements such as a budget and cost baseline with annual and total spending for each Department and quarterly milestones. The expenditure plan should also be submitted to the Government Accountability Office for review.

The conferees are concerned that after four years of working to establish a joint framework to collaborate and develop an integrated Electronic Health Record, the two Departments still seem to be operating as single entities. The conferees support the creation of the IPO and recognize this office as the single point of accountability for the development and implementation of the integrated Electronic Health Record for both Departments. Unfortunately, since the creation of the IPO and the naming of a director, the conferees have seen little benefit from establishing this office since both Departments

appear to operate as separate entities. Despite repeated inquiries, neither the Departments nor the IPO has been able to provide Congress with a firm total cost of the integrated system. The conferees are concerned that the IPO is unable to maintain focus on its defined goals, provide effective governance, manage and maintain accountability on behalf of both Departments, and provide Congress with detailed expenditure plans as well as information regarding the progress and future plans for this project.

As a result, the conferees direct the IPO to deliver to the congressional defense committees, the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies, and the Government Accountability Office (GAO) a quarterly report that includes a detailed explanation of the cost and schedule of the iEHR development, to include milestones, knowledge points, and acquisition timelines as they impact both Departments, as well as quarterly obligation reports. The conferees also direct the IPO to continue briefing the House and Senate Appropriations Committees on a quarterly basis, coinciding with the report submission. The conferees further direct the GAO to review these quarterly reports and provide an annual report to the congressional defense committees and the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies on the cost and schedule of the iEHR.

## CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE

The conference agreement provides \$1,301,786,000 for Chemical Agents and Munitions Destruction, Defense, as proposed by both the House and the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

Adjustments to classified programs are addressed in a separate detailed and comprehensive classified annex. The Intelligence Community, Department of Defense, and other organizations are expected to fully comply with the recommendations and directions in the classified annex accompanying the Department of Defense Appropriations Act, 2013.

## **CENTRAL INTELLIGENCE AGENCY RETIREMENT AND DISABILITY SYSTEM FUND**

The conference agreement provides \$514,000,000 for the Central Intelligence Agency Retirement and Disability Fund, as proposed by both the House and the Senate.

## **INTELLIGENCE COMMUNITY MANAGEMENT ACCOUNT**

The conference agreement provides \$534,421,000 for the Intelligence Community Management Account, instead of \$511,476,000 as proposed by the House and \$542,346,000 as proposed by the Senate.

## **TITLE VIII – GENERAL PROVISIONS**

The conference agreement incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed in conference are as follows:

The conference agreement modifies a provision proposed by the House and the Senate which provides general transfer authority of \$4,000,000,000.

The conference agreement retains a provision proposed by the House which identifies tables as Explanation of Project Level Adjustments. The Senate bill contained a similar provision.

The conference agreement modifies a provision proposed by the House and the Senate regarding limitations and conditions on the use of funds made available by this Act to initiate multi-year contracts.

The conference agreement retains a provision proposed by the Senate which prohibits the use of funds to demilitarize or dispose of certain small firearms. The House bill contained a similar provision but made it permanent.

The conference agreement retains a provision proposed by the Senate which provides funding from various appropriations for the Civil Air Patrol Corporation. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which prohibits the sale of the F-22 to any foreign government. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides that the Office of Economic Adjustment may use funds made available under Operation and Maintenance, Defense-Wide to make grants and supplement other federal

funds in accordance with guidance provided. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House and the Senate recommending rescissions. The provision provides for the rescission of \$2,142,447,000 from the following programs:

The conference agreement retains a provision proposed by the Senate regarding the Global Security Contingency Fund. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides a grant to the Fisher House Foundation, Inc. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the Senate related to funding for the Israeli Cooperative Defense programs. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate regarding combatant commander operational and administrative control of various forces. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate regarding the use of funds to initiate new start programs without prior written notification. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which provides funding to the United Service Organizations and the Red Cross. The Senate bill contained a similar provision but did not provide funding to the Red Cross.

The conference agreement retains a provision proposed by the Senate which prohibits funding from being used to transfer program authority relating to current tactical unmanned aerial vehicles from the Army. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which establishes a baseline for application of reprogramming and transfer authorities for the Office of the Director of National Intelligence. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which allows for the transfer of funding for government-wide information sharing activities. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House establishing prior approval reprogramming and transfer procedures for National Intelligence Programs. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which directs the Department of Defense to continue to report contingency operations costs for Operation New Dawn, Operation Enduring Freedom, or any other named operation in the U.S. Central Command area of responsibility. The Senate bill contained a similar provision but did not include a reference to any other named operation.

The conference agreement retains a provision proposed by the House which prohibits the Office of the Director of National Intelligence from employing more Senior Executive Service employees than are specified in the classified annex. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House to provide grants through the Office of Economic Adjustment to assist the civilian population of Guam. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate to create the Ship Modernization, Operations and Sustainment Fund. The House bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding parking spaces provided by the BRAC 133 project. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding reporting requirements for civilian personnel end strength by appropriation account. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to separate the National Intelligence Program from the Department of Defense budget. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides general transfer authority of \$2,000,000,000 for funds made available for the intelligence community. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides funds to construct, renovate, repair, or expand elementary and secondary public schools on military installations. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which requires certain certifications to be met prior to the transfer of detainees from Naval Station Guantanamo Bay, Cuba to foreign countries. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the Trafficking Victims Protection Act of 2000. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the Child Soldier Prevention Act of 2008. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the War Powers Resolution. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House which prohibits funds from being used to retire, divest, realign, or transfer Air Force aircraft, with certain exceptions. The Senate bill contained no similar language.

The conference agreement retains a provision proposed by the Senate expressing the sense of the Senate that the next available capital warship of the U.S. Navy be named the USS Ted Stevens. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits the retirement of the C-23 Sherpa aircraft. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding civilian pay. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to enter into a non-competitive contract for UH-60 Leak Proof Drip Pans. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding the sharing of classified information related to missile defense systems with Russia. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used in contravention of section 41106 of title 49, U.S.C., regarding the Civil Reserve Air Fleet. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used in violation of Presidential Memorandum-Federal Fleet Performance, dated May 24, 2011. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House which prohibits funding from being used to enter into contracts with entities that have been convicted of fraud. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House related to funding for Rosoboronexport. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used to implement enrollment fees for the TRICARE for Life program. The Senate bill contained no similar provision.

## **TITLE IX – OVERSEAS CONTINGENCY OPERATIONS**

The conference agreement provides \$86,954,838,000 in Title IX, Overseas Contingency Operations, instead of \$87,105,081,000 as proposed by the House and \$93,026,000,000 as proposed by the Senate.

### **REPORTING REQUIREMENTS**

The conferees direct the Secretary of Defense to continue to report incremental contingency operations costs for Operation New Dawn and Operation Enduring Freedom on a monthly basis in the Cost of War Execution report as required by the Department of Defense Financial Management Regulation, Chapter 23, Volume 12. The conferees further direct the Department to continue providing Cost of War reports to the congressional defense committees that include the following information by appropriation account: funding appropriated, funding allocated, monthly obligations, monthly disbursements, cumulative fiscal year obligations, and cumulative fiscal year disbursements.

The conferees expect that in order to meet unanticipated requirements, the Department of Defense may need to transfer funds within these appropriations accounts for purposes other than those specified in this report. The conferees direct the Department of Defense to follow normal prior approval reprogramming procedures should it be necessary to transfer funding between different appropriations accounts in this title.

### **EXTREMIST ORGANIZATIONS**

The conferees are aware that certain governments and organizations have policies and practices counter to the best interests of the United States. The conferees reiterate

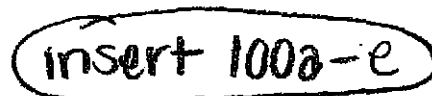

that extremist governments and organizations should not be funded by this Act and that the conferees will closely monitor the expenditure of funds by the Department of Defense regarding such matters.

## MILITARY PERSONNEL

The conference agreement provides \$14,116,821,000 for Military Personnel, instead of \$13,934,683,000 as proposed by the House and \$14,410,421,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

## NATIONAL GUARD AND RESERVE EQUIPMENT

The conference agreement provides \$1,500,000,000 for National Guard and Reserve Equipment. Of that amount, \$460,000,000 is for the Army National Guard, \$460,000,000 for the Air National Guard, \$240,000,000 for the Army Reserve, \$90,000,000 for the Navy Reserve, \$120,000,000 for the Marine Corps Reserve, and \$130,000,000 for the Air Force Reserve to meet urgent equipment needs that may arise this fiscal year.

This funding will allow the Guard and reserve components to procure high priority equipment that may be used by these components for both their combat missions and their missions in support of state governors. The conferees direct that the National Guard and Reserve Equipment account shall be executed by the Chiefs of the National Guard and reserve components with priority consideration given to the following items: A-10 Situation Awareness Upgrade; ARC 210 Radios for ANG F-16s; Arctic Search and Rescue Packages; Armory-Based Individual and Unstabilized Gunnery Trainers; Batteries and Battery Support Equipment; Bradley Modifications; C-130 Crash-Resistant Loadmaster Seats; C-130 Secure Line-of-Sight [SLOS] Beyond Line-of-Sight [BLOS] Capability; C-130/KC-135 Real Time Information in Cockpit [RTIC] Data Link; CH-47 Door Gun Mounts; Combat Mobility Equipment; Combined Arms Virtual Trainers; F-15 AESA Radars; Field Engineering, Logistics, Maintenance, and Security Equipment; Force Protection Equipment; Generation 4 Advanced Targeting Pods; Green Laser Interdiction Systems; handheld laser trackers; HC-130 Forward Area Refueling Point; Helicopter Firefighting Equipment; Helmet-Mounted Cueing System; HMMWV Recapitalization; In-Flight Propeller Balancing System; Internal and External Auxiliary Fuel Tanks for Apaches and Chinooks; Joint Threat Emitters; Large Aircraft Infrared Countermeasures [LAIRCM]; Light Utility Helicopters; Modular Airborne Firefighting System II; Modular Small Arms Training Systems; MRAP Vehicle Virtual Trainers;

Naval Construction Force Tactical Vehicles and Support Equipment; Reactive Skin Decontamination Lotion; SATCOM Ground Stations; Support Wide Area Network [SWAN] D V3/MRT Packages; Targeting Pod Upgrades; Thermal Imaging Systems; Ultra-Light Tactical Vehicles; Unit Maintenance Aerial Recovery Kits; Virtual Convoy Operations Trainers; and Virtual Door Gunner Trainers.

#### RESERVE COMPONENT SIMULATION TRAINING SYSTEMS

The use of simulation training systems has yielded a military that is better trained, more capable, and more confident as compared to units that do not have access to modern simulation training devices. Simulation training is a cost-effective means by which reserve units can improve tactical decision-making skills and ultimately save lives. It is anticipated that a portion of the funding in the National Guard and Reserve Equipment account will be used to procure a variety of simulation training systems. To ensure the most efficient and effective training programs, these systems should be a combination of both government owned and operated simulators, as well as simulation support from a dedicated commercial activity capable of providing frequent hardware and software updates.

#### NATIONAL GUARD AND RESERVE EQUIPMENT RESEARCH AND DEVELOPMENT

The conferees are concerned that the active Services are not providing the necessary research, development, test and evaluation funding for federal and domestic operations requirements as they relate to equipping the reserve components, especially equipment unique to the reserve component or legacy systems with limited active component investment. The conferees understand that the funding required is minimal, and therefore direct the Services, particularly the Air Force, to provide the necessary research, development, test and evaluation funds to ensure that modernizing equipment or

legacy systems unique to the reserve component be given the required design, integration, test, and software efforts needed prior to procurement.

## RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The conference agreement provides \$247,716,000 for Research, Development, Test and Evaluation, instead of \$235,516,000 as proposed by the House and \$260,413,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

Forward financed from prior years		-100,000
<b>TOTAL, JOINT IED DEFEAT FUND</b>	<b>1,675,400</b>	<b>1,622,614</b>

The conference agreement provides funding for the Joint Improvised Explosive Device Defeat Fund in title IX as such requirements are considered to be war related.

## OFFICE OF THE INSPECTOR GENERAL

The conference agreement provides \$10,766,000 for the Office of the Inspector General, as proposed by both the House and the Senate.

## GENERAL PROVISIONS – THIS TITLE

The conference agreement for title IX incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed in conference are as follows:

The conference agreement modifies a provision proposed by the House and the Senate which provides general transfer authority not to exceed \$3,500,000,000.

The conference agreement retains a provision proposed by the Senate regarding funding and guidelines for the Commander's Emergency Response Program. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate concerning funding and guidelines for the Task Force for Business and Stability Operations in Afghanistan. The House bill contained a similar provision.

The conference agreement modifies a provision proposed by the House concerning transition activities of the Office of Security Cooperation in Iraq and security assistance teams. The Senate bill contained a similar provision.

### (RESCISSIONS)

The conference agreement modifies a provision proposed by the House and the Senate recommending rescissions. The provision provides for the rescission of \$1,860,052,000 from the following programs:

2009 Appropriations:

General Provisions:

Retroactive stop loss special pay program.....\$127,200,000

2012 Appropriations:

Afghanistan Security Forces Fund:

Afghanistan Security Forces Fund.....	1,000,000,000
Other Procurement, Army:	
Gunshot detection system .....	10,100,000
Base support communications .....	5,000,000
Sense through the wall .....	10,000,000
Installation info infrastructure mod program.....	125,500,000
Knight family .....	42,000,000
Tactical bridging .....	15,000,000
Procurement of Ammunition, Navy and Marine Corps:	
60mm, all types .....	6,900,000
81mm, all types .....	22,276,000
Demolition munitions .....	3,000,000
Procurement, Marine Corps:	
Weapons under \$5 million .....	2,776,000
Mine Resistant Ambush Protection Vehicle Fund:	
MRAP carryover .....	400,000,000
Research, Development, Test and Evaluation, Air Force:	
Endurance unmanned aerial vehicles – Blue Devil ....	50,000,000
Joint Improvised Explosive Device Defeat Fund:	
ALARM .....	19,300,000
Integrated supply chain .....	21,000,000

The conference agreement modifies a provision proposed by the House which makes Coalition Support Funds for Pakistan contingent on a certification by the Secretary of Defense, with concurrence from the Secretary of State, that certain conditions are met. The Senate bill contained no similar provision.

B  
DIVISION – MILITARY CONSTRUCTION AND VETERANS AFFAIRS, AND RELATED  
AGENCIES APPROPRIATIONS ACT, 2013

*Matters Addressed by Only One Committee.*--The language and allocations set forth in House Report 112-491 and Senate Report 112-168 should be complied with unless specifically addressed to the contrary in the conference agreement and this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement, is approved by the Committees on Appropriations of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both Houses of Congress. House or Senate reporting requirements with deadlines prior to, or within 15 days after, enactment of the conference agreement shall be submitted no later than 60 days after enactment of this Act. All other reporting deadlines not changed by this explanatory statement are to be met.

*Department of Defense and Veterans Affairs Joint Collaboration on Medical Facility Construction.*-- Having the Department of Defense (DOD) and Department of Veterans Affairs (VA) medical facility construction accounts in the same bill allows the Committees to review coordinated efforts and efficiencies within the two systems. An overarching concern of the conferees has been to facilitate the seamless transition from active duty service member to veteran, including the transition from DOD to VA medical facilities. The conferees are aware of multiple instances in which DOD and the VA have failed to coordinate medical facility construction efforts, in particular, where the VA is currently collocated with an existing DOD medical facility, but hospital replacement facilities are planned and budgeted in the military construction budget without coordination or consultation with the VA. Better coordination between the two Departments on construction activities, where appropriate, has the potential to save money by reducing duplicative construction costs, and provides a unique opportunity for creating more efficient use of medical equipment once the hospitals or outpatient clinics become operational. The conferees therefore direct the TRICARE Management Activity and the Veterans Health Administration to report to the congressional defense committees no later than

180 days after enactment of this Act on the current construction coordination between the two agencies. The report should include a comparison by fiscal year of the TRICARE Management Activity and the Veterans Health Administration's future year construction plans for new facilities that currently are collocated as well as any potential new collocation sites.

*Hiring of veterans.* – The conferees continue to be concerned about unemployment rates among the Nation's veterans, particularly for those who have recently left active duty. With impending force reductions, this problem is likely to worsen. The conferees urge the Department of Veterans Affairs (VA), as well as the Department of Defense and the domestic agencies funded in title III of this division, to redouble their efforts to hire returning veterans and to exceed where possible statutory requirements for veterans hiring preferences. In recognizing the skills and specialty certifications veterans have received through their military training, these agencies will gain a superior workforce and at the same time demonstrate the Government's appreciation for our veterans' service.

## TITLE I

### DEPARTMENT OF DEFENSE

#### ITEMS OF GENERAL INTEREST

*Incrementally Funded Projects.*-- The conferees note that the Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. In general, the conferees support full funding for military construction projects. In some cases, however, incremental funding makes fiscal and programmatic sense. The conference agreement therefore incrementally funds the following projects: Ambulatory Care Center Phase 3, Joint Base San

Antonio, Texas; STRATCOM Replacement Facility, Increment 2, Offutt AFB, Nebraska; U.S. Military Academy Cadet Barracks, West Point, New York; and Aegis Ashore Missile Defense Complex, Deveselu, Romania.

#### MILITARY CONSTRUCTION, ARMY

The conference agreement appropriates \$1,684,323,000 for Military Construction, Army. Within this amount, the agreement provides \$80,173,000 for study, planning, design, architect and engineer services, and host nation support.

*Arlington Cemetery.*-- The budget request proposed to fund Arlington National Cemetery through three accounts: \$25,000,000 to be provided through Operation and Maintenance, Army, \$103,000,000 to be provided through Military Construction, Army, and \$45,800,000 to be provided through Cemeterial Expenses, Army for a total of \$173,800,000. The conferees do not include the \$103,000,000 requested in title I. The funds are instead provided in title III of Division J under Cemeterial Expenses, Army.

#### MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$1,549,164,000 for Military Construction, Navy and Marine Corps. Within this amount, the agreement provides \$102,619,000 for study, planning, design, architect and engineer services.

#### MILITARY CONSTRUCTION, AIR FORCE

The conference agreement appropriates \$322,543,000 for Military Construction, Air Force. Within this amount, the agreement provides \$18,635,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, DEFENSE-WIDE

### (INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$3,582,423,000 for Military Construction, Defense-Wide. Within this amount, the agreement provides \$315,562,000 for study, planning, design, architect and engineer services.

*Energy Conservation Investment Program (ECIP).*--The conference agreement provides \$150,000,000 for ECIP. Additionally, the conference agreement provides \$10,000,000 in dedicated funding for ECIP planning and design. The conferees strongly support the efforts of the Department of Defense to promote energy conservation, green building initiatives, energy security, and investment in renewable energy resources, and commend the leadership of the Department and the services for making energy efficiency a key component of construction on military installations. The conferees urge the Department to use the dedicated planning and design funds to invest in innovative renewable energy projects as well as projects that enhance energy security at military installations. The conferees also encourage the Department to request dedicated planning and design funding for ECIP in future budget submissions.

## MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The conference agreement appropriates \$613,799,000 for Military Construction, Army National Guard. Within this amount, the agreement provides \$26,622,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The conference agreement appropriates \$42,386,000 for Military Construction, Air National Guard. Within this amount, the agreement provides \$4,000,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, ARMY RESERVE

The conference agreement appropriates \$305,846,000 for Military Construction, Army Reserve. Within this amount, the agreement provides \$15,951,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, NAVY RESERVE

The conference agreement appropriates \$49,532,000 for Military Construction, Navy Reserve. Within this amount, the agreement provides \$2,118,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, AIR FORCE RESERVE

The conference agreement appropriates \$10,979,000 for Military Construction, Air Force Reserve. Within this amount, the agreement provides \$2,879,000 for study, planning, design, architect and engineer services.

## NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The conference agreement appropriates \$254,163,000 for the North Atlantic Treaty Organization Security Investment Program.

## FAMILY HOUSING CONSTRUCTION, ARMY

The conference agreement appropriates \$4,641,000 for Family Housing Construction, Army.

## FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The conference agreement appropriates \$530,051,000 for Family Housing Operation and Maintenance, Army.

## **FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS**

The conference agreement appropriates \$102,182,000 for Family Housing Construction, Navy and Marine Corps.

## **FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS**

The conference agreement appropriates \$378,230,000 for Family Housing Operation and Maintenance, Navy and Marine Corps.

## **FAMILY HOUSING CONSTRUCTION, AIR FORCE**

The conference agreement appropriates \$83,824,000 for Family Housing Construction, Air Force.

## **FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE**

The conference agreement appropriates \$497,829,000 for Family Housing Operation and Maintenance, Air Force.

## **FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE**

The conference agreement appropriates \$52,238,000 for Family Housing Operation and Maintenance, Defense-Wide.

## **DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND**

The conference agreement appropriates \$1,786,000 for the Department of Defense Family Housing Improvement Fund.

## **DEPARTMENT OF DEFENSE HOMEOWNERS ASSISTANCE FUND**

The conference agreement provides no appropriation for the Department of Defense Homeowners Assistance Fund in fiscal year 2013, the same as the budget request.

## CHEMICAL DEMILITARIZATION CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$151,000,000 for Chemical Demilitarization Construction, Defense-Wide.

## DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The conference agreement appropriates \$409,396,000 for the Department of Defense Base Closure Account 1990. This amount is \$60,000,000 above the budget request to accelerate the pace of environmental cleanup at closed or realigned military installations. Based on requirements identified by the services, the conferees direct that, of the additional funding provided, \$30,000,000 be made available for the Army, and \$30,000,000 for the Navy. These funds are to be allocated at the discretion of the services to meet the most pressing unfunded environmental cleanup requirements at closed or realigned bases.

## DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

The conference agreement appropriates \$126,697,000 for the Department of Defense Base Closure Account 2005, ~~as proposed by both the House and Senate~~. The conferees note that significant bid savings have been realized in the BRAC 2005 military construction program, primarily as a result of the favorable bid climate over the past several years, and believe that these savings should be used to offset current BRAC 2005 requirements. The conferees therefore are rescinding \$132,513,000 from previous BRAC 2005 appropriations (Sec. 131 of Administrative Provisions) to offset the fiscal 2013 request.

*BRAC 133.*-- In an effort to mitigate traffic congestion surrounding the Mark Center site, the conference agreement includes a limitation on the number of parking spaces the Department may utilize at the Mark Center to no more than 2,500, with the exception of disabled parking spaces. The limitation may be waived in part, but not in whole, if the Secretary of Defense certifies that none of the intersections surrounding the Mark Center reach failing levels of service "e" or "f," as defined by the Transportation Research Board Highway Capacity Manual, during a consecutive 90 day period.

## ADMINISTRATIVE PROVISIONS

### (Including Transfers and Rescissions of Funds)

The conference agreement includes section 101 limiting the use of funds under a cost-plus-a-fixed-fee contract.

The conference agreement includes section 102 allowing the use of construction funds in this title for hire of passenger motor vehicles.

The conference agreement includes section 103 allowing the use of construction funds in this title for advances to the Federal Highway Administration for the construction of access roads.

The conference agreement includes section 104 prohibiting construction of new bases in the United States without a specific appropriation.

The conference agreement includes section 105 limiting the use of funds for the purchase of land or land easements that exceed 100 percent of the value.

The conference agreement includes section 106 prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The conference agreement includes section 107 limiting the use of minor construction funds to transfer or relocate activities.

The conference agreement includes section 108 prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The conference agreement includes section 109 prohibiting the use of construction or family housing funds to pay real property taxes in any foreign nation.

The conference agreement includes section 110 prohibiting the use of funds to initiate a new installation overseas without prior notification.

The conference agreement includes section 111 establishing a preference for American architectural and engineering services for overseas projects.

The conference agreement includes section 112 establishing a preference for American contractors in certain locations.

The conference agreement includes section 113 requiring congressional notification of military exercises when construction costs exceed \$100,000.

The conference agreement includes section 114 allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The conference agreement includes section 115 limiting obligations in the last two months of the fiscal year.

The conference agreement includes section 116 allowing the use of expired or lapsed funds to pay the cost of supervision for any project being completed with lapsed funds.

The conference agreement includes section 117 allowing military construction funds to be available for five years.

The conference agreement includes section 118 allowing the transfer of proceeds between BRAC accounts.

The conference agreement includes section 119 allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund.

The conference agreement includes section 120 allowing transfers to the Homeowners Assistance Fund.

The conference agreement includes section 121 limiting the source of operation and maintenance funds for flag and general officer quarters and allowing for notification by electronic medium.

The conference agreement includes section 122 extending the availability of funds in the Ford Island Improvement Account.

The conference agreement includes section 123 placing limitations on the expenditure of funds for projects impacted by BRAC 2005.

The conference agreement includes section 124 allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The conference agreement includes section 125 which limits parking at BRAC 133 to 2,500 spaces and includes other requirements and exemptions.

The conference agreement includes section 126 prohibiting the use of funds for any action related to the expansion of Pinon Canyon Maneuver Site, Colorado.

The conference agreement includes section 127 allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The conference agreement includes section 128 restricting the obligation of funds for relocating an Army unit that performs a testing mission.

The conference agreement includes section 129 prohibiting the obligation or expenditure of funds provided to the Department of Defense for military construction for projects at Arlington National Cemetery.

The conference agreement includes section 130 rescinding unobligated balances from the contingency construction account in Military Construction, Defense-Wide.

The conference agreement includes section 131 rescinding unobligated balances from the Department of Defense Base Closure Account 2005.

The conference agreement includes section 132 allowing the transfer of funds to the Secretary of the Navy from the Defense Family Housing Improvement Fund.

## TITLE II

### DEPARTMENT OF VETERANS AFFAIRS

#### AREAS OF INTEREST

*Budget justification requirements.*-- The conferees believe that the Department of Veterans Affairs (VA) must strengthen its presentation of budget justification materials in several areas. The conferees concur in the direction of the Senate regarding the budget detail for components of the Veterans Health Administration (VHA) such as the VHA central office, Veterans Integrated Service Network (VISN) staff offices and centralized field support offices. The conferees request VA to provide more detailed information about the Board of Veterans Appeals staffing and claims workloads, and require the data requested in the House report pertaining to full-time equivalents and funding within administrative line items. The conferees also require a breakout of all reimbursable or cost sharing arrangements exceeding \$5,000,000 in value that are in place for crosscutting efforts across the Department.

### VETERANS BENEFITS ADMINISTRATION

#### COMPENSATION AND PENSIONS

The conference agreement appropriates \$60,599,855,000 for Compensation and Pensions. The agreement reflects new estimates provided in the Administration's mid-session review. Of the amount provided, not more than \$9,204,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration and Information Technology Systems, for reimbursement of necessary expenses in implementing provisions of title 38.

](Including Transfer of Funds)[

#### READJUSTMENT BENEFITS

The conference agreement appropriates \$12,023,458,000 for Readjustment Benefits. The agreement reflects new estimates provided in the Administration's mid-session review. The agreement provides full funding for the Veterans Retraining Assistance Program (VRAP), for which the Department of Veterans Affairs (VA) estimates it will obligate more than \$1,100,000,000 in fiscal year 2013.

## VETERANS INSURANCE AND INDEMNITIES

The conference agreement appropriates \$104,600,000 for Veterans Insurance and Indemnities.

## VETERANS HOUSING BENEFIT PROGRAM FUND

The conference agreement appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund. The agreement limits obligations for direct loans to not more than \$500,000 and provides that \$157,814,000 shall be available for administrative expenses.

## VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The conference agreement appropriates \$19,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$346,000 to be paid to the appropriation for General Operating Expenses, Veterans Benefits Administration. The agreement provides for a direct loan limitation of \$2,729,000.

## NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The conference agreement appropriates \$1,089,000 for administrative expenses of the Native American Veteran Housing Loan Program Account.

## VETERANS HEALTH ADMINISTRATION

### AREAS OF INTEREST

*Advance appropriation budgeting.*-- The conferees believe the Department must provide more detailed explanations within its budget justification so the Committees on Appropriations of the House of Representatives and the Senate ("Committees") will have an accurate and complete view of how its advance funding requests were determined. The conferees concur in the data requirements for advance funding described in the Senate report.

*Reprogramming for medical care initiatives.* -- The conference agreement includes an administrative provision requiring the Department to submit a reprogramming request whenever funding allocated in the fiscal year 2013 expenditure plan for a medical care initiative differs by

more than \$25,000,000 from the allocation shown in the 2013 congressional budget justification. Due to the nature of advance appropriations, the Department submits its budget request almost seven full fiscal year quarters before the funding becomes available for obligation. The conferees understand that medical care funding is dynamic in nature and that this length of time between budget submission and obligation creates a situation in which funding priorities and needs may change. However, the conferees believe this has limited the Committees' ability to provide proper budget oversight of initiatives which are budgeted outside of the actuarial model. Therefore, the conferees expect the submission of reprogramming requests throughout the year identifying current year estimates whenever the Department intends to make significant funding shifts within these initiatives. The term "medical care initiative" in the bill language refers only to the initiatives, not legislative proposals, in the "Initiatives/Legislative Proposals" section of the VA Medical Care Obligations by Program display on page 1A-5 of Volume 2 of the fiscal year 2013 budget justification. The bill language does not refer to special purpose funds allocated outside the Veterans Equitable Resource Allocation model. The Committees request that reprogrammings be identified only in the aggregate and not by specific project or location.

The conferees concur with the Senate direction regarding life cycle costs as it relates to the acquisition of batteries and directs that the reporting requirement contained in the Senate report be submitted no later than 180 days after enactment of this Act.

## MEDICAL SERVICES

The conference agreement appropriates \$43,557,000,000 in advance for fiscal year 2014 for Medical Services. The agreement also provides \$155,000,000 for fiscal year 2013 in addition to the advance appropriation provided last year. The conference report includes bill language citing new authority for services for those affected by drinking water contamination at Camp Lejeune, NC. Additional fiscal year 2013 funding is provided for hiring mental health providers and offsetting a projected decline in revenues.

The conference agreement provides \$1,351,851,000 in fiscal year 2014 to fully implement VA homeless assistance programs, including the providers grant and per diem, domiciliary care for homeless veterans, and the HUD-VA supported housing program. In

addition, the agreement provides \$4,816,132,000 for homeless veteran treatment costs in fiscal year 2014.

The conference agreement provides the full fiscal year 2014 request of \$6,453,027,000 for mental health programs, including \$443,332,000 for post-traumatic stress disorder (PTSD), \$246,400,000 for traumatic brain injury, and \$75,605,000 for suicide prevention.

The conferees support the VA effort to hire an additional 1,600 mental health clinicians and 300 support staff as part of an ongoing review of mental health operations. The conferees direct the VA to provide the Committees, no later than 60 days after enactment of this Act, a detailed staffing plan and timeline to add these additional personnel.

The conference agreement provides \$250,000,000 for the Office of Rural Health. The conferees acknowledge that the VA is making substantial efforts to improve access and quality of care for rural areas, but are concerned that significant gaps remain. To address the ongoing challenges in recruiting and retaining highly qualified healthcare professionals in rural areas, the conferees urge the VA to consider innovative ways to rotate practitioners through rural areas, including the approaches suggested in the Senate report. Secondly, the conferees urge the VA to move expeditiously in its implementation of the grant program that will allow veterans service organizations to provide better transportation options for rural veterans seeking care at VA facilities. Finally, the conferees urge the VA to thoroughly test the approach for providing non-VA care in rural facilities that is being demonstrated in the Access Received Closer to Home program (Project ARCH) and consider expanding Project ARCH's reach.

The conferees concur with the direction of the House regarding an annual report detailing the distribution of medical services funding among the VISN, central headquarters, and medical centers.

The conferees understand that the time period for the Office of Management and Budget's (OMB) review of the regulation establishing VA participation in State prescription drug monitoring boards has expired. The conferees urge OMB to facilitate publication of the regulation so that the program may be implemented before the end of the calendar year.

The conferees urge the VA to work in conjunction with the Department of Justice's veterans treatment courts program to provide collaborative, rehabilitative approaches for continuing judicial supervision over offenders who are veterans.

#### MEDICAL SUPPORT AND COMPLIANCE

The conference agreement appropriates \$6,033,000,000 in advance for fiscal year 2014 for Medical Support and Compliance.

#### MEDICAL FACILITIES

The conference agreement appropriates \$4,872,000,000 in advance for fiscal year 2014 for Medical Facilities.

In March of 2012, the Committees were notified that contracting errors were made in the Solicitation for Offers to build the Community Based Outpatient Clinics [CBOCs] in Southwest Louisiana. These errors have resulted in delays in the opening of the Lake Charles CBOC and the expansion of the Lafayette CBOC. The conferees direct the Department to continue to provide the Committees regular updates on the progress being made to correct the errors and to complete these CBOCs in an expeditious manner.

#### MEDICAL AND PROSTHETIC RESEARCH

The conference agreement appropriates \$582,674,000 for Medical and Prosthetic Research.

#### NATIONAL CEMETERY ADMINISTRATION

The conference agreement appropriates \$258,284,000 for the National Cemetery Administration (NCA). Of the amount provided, \$25,828,000 is available until September 30, 2014.

The conferees are concerned that the NCA is not adequately serving the Nation's veterans in rural areas. While the strategy to serve rural veterans outlined in the fiscal year 2013 budget request is a partial step, it fails to offer a long-term strategy for addressing this underserved veteran population. The conferees are concerned that the NCA places undue emphasis on major

urban areas whereas the NCA's effort toward rural areas appears to be a lower priority. As a result, the conference agreement includes bill language requiring the Secretary to provide a report to the Committees within 180 days of enactment of this Act outlining a strategy to address the shortcomings identified in House Report 112-491, with proposed policies and an implementation timeframe. In addition, the conference agreement requires the Government Accountability Office to conduct a review of this strategy and submit it to the Committees not later than 180 days after the Committees receive the strategy.

The conference agreement includes bill language directing the Secretary to issue guidelines on committal services at VA national cemeteries to ensure that veterans' families may hold committal services with any religious or secular content they desire and invite the participation of an honor guard and veterans service organizations, subject to VA security, safety, and law enforcement regulations. The agreement also restricts VA from editing or controlling the content of speeches at events at national cemeteries, subject to VA authorities provided in section 2413 of title 38, United States Code.

## DEPARTMENTAL ADMINISTRATION

### GENERAL ADMINISTRATION

#### (INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$424,737,000 for General Administration. Of the amount provided, \$20,837,000 is available for obligation until September 30, 2014. The conference agreement includes bill language permitting the transfer of funds from this account to "General Operating Expenses, Veterans Benefits Administration."

The conference agreement includes bill language designating that not less than \$86,006,000 is provided for the Board of Veterans Appeals. The conferees direct the Department to provide to the Committees within 30 days of enactment of this Act a fiscal year 2013 staffing plan and detailed strategic plan to address wait time and backlogs at the Board of Veterans Appeals.

The conference agreement includes bill language indicating that such sums as may be necessary are provided so that the Department may comply with the energy management requirements under the National Energy Conservation Policy Act.

The conference agreement includes the following funding levels:

(in thousands of dollars)

	<u>Conference</u>
Office of the Secretary	10,085
Board of Veterans Appeals	86,006
Office of General Counsel	83,099
Office of Management	45,598
Office of Human Resources	70,379
Office of Policy and Planning	26,015
Office of Operations, Security and Preparedness	18,510
Office of Public and Intergovernmental Affairs	23,037
Office of Congressional Affairs and Legislative Affairs	6,302
Office of Acquisition, Logistics and Construction	55,706
<i>Total</i>	424,737

The conferees concur with the House language for the Major Construction account regarding a report on the contract audit program for construction projects and the periodic reporting done by building contractors and intend that the report be provided by the VA central office. The conferees also concur with the Senate language for the General Administration

account requesting a report outlining processes that are in place to ensure proper oversight of construction, including which components of central oversight are performed outside of the various VA administrations and whether spot audits are performed in the field.

The conferees concur with House language regarding the VA budget office being the primary communication source within the VA to the Committees and their Members.

#### GENERAL OPERATING EXPENSES,

#### VETERANS BENEFITS ADMINISTRATION

The conference agreement appropriates \$2,164,074,000 for General Operating Expenses, Veterans Benefits Administration. The agreement makes available not to exceed \$113,000,000 of this funding until the end of fiscal year 2014.

(BA)  
(VBA) The lengthy wait time and persistent backlog of claims at the Veterans Benefits Administration continue to impose an unacceptable burden on disabled veterans. The conferees understand that the Department has set 2015 as the date by which it plans to achieve a significant reduction in the backlog of claims and to increase the accuracy rate at all regional offices to 98 percent. The conferees concur with direction and reporting requirements in the Senate report and direct the Department to submit one report 90 days after enactment of this Act containing: (1) the metrics developed for evaluating the success in reducing the backlog of claims and the average adjudication time by utilizing external vendors in specific areas of collecting claims materials; (2) the wait times, accuracy rates, and backlog of disability claims decisions at all 57 regional offices; (3) how the quality-review teams and the quality initiatives at each regional office have affected the performance, wait times, and rates at each location; and (4) the specific metrics the VBA uses in determining personnel performance.

The conferees direct the Department to provide quarterly reports on the implementation of the Veterans Benefits Management System (VBMS) and how the implementation has increased the efficiency and timeliness of VBA claims processing, with the quarterly reports including the number and location of the regional offices that have adopted the paperless claims processing system and the rollout of the individual improved business processes.

Recent findings by the Department of Veterans Affairs Office of Inspector General that the Oakland, Los Angeles and San Diego, California VA Regional Offices have high error rates and claims processing times compared to other regional offices across the Nation is unacceptable. For example, the Inspector General found that 80 percent of claims reviewed in the Los Angeles office were unnecessarily delayed and that in one case a claim in Oakland had been pending for 8 years. The conferees concur with the direction in the Senate report and direct the Department to submit a report to the Committees no later than 90 days after enactment of this Act detailing how the Inspector General's recommendations are being implemented at these Regional Offices. The report shall also include an explanation about why the Los Angeles office is currently operating in what is referred to as "safe mode," which means that staff is not held accountable to VA standards.

#### INFORMATION TECHNOLOGY SYSTEMS

( ) (Including Transfer of Funds)

The conference agreement appropriates \$3,327,444,000 for Information Technology (IT) Systems. The agreement identifies separately in bill language the funding available for pay (\$1,021,000,000); operations and maintenance (\$1,812,045,000); and systems development, modernization, and enhancement (\$494,399,000). The agreement makes \$30,630,000 of pay funding available until the end of fiscal year 2014; \$126,000,000 of operations and maintenance funding available until the end of fiscal year 2014; and all IT systems development, modernization and enhancement funding available until the end of fiscal year 2014. (SC)

The conference agreement includes bill language prohibiting the obligation of IT development, modernization, and enhancement funding until the VA submits a certification of the amounts to be obligated, in part or in full, for each development project.

The conference agreement includes bill language permitting funding made available for the three IT subaccounts to be transferred among them after the VA requests and receives approval from the Committees.

The conference agreement includes bill language providing that funding may be transferred between development projects or to new projects subject to the Committees' approval.

The conference agreement includes bill language restricting the amount of funding that may be obligated to develop the integrated Department of Defense/Department of Veterans Affairs (DOD-VA) integrated electronic health record (iEHR) to 25 percent of the funding provided until the DOD-VA Interagency Program Office (IPO) provides the Committees an expenditure plan including elements such as a long-term roadmap for the life of the project, with annual and total spending for each Department and quarterly milestones. The expenditure plan should also be submitted to the Government Accountability Office (GAO) for review. The Department of Defense appropriations has comparable bill language.

Act) — The conferees are concerned that after four years of working to establish a joint framework to collaborate and develop an integrated electronic health record, the two Departments still seem to be operating as separate entities. The conferees support the creation of the IPO and recognize this office as the single point of accountability for the development and implementation of the integrated electronic health record for both Departments. Unfortunately, since the creation of the IPO and the naming of a director, the conferees have seen little benefit from establishing this office, since both Departments still appear to operate as separate entities. Despite repeated inquiries, neither of the Departments nor the IPO has been able to provide Congress with a firm total cost of the integrated system. The conferees are concerned that the IPO is unable to maintain focus on its defined goals, provide effective governance, manage and maintain accountability on behalf of both Departments, and provide Congress with detailed expenditure plans as well as information regarding progress and future plans for this project.

As a result, the conferees direct the IPO to deliver to the congressional defense committees, the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies, and to the GAO a quarterly report that includes a detailed, plain English narrative explanation of the cost and schedule of the iEHR development, to include milestones, knowledge points, and acquisition timelines as it impacts both Departments, as well as quarterly obligation reports. The conferees also direct the IPO to continue briefing the Committees on a quarterly basis. The conferees further direct the GAO to review these quarterly reports and provide an annual report to the congressional defense committees and the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies on the cost and schedule of the iEHR.

As part of the VA's modernization effort, the Department plans to replace its current automated appointment scheduling system with a modern application. The conferees support this effort, however, remain concerned that the VA has not developed a clear strategy aimed at replacing this system. Therefore the conferees direct the Department to submit a report to the Committees detailing the timeline, cost estimate, and implementation strategy for replacing the scheduling system.

The conferees include bill language making funds available for IT development, modernization, and enhancement for the projects and in the amounts specified in the following table:

**Information Technology Development Projects**  
(\$ in 000s)

<b>Project</b>	<b>Conf. Agreement</b>
Access to Healthcare IT Development	40,313
Surgical Quality and Workflow Management Development	27,503
Healthcare Efficiency IT Development	4,659
Homelessness IT Development	3,075
Integrated Electronic Health Record (iEHR)	104,000
Mental Health IT Development	8,818
New Models of Care IT Development	35,724
Veterans Benefits Management System (VBMS)	38,525
Virtual Lifetime Electronic Record (VLER)	49,939
Veterans Relationship Management (VRM)	96,218
Health Management Platform Development	7,500
International Classification of Diseases-10 Development	11,500
VHA Research IT Support Development	18,521
Human Capital Development	9,100
Integrated Operating Model	14,100
VA Learning Management Systems Development	5,540
Other IT Development	19,364
<b>Total All Development</b>	<b>494,399</b>

The conferees intend this table to serve as the Department's approved list of development projects; any requested changes are subject to reprogramming guidelines.

The conference agreement directs the Department to submit an expenditure plan to the Committees within 30 days of enactment of this Act. This plan should be in the same format as the table above.

#### OFFICE OF INSPECTOR GENERAL

The conference agreement appropriates \$115,000,000 for the Office of Inspector General. Of the amount provided, \$6,000,000 is available for obligation until September 30, 2014. The conferees intend the increase above the budget request to be used for review of VA spending on conferences, the NCA rural cemetery strategy, and VHA audit and field review activities.

#### CONSTRUCTION, MAJOR PROJECTS

The conference agreement appropriates \$532,470,000 for Construction, Major Projects. The agreement makes this funding available for five years, except that \$30,000,000 is made available until expended.

The conferees are pleased that the Department has already begun to transition major construction to a five-year funding cycle. During this implementation period, the conferees provide extended availability for a small amount of the funding while the VA reaches the requirement that project design be 35 percent complete prior to requesting construction funding. The extended availability will protect VA investment if unanticipated circumstances mandate expenditures beyond the five-year project window.

The conference agreement funds the following items as requested in the budget submission:

Project	Conference Agreement
Veterans Health Admin (VHA):	
St. Louis, MO medical facility improvements	\$130,300,000

Palo Alto, CA polytrauma/ambulatory care building	177,823,000
Seattle, WA mental health building	55,000,000
Dallas, TX spinal cord injury building	33,500,000
Advance Planning Fund	70,000,000
Asbestos	8,000,000
Major Construction Staff	24,000,000
Claims Analysis	2,000,000
Facility Security	7,200,000
Hazardous Waste	5,000,000
Judgment Fund	5,000,000
Total VHA	517,823,000
National Cemetery Admin (NCA):	
Advance Planning Fund	2,647,000
NCA Land Acquisition Fund	7,000,000
Total NCA	9,647,000
General Admin staff offices advance planning fund	5,000,000
Major construction total	532,470,000

The conferees direct the VA to submit a master plan at the time of the budget submission describing each major construction project included in the budget. The plan should include the projected timeline for completion of each component of each of the projects and the annual and total cost of each project. The format of the DOD Form 1391 is a good model for the VA to use to describe clearly and completely the expected obligations for each project.

## CONSTRUCTION, MINOR PROJECTS

The conference agreement appropriates \$607,530,000 for Construction, Minor Projects. The agreement makes this funding available for five years. The agreement provides \$506,332,000 for the Veterans Health Administration; \$58,100,000 for the National Cemetery Administration; \$13,405,000 for the General Administration – Staff Offices; and \$29,693,000 for the Veterans Benefits Administration.

The conferees direct the Department to provide to the Committees an expenditure plan for this account within 30 days of enactment of this Act.

## GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The conference agreement appropriates \$85,000,000 for Grants for Construction of State Extended Care Facilities.

## GRANTS FOR CONSTRUCTION OF VETERANS CEMETERIES

The conference agreement appropriates \$46,000,000 for Grants for Construction of Veterans Cemeteries.

## ADMINISTRATIVE PROVISIONS

(Including Transfers and Rescissions of Funds)

The conference agreement includes section 201 allowing for transfers among the three mandatory accounts.

The conference agreement includes section 202 allowing for the transfer of funds among the three medical accounts.

The conference agreement includes section 203 allowing salaries and expenses funds to be used for related authorized purposes.

The conference agreement includes section 204 restricting the use of funds for the acquisition of land.

The conference agreement includes section 205 limiting the use of funds in the Medical Services account only for entitled beneficiaries unless reimbursement is made to the Department.

The conference agreement includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The conference agreement includes section 207 allowing the use of appropriations available in this title to pay prior year obligations.

The conference agreement includes section 208 allowing the Department to use surplus earnings from the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund to administer these programs.

The conference agreement includes section 209 allowing the Department to cover the administrative expenses of enhanced-use leases and provides authority to obligate these reimbursements in the year in which the proceeds are received.

The conference agreement includes section 210 limiting the amount of reimbursement the Office of Resolution Management and the Office of Employment Discrimination Complaint Adjudication can charge other offices of the Department for services provided.

The conference agreement includes section 211 limiting the use of funds for any lease with an estimated annual rental cost of more than \$1,000,000 unless approved by the Committees.

The conference agreement includes section 212 requiring the Department to collect third-party payer information for persons treated for a non-service connected disability.

The conference agreement includes section 213 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The conference agreement includes section 214 outlining authorized uses for medical services funds.

The conference agreement includes section 215 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services account.

The conference agreement includes section 216 which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations.

The conference agreement includes section 217 providing for the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The conference agreement includes section 218 prohibiting the use of funds for any policy prohibiting the use of outreach or marketing to enroll new veterans.

The conference agreement includes section 219 requiring the Secretary to submit quarterly reports on the financial status of the Veterans Health Administration.

The conference agreement includes section 220 requiring the Department to notify and receive approval from the Committees of any proposed transfer of funding to or from the Information Technology Systems account.

The conference agreement includes section 221 prohibiting any funds to be used to contract out any function performed by more than ten employees without a fair competition process.

The conference agreement includes section 222 limiting the obligation of non-recurring maintenance funds during the last two months of the fiscal year.

The conference agreement includes section 223 providing up to \$247,356,000 for transfer to the joint DOD-VA Medical Facility Demonstration Fund.

The conference agreement includes section 224 which authorizes transfers from the Medical Care Collections Fund to the joint DOD-VA Demonstration Fund.

The conference agreement includes section 225 which transfers at least \$15,000,000 from VA medical accounts to the DOD-VA health care sharing incentive fund.

The conference agreement includes section 226 which rescinds fiscal year 2013 medical account funding and re-appropriates it to be available for two years. The provision rescinds and

re-appropriates \$1,500,000,000 for Medical Services, \$200,000,000 for Medical Support and Compliance, and \$250,000,000 for Medical Facilities.

The conference agreement includes section 227 requiring that the Department notify the Committees of bid savings in major construction projects of at least \$5,000,000 or 5 percent within 14 days of a contract identifying the programmed amount.

The conference agreement includes section 228 which prohibits the VA from increasing the scope of work for a major construction project above the scope specified in the original budget request.

The conference agreement includes section 229 requiring the Secretary to report to the Committees each quarter about any single national outreach and awareness marketing campaign exceeding \$2,000,000.

The conference agreement includes section 230 requiring the VA to submit a reprogramming request whenever funding allocated in the expenditure plan for a Medical Care initiative differs by more than \$25,000,000 from the allocation shown in the 2013 congressional budget justification.

The conference agreement includes section 231 prohibiting the use of funds in the Act for any contract using procedures that do not give to small business concerns owned and controlled by veterans any preference with respect to such contract, except for a preference given to small business concerns owned and controlled by service-disabled veterans.

The conference agreement includes section 232 clarifying that Medical Services funds appropriated in advance for fiscal year 2013 may be used for newly authorized services for those affected by drinking water contamination at Camp Lejeune, NC.

TITLE III  
RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION  
SALARIES AND EXPENSES

The conference agreement includes \$62,929,000 for Salaries and Expenses of the American Battle Monuments Commission. The conference agreement provides an additional \$4,529,000 above the budget request to be used for additional engineering and maintenance projects and interpretive activities.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The conference agreement includes such sums as necessary, estimated at \$15,200,000, for the Foreign Currency Fluctuations Account.

UNITED STATES COURT OF APPEALS FOR VETERANS CLAIMS  
SALARIES AND EXPENSES

The conference agreement includes \$32,481,000 for Salaries and Expenses.

*Pro Bono Program.*—The conferees direct that the Veterans Consortium Pro Bono program provide an annual report to the Committees that includes the expenditure plan for funds provided by this agreement not later than 60 days after the enactment of this Act.

DEPARTMENT OF DEFENSE – CIVIL  
CEMETERIAL EXPENSES, ARMY  
SALARIES AND EXPENSES

The budget request proposed to fund Arlington National Cemetery through three accounts: \$25,000,000 to be provided through Operation and Maintenance, Army, \$103,000,000 to be provided through Military Construction, Army, and \$45,800,000 to be provided through Cemeterial Expenses, Army for a total of \$173,800,000. The conferees provide \$65,800,000 for Salaries and Expenses, which includes \$20,000,000 to address the maintenance and infrastructure repairs proposed for funding through Operation and Maintenance, Army.

Language is included to make \$27,000,000 available until September 30, 2015 instead of providing all funds as available until expended. The conference agreement also establishes a new construction account.

#### CONSTRUCTION

The conference agreement provides \$103,000,000 for construction and language has been included to make these funds available until September 30, 2017. The budget request proposed to fund these projects through Military Construction, Army.

#### ARMED FORCES RETIREMENT HOME

##### TRUST FUND

The conference agreement includes \$67,590,000 for the Armed Forces Retirement Home, to be derived from the Trust Fund.

#### ADMINISTRATIVE PROVISION

The conference agreement includes section 301 permitting funds to be provided to Arlington County, Virginia for the relocation of a water main located on the Arlington National Cemetery property.

TITLE IV  
OVERSEAS CONTINGENCY OPERATIONS  
DEPARTMENT OF DEFENSE

The conference agreement includes title IV, Overseas Contingency Operations. Title IV provides funding for certain military construction projects in the Central Command and Africa Command Areas of Responsibility that were requested in title I, Military Construction, in the budget submission. The conferees agree that the projects transferred to title IV are necessary to support the global war on terrorism and should be designated as overseas contingency operations functions.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$150,768,000 for Military Construction, Navy and Marine Corps.

ADMINISTRATIVE PROVISION

(Including Rescission of Funds)

The conference agreement includes section 401 rescinding unobligated balances from section 2005 in title X, of Public Law 112-10 and division H in title IV, of Public Law 112-74 in the specific amount of \$150,768,000.

## TITLE V

### GENERAL PROVISIONS

The conference agreement includes section 501 prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The conference agreement includes section 502 prohibiting the use of the funds in this Act for programs, projects or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The conference agreement includes section 503 prohibiting the use of funds in this Act to support or defeat legislation pending before Congress.

The conference agreement includes section 504 encouraging all Departments to expand their use of "E-Commerce".

The conference agreement includes section 505 specifying the Congressional Committees that are to receive all reports and notifications.

The conference agreement includes section 506 prohibiting the transfer of funds to any instrumentality of the United States Government without authority from an appropriations Act.

The conference agreement includes section 507 prohibiting the use of funds for a project or program named for a serving Member, Delegate, or Resident Commissioner of the United States House of Representatives.

The conference agreement includes section 508 requiring all reports submitted to the Congress to be posted on official websites of the submitting agency.

The conference agreement includes section 509 prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The conference agreement includes section 510 prohibiting funds in this Act for the Association of Community Organizations for Reform Now or its subsidiaries or successors.

The conference agreement includes section 511 prohibiting the use of funds in this Act for the renovation, expansion, or construction of any facility in the continental United States for the purpose of housing any individual who has been detained at the United States Naval Station, Guantanamo Bay, Cuba.

The conference agreement includes section 512 prohibiting the use of funds for the payment of first-class travel by an employee of the executive branch.

The conference agreement includes section 513 prohibiting the use of funds in this Act for any contract where the contractor has not complied with E-Verify requirements.

The conference agreement includes section 514 prohibiting the use of funds in this Act for any contract, memorandum of understanding, or cooperative agreement with any corporation convicted of a felony criminal violation within the preceding 24 months, where the awarding agency is aware of the conviction.

The conference agreement includes section 515 prohibiting the use of funds in this Act for any contract, memorandum of understanding, or cooperative agreement with any corporation with an unpaid tax liability.

The conference agreement includes section 516 requiring pay raises to be absorbed within the levels appropriated in the Act.

The conference agreement includes section 517 restricting the use of funds to pay for attendance of more than 50 employees at any single conference outside the United States.

DIVISION C – FULL-YEAR CONTINUING APPROPRIATIONS ACT,  
2013

This Act provides continuing appropriations for the remainder of fiscal year 2013 for programs and activities in the following bills:

- Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act,
- Commerce, Justice, Science, and Related Agencies Appropriations Act,
- Energy and Water Development and Related Agencies Appropriations Act,
- Financial Services and General Government Appropriations Act,
- Department of Homeland Security Appropriations Act,
- Department of the Interior, Environment, and Related Agencies Appropriations Act,
- Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act,
- Legislative Branch Appropriations Act,
- Department of State, Foreign Operations, and Related Programs Appropriations Act, and
- Transportation, Housing and Urban Development, and Related Agencies Appropriations Act.

## DIVISION D – ACROSS-THE-BOARD REDUCTIONS

Section 3001 provides across-the-board reductions to ensure that aggregate spending in the Act complies with the discretionary spending limits in the Budget Control Act of 2011.

Section 3002 indicates that a sequestration under section 251A(7)(A) of the Balanced Budget and Emergency Deficit Control Act of 1985 is applied to the amounts provided in the Act.
