SEC. 1025. SENSE OF CONGRESS RECOGNIZING THE ANNI-
VERSARY OF THE SINKING OF U.S.S. THRESH-
ER.

(a) FINDINGS.—Congress makes the following find-

(1) U.S.S. Thresher was first launched at Ports-
mouth Naval Shipyard on July 9, 1960.
(2) U.S.S. *Thresher* departed Portsmouth Naval Shipyard for her final voyage on April 9, 1963, with a crew of 16 officers, 96 sailors, and 17 civilians.

(3) The mix of that crew reflects the unity of the naval submarine service, military and civilian, in the protection of the United States.

(4) At approximately 7:47 a.m. on April 10, 1963, while in communication with the surface ship U.S.S. *Skylark*, and approximately 220 miles off the coast of New England, U.S.S. *Thresher* began her final descent.

(6) In response to the loss of U.S.S. *Thresher*, the United States Navy instituted new regulations to ensure the health of the submariners and the safety of the submarines of the United States.

(7) Those regulations led to the establishment of the Submarine Safety and Quality Assurance program (SUBSAFE), now one of the most comprehensive military safety programs in the world.

(8) SUBSAFE has kept the submariners of the United States safe at sea ever since as the strongest, safest submarine force in history.
(9) Since the establishment of SUBSAFE, no
SUBSAFE-certified submarine has been lost at sea,
which is a legacy owed to the brave individuals who
perished aboard U.S.S. Thresher.

(10) From the loss of U.S.S. Thresher, there
arose in the institutions of higher education in the
United States the ocean engineering curricula that
enables the preeminence of the United States in sub-
marine warfare.

(11) The crew of U.S.S. Thresher demonstrated
the “last full measure of devotion” in service to the
United States, and this devotion characterizes the
sacrifices of all submariners, past and present.

(b) SENSE OF CONGRESS.—Congress—

(1) recognizes the 51st anniversary of the sink-

(3) the Russian Federation should immediately cease all improper and illegal activities in Ukraine;

(3) the United States should take definitive steps to maintain its basing access and agreements with the Government of Djibouti to support United States vital national security interests in the region;

(A) That the good or service concerned is to be used only in support of covered activities.

(i) to reduce—

(I) United States transportation costs; or

(ii) to promote regional security, stability, and economic prosperity in Africa.
(C) That the good or service is of equivalent quality of a good or service that would have otherwise been acquired.

(2) ADDITIONAL REQUIREMENT.—A determination under paragraph (1)(B) shall not be effective for purposes of a limitation or preference under subsection (b) unless the Secretary also determines that the limitation or preference will not adversely affect—

(b) REPORT.—

(1) IN GENERAL.—Not later than 120 days after the date of the enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, shall submit to the appropriate congressional committees a report on the strategic framework required by subsection (a).
(2) **FORM.**—The report required by paragraph (1) shall be submitted in an unclassified form, but may include a classified annex.

(3) **DEFINITION.**—In this subsection, the term “appropriate congressional committees” means—

(A) the Committee on Armed Services and the Committee on Foreign Relations of the Senate; and

(B) the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives.

**SEC. 1247. REQUIREMENT OF DEPARTMENT OF DEFENSE TO CONTINUE IMPLEMENTATION OF UNITED STATES STRATEGY TO PREVENT AND RESPOND TO GENDER-BASED VIOLENCE GLOBALLY AND PARTICIPATION IN INTERAGENCY WORKING GROUP.**

(a) **SENSE OF CONGRESS.**—It is the sense of Congress that—

(1) the most dangerous places to be a woman are some of the most unstable and violent regions in the world and gender-based violence will impact one in three women worldwide and this in turn has a direct impact on United States national security, the
stability of nations, the rule of law, democracy, and peace-building processes;

(2) combating violence against women and girls through the implementation and integration of gender-based violence prevention and response mechanisms throughout United States overseas operations is a critical step toward promoting regional and global stability and achieving sustainable peace and security;

(3) under the Joint Explanatory Statement of the Committee of Conference accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2012 (H.R. 2055, One Hundred Twelfth Congress), the Secretary of State and the Administrator of the United States Agency for International Development were directed in the matter relating to section 7061 to submit to Congress a multi-year strategy to prevent and respond to violence against women and girls in countries where it is common through achievable and sustainable goals, benchmarks for measuring progress, and expected results, including through regular engagement with men and boys as community leaders and advocates in ending such violence;
Executive Order 13623 of August 10, 2012 (77 Fed. Reg. 49345) established the United States Strategy to Prevent and Respond to Gender-based Violence Globally (in this section referred to as the “Strategy”), the first such strategy submitted pursuant to the matter relating to section 7061 under the Joint Explanatory Statement of the Committee of Conference accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2012;

Executive Order 13623 required the Department of Defense to participate in an Interagency Working Group co-chaired by the Department of State and the United States Agency for International Development to implement the Strategy; and

since the authority for the Strategy was established initially in the matter relating to section 7061 under the Joint Explanatory Statement of the Committee of Conference accompanying the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2012, it is important for Congress to maintain its appropriate oversight over the implementation of the Strategy.

(b) BRIEFINGS REQUIRED.—
(1) IN GENERAL.—Not later than 180 days after the date of the enactment of this Act, the Secretary of Defense shall brief the appropriate congressional committees on efforts of the Department of Defense relating to participation in the Interagency Working Group to implement the Strategy.

(2) MATTERS TO BE INCLUDED.—As part of the briefings, the Secretary shall describe specifically efforts of the Department of Defense in the Interagency Working Group to implement international violence against women and girls prevention and response strategies, funding allocations, programming, and associated outcomes.

(3) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—In this subsection, the term “appropriate congressional committees” means—

(A) the Committee on Armed Services and the Committee on Foreign Relations of the Senate; and

(B) the Committee on Armed Services and the Committee on Foreign Affairs of the House of Representatives.

(e) REQUIREMENT TO CONTINUE IMPLEMENTATION OF STRATEGY AND PARTICIPATION IN INTERAGENCY
WORKING GROUP.—The Secretary of Defense shall ensure that the Department of Defense—

(1) during the current period of the Strategy, continues to implement the Strategy as appropriate by reason of the role of the Department of Defense in the Interagency Working Group; and

(2) continues to participate in interagency collaborative efforts to prevent and respond to violence against women and girls.

SEC. 1248. DEPARTMENT OF DEFENSE SITUATIONAL AWARENESS OF ECONOMIC AND FINANCIAL ACTIVITY.

(a) FINDINGS.—Congress makes the following findings:

(1) There is a lack of situational awareness within the Department of Defense concerning how state and non-state adversaries and potential adversaries are interwoven into the international financial and trading systems via legal and licit activities and use such market activities to fund and equip themselves and advance their interests.

(2) There is a lack of capability within the Department of Defense to formulate policy options within the interagency process, or for consideration within the Department, concerning whether state
and non-state adversaries and potential adversaries have key vulnerabilities associated with their positioning within the global economic and financial systems.

(3) The Department of Defense would benefit from having enhanced situational awareness regarding the commercial and strategic interactions of state and non-state adversaries and potential adversaries within the global economic and financial systems and integrating relevant findings into defense policy options, deterrence strategy, planning and preparedness.

(4) The state-owned enterprises and sovereign wealth funds of adversaries and potential adversaries represent, in some cases, strategic tools of their controlling governments and their global operations and therefore warrant increased scrutiny and knowledge.

(5) Without improved situational awareness of the business transactions and financial activities of state and non-state adversaries and potential adversaries, as well as entities they own and control, current efforts and deterrence strategies will continue to represent an underdeveloped defense requirement that lacks strategic direction.
(b) **Enhanced Situational Awareness Required.**—The Secretary of Defense shall take such steps as may be necessary to improve—

(1) the situational awareness capabilities of the Department of Defense regarding the legal and licit business transactions and global market positioning of adversaries and potential adversaries; and

(2) the ability of the Department to translate such situational awareness into the intelligence, planning, deterrence, and capabilities and strategies of the Department.

**Sec. 1249. Treatment of the Kurdistan Democratic Party and the Patriotic Union of Kurdistan Under the Immigration and Nationality Act.**

(a) **Discretion to Exclude Kurdistan Democratic Party and Patriotic Union of Kurdistan From Treatment as Terrorist Organizations.**—The Secretary of State, after consultation with the Secretary of Homeland Security and the Attorney General, or the Secretary of Homeland Security, after consultation with the Secretary of State and the Attorney General, may exclude the Kurdistan Democratic Party and the Patriotic Union of Kurdistan from the definition of terrorist organization in section 212(a)(3)(B)(vi) of the Immigration and
Nationality Act (8 U.S.C. 1182(a)(3)(B)(vi)) for the limited purpose of issuing a temporary visa to a member of the Kurdistan Democratic Party or the Patriotic Union of Kurdistan.

(b) Prohibition on Judicial Review.—Notwithstanding any other provision of law (whether statutory or nonstatutory), section 242 of the Immigration and Nationality Act (8 U.S.C. 1252), sections 1361 and 1651 of title 28, United States Code, section 2241 of such title, and any other habeas corpus provision of law, no court shall have jurisdiction to review any determination made pursuant to subsection (a).

SEC. 1250. PROHIBITION ON INTEGRATION OF CERTAIN MISSILE DEFENSE SYSTEMS.

None of the funds authorized to be appropriated by this Act or otherwise made available for fiscal year 2015 for the Department of Defense or for United States contributions to the North Atlantic Treaty Organization may be obligated or expended to integrate missile defense systems of the People’s Republic of China into missile defense systems of the United States.

(2) with the current force posture and structure of the United States Africa Command, the United States is accepting a high level of risk in defending United States posts that are “high risk, high threat” posts;

(3) the United States should posture forces forward and achieve the associated basing and access agreements to support such forces across the Continent of Africa in order to meet the “New Normal” and general mission requirements in the area of responsibility of the United States Africa Command;
(4) the Department of Defense should consider reassigning to the United States Africa Command enabler assets currently assigned to, and shared with, the United States European Command; and

(5) the United States Africa Command requires more intelligence, surveillance, and reconnaissance assets to meet the “New Normal” and general mission requirements in its area of responsibility.

(b) REPORT.—Not later than January 15, 2015, the Secretary of Defense, in consultation with the Secretary of State and the Chairman of the Joint Chiefs of Staff, shall submit to the appropriate congressional committees a report on the extent to which the “New Normal” requirements have changed the force posture and structure required of the United States Africa Command to meet the “New Normal” and general mission requirements in its area of responsibility.

(c) ELEMENTS.—The report required by subsection (b) shall include the following:

(1) A detailed description of the “New Normal” and general mission requirements in the area of responsibility of the United States Africa Command.

(2) A description of any changes required for the United States Africa Command to meet the “New Normal” and general mission requirements in
its area of responsibility, including the gaps or shortfalls in capability, size, posture, agreements, basing, and enabler support of all crisis response forces and associated assets to access and defend posts that are “high risk, high threat” posts.

(3) An assessment of how the United States Africa Command could employ permanently assigned military forces to support all mission requirements of the United States Africa Command.

(2) A list of each contractor with the Department of Defense (including any subcontractors at any tier of the contractor), and any person owned or controlled by the contractor or that owns or controls the contractor, that has conducted a significant transaction with an Iranian person whose property has been blocked pursuant to Executive Order 13224 (66 Fed. Reg. 49079) or Executive Order 13382 (70 Fed. Reg. 38567) during the 5-year pe-

SEC. 1264. SENSE OF CONGRESS ON UNITED STATES PRESENCE AND COOPERATION IN THE ARABIAN GULF REGION TO DETER IRAN.

It is the sense of Congress that—

(1) the United States should maintain a robust forward presence and posture in order to support United States allies and partners in the Arabian Gulf region, including Gulf Cooperation Council (GCC) countries and Israel, and to deter Iran;

(2) the United States should seek ways to support the security posture of GCC countries in the Arabian Gulf region to deter Iran;

(3) key strategic United States bases in the Arabian Gulf region that are used to deter Iran and would be used for any military operations in the Arabian Gulf region are entirely financed by funds for overseas contingency operations which is an unsustainable approach;
(4) such key strategic United States bases in
the Arabian Gulf region should be funded through
the base budget of the Department of Defense;

(5) the United States does not have status of
forces agreements and defense agreements with key
GCC allies, which would support the defense of the
Arabian Gulf region and would deter Iran, and the
United States should seek to complete these agree-
ments immediately;

(6) the interim agreement with Iran relating to
Iran’s nuclear program does not address key aspects
of Iran’s nuclear program, including the possible
military dimensions of Iran’s nuclear program;

(7) a comprehensive agreement with Iran relating
to Iran’s efforts to develop a nuclear weapons
capability should address past and present issues of
concern of the United States, the International
Atomic Energy Agency, and the United Nations Se-
curity Council;

(8) the United States should continue to put
significant pressure on Iran’s network of organiza-
tions that conduct malign activities in the Arabian
Gulf region, and around the globe, even while the
United States engages in negotiations with Iran re-
lating to Iran’s nuclear program;
(9) the United States Government should not enter into a contract with any person or entity that is determined to have violated United States sanctions laws with respect to contracting with the Government of Iran and should encourage United States allies, partners, and other countries to maintain the same contracting standard; and

(10) a comprehensive agreement with Iran relating to Iran’s efforts to develop or acquire a nuclear weapons capability should be agreed to by the United States only if—

(A) Iran ceases the enrichment of uranium;

(B) Iran has ceased the pursuit, acquisition, and development of, and has verifiably dismantled its nuclear, biological, and chemical weapons and ballistic missiles and ballistic missile launch technology; and

(C) the Government of Iran has ceased providing support for acts of international terrorism.

SEC. 1265. SENSE OF CONGRESS ON MODERNIZATION OF DEFENSE CAPABILITIES OF POLAND.

(1) The efforts of Poland to modernize its defense capabilities and restructure its armed forces have the potential not only to enhance the national security of Poland but also to strengthen the North Atlantic Treaty Organization (NATO).

(2) The main priority of Poland with respect to such efforts is to procure anti-aircraft and missile defense systems.

(3) At a time when most NATO allies are cutting defense spending, Poland has maintained a steady defense budget and is making significant investment in procurement of new defense systems.

(4) The United States should recognize the efforts of Poland to modernize its defense capabilities and restructure its armed forces and promote such efforts as a positive example for other NATO allies to follow.

(5) The United States has enjoyed a close cultural, economic, political, and military relationship with Poland for many years and the efforts of Poland to modernize its defense capabilities and restructure its armed forces provide opportunities for the two countries to work together even more closely.
(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the President should seek to work with Poland to ensure that, as part of the efforts of Poland to modernize its defense capabilities and restructure its armed forces—

(A) Poland, to the maximum extent practicable, procures defense systems that are interoperable with NATO defense systems and will help fill critical NATO shortfalls; and

(B) Poland, to the maximum extent practicable and to the extent not inconsistent with the provisions of subparagraph (A), procures United States defense systems that—

(i) will strengthen the bilateral, strategic partnership between the two countries;

(ii) will provide Poland with proven defense systems capabilities; and

(iii) promote deeper and closer bilateral cooperation between the two countries; and

(2) the United States stands ready to assist Poland to achieve its goals to modernize its defense capabilities and restructure its armed forces.

SEC. 3113. COST CONTAINMENT FOR URANIUM CAPABILITIES REPLACEMENT PROJECT.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the April 2010 Nuclear Posture Review, a February 2011 letter from the President to the Senate, and many other policy statements and documents have identified the Uranium Capabilities Replacement Project as a critical nuclear modernization priority;
(2) the failure of the Department of Energy and the National Nuclear Security Administration to successfully and efficiently execute and oversee the Uranium Capabilities Replacement Project under-mines national security and jeopardizes the long-term credibility of the nuclear deterrent;

(3) the April 8, 2014, testimony of the Acting Administrator for Nuclear Security that “close to half” of the $1,200,000,000 taxpayers have spent on the design of such project has been wasted is a grievous misuse of limited taxpayer funds, and the appropriate officials of the Federal Government and contractors must be held accountable;

(4) the uranium capabilities and modern infrastructure that are to be provided by all three phases of the Uranium Capabilities Replacement Project are critical to national security and Congress fully supports efforts to deliver all of these capabilities efficiently and expeditiously;

(5) focused attention and robust leadership from the highest levels of the executive branch and Congress are required to ensure that such project delivers such critical national security capabilities; and
(6) the Secretary of Energy and the Administrator for Nuclear Security must ensure that lines of responsibility, authority, and accountability for such project are clear going forward.

(1) by amending subsection (d) to read as follows:

“(d) COST OF PHASE I.—

“(A) the amount of the adjustment and the proposed total cost of Phase I;
“(B) a detailed justification for such adjustment, including a description of the changes that would be required to the project referred to in subsection (a) if Phase I were to not exceed the total cost set forth in paragraph (1);

“(C) a detailed description of the actions taken to hold appropriate contractors, employees of contractors, and employees of the Federal Government accountable for the repeated failures within the project;

“(D) a description of the clear lines of responsibility, authority, and accountability for the project as the project continues, including descriptions of the roles and responsibilities for each key Federal and contractor position; and

“(E) a detailed description of the structural reforms planned or implemented by the Secretary to ensure Phase I is executed on time and on schedule.

“(3) ANNUAL CERTIFICATION.—Not later than March 1 of each year through 2025, the Secretary shall certify in writing to the congressional defense committees and the Secretary of Defense that Phase I under subsection (a) of the project referred to in such subsection will meet—
“(A) the total cost set forth in paragraph

(1) (as adjusted pursuant to paragraph (2) if so adjusted); and

“(B) a schedule that enables, by not later than 2025—

“(i) uranium operations in building 9212 to cease; and

“(ii) uranium operations in a new facility constructed under such project to begin.

“(4) REPORT.—If the Secretary of Energy does not make a certification by March 1 of any year in which a certification is required under paragraph (3), by not later than May 1 of such year, the Chairman of the Nuclear Weapons Council shall submit to the congressional defense committees a report that identifies the resources of the Department of Energy that the Chairman determines should be redirected to enable the Department of Energy to meet the total cost and schedule described in subparagraphs (A) and (B) of such paragraph.”;

(2) in subsection (e), by adding at the end the following new paragraph:

“(3) REPORT.—Not later than March 1, 2015, the Secretary of Energy and the Secretary of the
Navy shall jointly submit to the congressional defense committees a report detailing the implementation of paragraphs (1) and (2), including—

“(A) a description of the program management, oversight, design, and other responsibilities for the project referred to in subsection (a) that are provided to the Commander of the Naval Facilities Engineering Command pursuant to paragraph (1); and

“(B) a description of the funding used by the Secretary under paragraph (2) to carry out paragraph (1).”; and

(3) by striking subsections (g) and (h).

SEC. 3114. PLUTONIUM PIT PRODUCTION CAPACITY.

(a) FINDINGS.—Congress finds the following:

(1) In 2008, the Department of Defense and the Department of Energy, acting through the Nuclear Weapons Council established by section 179 of title 10, United States Code, agreed on a strategy to balance cost, risk, and stockpile needs and established the requirement for the Department of Energy to produce 50 to 80 plutonium pits per year.

(2) In a memorandum of agreement dated May 3, 2010, entered into by the Secretary of Defense and the Secretary of Energy, the Secretaries agreed
that the Department of Energy would achieve a minimum pit production capacity of 50 to 80 pits per year by 2022.

(3) The current plans of the Secretary of Energy would achieve a pit production capacity of 50 to 80 pits per year by 2031, resulting in a delay of nearly a decade as compared to the agreement described in paragraph (2).

(4) In a report dated January 14, 2014, that the Secretary of Defense submitted to Congress, the Secretary stated that “the Department of Defense has revalidated its requirement for 50 – 80 pits per year based on the demands of stockpile modernization, the commitments to a modern physical infrastructure, and the ability to hedge against technical failure or geopolitical risk.”.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the requirement to create a modern, responsive nuclear infrastructure that includes the capability and capacity to produce, at minimum, 50 to 80 pits per year, is a national security priority;

(2) delaying creation of a modern, responsive nuclear infrastructure until the 2030s is an unac-
ceptable risk to the nuclear deterrent and the na-
tional security of the United States; and

(3) timelines for creating certain capacities for
production of plutonium pits and other nuclear
weapons components must be driven by the require-
ment to hedge against technical and geopolitical risk
and not solely by the needs of life extension pro-
grams.

(e) Pit Production.—

(1) In general.—Title XLII of the Atomic
Energy Defense Act (50 U.S.C. 2521 et seq.) is
amended by inserting after the item relating to sec-
section 4218 the following new section:

"SEC. 4219. PLUTONIUM PIT PRODUCTION CAPACITY.

"(a) Requirement.—Consistent with the require-
ments of the Secretary of Defense, the Secretary of En-
ergy shall ensure that the nuclear security enterprise—

"(1) during 2023, produces not less than 30
war reserve plutonium pits;

"(2) during 2026, produces not less than 50
war reserve plutonium pits; and

"(3) during a pilot period of not less than 90
days during 2027, demonstrates the capability to
produce war reserve plutonium pits at a rate suffi-
cient to produce 80 pits per year."
“(b) ANNUAL CERTIFICATION.—Not later than March 1, 2015, and each year thereafter through 2027, the Secretary shall certify to the congressional defense committees and the Secretary of Defense that the programs and budget of the Secretary will enable the nuclear security enterprise to meet the requirements under subsection (a).

“(c) PLAN.—If the Secretary does not make a certification by March 1 of any year in which a certification is required under subsection (b), by not later than May 1 of such year, the Chairman of the Nuclear Weapons Council shall submit to the congressional defense committees a plan to enable the nuclear security enterprise to meet the requirements under subsection (b). Such plan shall include identification of the resources of the Department of Energy that the Chairman determines should be redirected to support the plan to meet such requirements.”.

(2) CLERICAL AMENDMENT.—The table of contents for the Atomic Energy Defense Act is amended by inserting after the item relating to section 4218 the following new item:

“Sec. 4219. Plutonium pit production capacity.”.
SEC. 3115. DEFINITION OF BASELINE AND THRESHOLD FOR STOCKPILE LIFE EXTENSION PROJECT.

(1) in subsection (a)(1)(A), by adding after the period the following new sentence: “In addition to the requirement under subparagraph (B), the cost and schedule baseline of a nuclear stockpile life extension project established under this subparagraph shall be the cost and schedule as determined by the weapon design and cost report required prior to the project entering into the development engineering phase.”; and

(2) in subsection (b)(2), by striking “200” and inserting “150”.

SEC. 3116. PRODUCTION OF NUCLEAR WARHEAD FOR LONG-RANGE STANDOFF WEAPON.

(2) ASSESSMENT.—If the Secretary of Energy makes a notification under paragraph (1), the Commander of the United States Strategic Command shall submit to the congressional defense committees an assessment of the delay described in the notification, including—

(A) the effects of such delay to national security and nuclear deterrence and assurance; and
(B) any mitigation options available.

SEC. 3503. SENSE OF CONGRESS ON THE ROLE OF DOMES-
TIC MARITIME INDUSTRY IN NATIONAL SECU-
RITY.

(a) FINDINGS.—Congress finds that—

(1) the United States domestic maritime indus-
try carries hundreds of million of tons of cargo an-
nually, supports nearly 500,000 jobs, and provides
nearly 100 billion in annual economic output;

(2) the Nation’s military sealift capacity will
benefit from one of the fastest growing segments of
the domestic trades, 14 domestic trade tankers that
are on order to be constructed at United States
shipyards as of February 1, 2014;

(3) the domestic trades’ vessel innovations that
transformed worldwide maritime commerce include
the development of containerships, self-unloading
vessels, articulated tug-barges, trailer barges, chem-
ical parcel tankers, railroad-on-barge carfloats, and
river flotilla towing systems;

(4) the national security benefits of the domes-
tic maritime industry are unquestioned as the De-
partment of Defense depends on United States do-
mestic trades’ fleet of container ships, roll-on/roll-off
ships, and product tankers to carry military cargoes;

(5) the Department of Defense benefits from a
robust commercial shipyard and ship repair industry
and current growth in that sector is particularly im-
portant as Federal budget cuts may reduce the num-
ber of new constructed military vessels; and

(6) the domestic fleet is essential to national se-
curity and was a primary source of mariners needed
to crew United States Government-owned sealift ves-
sels activated from reserve status during Operations
Enduring Freedom and Iraqi Freedom in the period
2002 through 2010.
(b) SENSE OF CONGRESS.—It is the sense of Congress that United States coastwise trade laws promote a strong domestic trade maritime industry, which supports the national security and economic vitality of the United States and the efficient operation of the United States transportation system.
