1 tions (including regulatory obligations), personnel,
2 assets, and civilian staff responsibilities of the Sec-
3 retary relating to civil works from the Department
4 of Defense to a new or existing agency or subagency

4 in the annual Report to Congress on Future Water
5 Resources Development to determine authorization
6 needs and priorities for purposes of water resources
7 development legislation.

8 (5) To ensure that Congress can gain a thor-
9 ough understanding of the water resources develop-
10 ment needs and priorities of the United States, it is
11 important that the Secretary take sufficient steps to
12 ensure that non-Federal interests are made aware of
13 the new annual report process, including the need
14 for non-Federal interests to submit proposals during
15 the Secretary's annual request for proposals in order
16 for such proposals to be eligible for consideration by
17 Congress.
