(4) No Compensation for Service.—Members of the Task Force shall serve without pay, but shall receive travel expenses, including per diem in lieu of subsistence, in accordance with applicable provisions under subchapter I of chapter 57 of title 5, United States Code.

Subtitle H—Severability

Sec. 2701. Severability.

1 Subtitle A—Findings Reaffirming Commitment of Congress to Restore the Voting Rights Act

2 SEC. 2001. FINDINGS REAFFIRMING COMMITMENT OF CONGRESS TO RESTORE THE VOTING RIGHTS ACT.

Congress finds the following:

3 (1) The right to vote for all Americans is sacrosanct and rules for voting and election administration should protect the right to vote and promote voter participation.

4 (2) The Voting Rights Act has empowered the Department of Justice and Federal courts for nearly
a half a century to block discriminatory voting prac-
tices before their implementation in States and local-
ities with the most troubling histories and ongoing
records of racial discrimination.

(3) There continues to be an alarming move-
ment to erect barriers to make it more difficult for
Americans to participate in our Nation’s democratic
process. The Nation has witnessed unprecedented ef-
forts to turn back the clock and erect barriers to
voting for communities of color which have faced
historic and continuing discrimination, as well as
disabled, young, elderly, and low-income Americans.

(4) The Supreme Court’s 2013 *Shelby County*
v. *Holder* decision gutted decades-long Federal pro-
tections for communities of color that face historic
and continuing discrimination, emboldening States
and local jurisdictions to pass voter suppression laws
and implement procedures, such as those requiring
photo identification, limiting early voting hours,
eliminating same-day registration, purging voters
from the rolls, and reducing the number of polling
places. Congress is committed to reversing the dev-
astating impact of this decision.

(5) Racial discrimination in voting is a clear
and persistent problem. The actions of States and
localities around the country post-\textit{Shelby County}, in-
cluding at least 10 findings by Federal courts of in-
tentional discrimination, underscore the need for
Congress to conduct investigatory and evidentiary
hearings to determine the legislation necessary to re-
store the Voting Rights Act and combat continuing
efforts in America that suppress the free exercise of
the franchise in communities of color.

(6) The 2018 midterm election provides further
evidence that systemic voter discrimination and in-
timidation continues to occur in communities of
color across the country, making it clear that democ-
raey reform cannot be achieved until Congress re-
stores key provisions of the Voting Rights Act.

(7) Congress must remain vigilant in protecting
every eligible citizen’s right to vote. Congress should
respond by modernizing the electoral system to—

(A) improve access to the ballot;

(B) enhance the integrity and security of
our voting systems;

(C) ensure greater accountability for the
administration of elections; and

(D) restore protections for voters against
practices in States and localities plagued by the
persistence of voter disenfranchisement; and
(E) ensure that Federal civil rights laws protect the rights of voters against discriminatory and deceptive practices.

Subtitle B—Findings Relating to Native American Voting Rights

SEC. 2101. FINDINGS RELATING TO NATIVE AMERICAN VOTING RIGHTS.

Congress finds the following:

(1) The right to vote for all Americans is sacred. Congress must fulfill the Federal Government’s trust responsibility to protect and promote Native Americans’ exercise of their fundamental right to vote, including equal access to voter registration voting mechanisms and locations, and the ability to serve as election officials.

(2) The Native American Voting Rights Coalition’s four-State survey of voter discrimination (2016) and nine field hearings in Indian Country (2017-2018) revealed obstacles that Native Americans must overcome, including a lack of accessible and proximate registration and polling sites, non-traditional addresses for residents on Indian reservations, inadequate language assistance for Tribal members, and voter identification laws that discriminate against Native Americans. The Department of
Justice and courts have recognized that some jurisdictions have been unresponsive to reasonable requests from federally recognized Indian Tribes for more accessible and proximate voter registration sites and in-person voting locations.

(3) The 2018 elections provide further evidence that systemic voter discrimination and intimidation continues to occur in communities of color and Tribal lands across the country, making it clear that democracy reform cannot be achieved until Congress restores key provisions of the Voting Rights Act and passes additional protections.

(4) Congress has broad, plenary authority to enact legislation to safeguard the voting rights of Native American voters.

(5) Congress must conduct investigatory and evidentiary hearings to determine the necessary legislation to restore the Voting Rights Act and combat continuous efforts that suppress the voter franchise within Tribal lands, to include, but not to be limited to, the Native American Voting Rights Act (NAVRA) and the Voting Rights Advancement Act (VRAA).
Subtitle C—Findings Relating to District of Columbia Statehood

SEC. 2201. FINDINGS RELATING TO DISTRICT OF COLUMBIA STATEHOOD.

Congress finds the following:

(1) District of Columbia residents deserve full congressional voting rights and self-government, which only statehood can provide.

(2) The 700,000 residents of the District of Columbia pay more Federal taxes per capita than residents of any State in the country, yet do not have full and equal representation in Congress and self-government.

(3) Since the founding of the United States, the residents of the District of Columbia have always carried all the obligations of citizenship, including serving in all of the Nation’s wars and paying Federal taxes, all without voting representation on the floor in either Chamber of Congress or freedom from congressional interference in purely local matters.

(4) There are no constitutional, historical, financial, or economic reasons why the 700,000 Americans who live in the District of Columbia should not be granted statehood.
(5) The District of Columbia has a larger population than two States, Wyoming and Vermont, and is close to the population of the seven States that have a population of under one million fully represented residents.

(6) The District of Columbia government has one of the strongest fiscal positions of any jurisdiction in the United States, with a $14.6 billion budget for fiscal year 2019 and a $2.8 billion general fund balance as of September 30, 2018.

(7) The District of Columbia’s total personal income is higher than that of seven States, its per capita personal consumption expenditures is higher than those of any State, and its total personal consumption expenditures is greater than those of seven States.

(8) Congress has authority under article IV, section 3, clause 1, which gives Congress power to admit new states to the Union, and Article I, Section 8, Clause 17, which grants Congress power over the seat of the Federal Government, to admit the new State carved out of the residential areas of the Federal seat of Government, while maintaining as the Federal seat of Government the United States Capitol Complex, the principal Federal monuments,
Federal buildings and grounds, the National Mall, the White House and other Federal property.

**Subtitle D—Findings Relating to Territorial Voting Rights**

**SEC. 2301. FINDINGS RELATING TO TERRITORIAL VOTING RIGHTS.**

Congress finds the following:

(1) The right to vote is one of the most powerful instruments residents of the territories of the United States have to ensure that their voices are heard.

(2) These Americans have played an important part in the American democracy for more than 120 years.

(3) Political participation and the right to vote are among the highest concerns of territorial residents in part because they were not always afforded these rights.

(4) Voter participation in the territories consistently ranks higher than many communities on the mainland.

(5) Territorial residents serve and die, on a per capita basis, at a higher rate in every United States war and conflict since WWI, as an expression of
their commitment to American democratic principles and patriotism.

Subtitle E—Redistricting Reform

SEC. 2400. SHORT TITLE; FINDING OF CONSTITUTIONAL AUTHORITY.

(a) Short Title.—This subtitle may be cited as the “Redistricting Reform Act of 2019”.

(b) Finding of Constitutional Authority.—Congress finds that it has the authority to establish the terms and conditions States must follow in carrying out congressional redistricting after an apportionment of Members of the House of Representatives because—

(1) the authority granted to Congress under article I, section 4 of the Constitution of the United States gives Congress the power to enact laws governing the time, place, and manner of elections for Members of the House of Representatives; and

(2) the authority granted to Congress under section 5 of the fourteenth amendment to the Constitution gives Congress the power to enact laws to enforce section 2 of such amendment, which requires Representatives to be apportioned among the several States according to their number.
PART 1—REQUIREMENTS FOR CONGRESSIONAL

REDISTRICTING

SEC. 2401. REQUIRING CONGRESSIONAL REDISTRICTING

TO BE CONDUCTED THROUGH PLAN OF INDE-

PENDENT STATE COMMISSION.

(a) USE OF PLAN REQUIRED.—Notwithstanding any
other provision of law, and except as provided in sub-
section (c), any congressional redistricting conducted by
a State shall be conducted in accordance with—

(1) the redistricting plan developed and enacted
into law by the independent redistricting commission
established in the State, in accordance with part 2;
or

(2) if a plan developed by such commission is
not enacted into law, the redistricting plan developed
and enacted into law by a 3-judge court, in accord-
ance with section 2421.

(b) CONFORMING AMENDMENT.—Section 22(c) of
the Act entitled “An Act to provide for the fifteenth and
subsequent decennial censuses and to provide for an ap-
portionment of Representatives in Congress”, approved
June 18, 1929 (2 U.S.C. 2a(c)), is amended by striking
“in the manner provided by the law thereof” and insert-
ing: “in the manner provided by the Redistricting Reform
Act of 2019”.

201
(c) **SPECIAL RULE FOR EXISTING COMMISSIONS.**—Subsection (a) does not apply to any State in which, under law in effect continuously on and after the date of the enactment of this Act, congressional redistricting is carried out in accordance with a plan developed and approved by an independent redistricting commission which is in compliance with each of the following requirements:

1. **PUBLICLY AVAILABLE APPLICATION PROCESS.**—Membership on the commission is open to citizens of the State through a publicly available application process.

2. **DISQUALIFICATIONS FOR GOVERNMENT SERVICE AND POLITICAL APPOINTMENT.**—Individuals who, for a covered period of time as established by the State, hold or have held public office, individuals who are or have been candidates for elected public office, and individuals who serve or have served as an officer, employee, or paid consultant of a campaign committee of a candidate for public office are disqualified from serving on the commission.

3. **SCREENING FOR CONFLICTS.**—Individuals who apply to serve on the commission are screened through a process that excludes persons with conflicts of interest from the pool of potential commissioners.
(4) Multi-partisan composition.—Membership on the commission represents those who are affiliated with the two political parties whose candidates received the most votes in the most recent Statewide election for Federal office held in the State, as well as those who are unaffiliated with any party or who are affiliated with political parties other than the two political parties whose candidates received the most votes in the most recent Statewide election for Federal office held in the State.

(5) Criteria for redistricting.—Members of the commission are required to meet certain criteria in the map drawing process, including minimizing the division of communities of interest and a ban on drawing maps to favor a political party.

(6) Public input.—Public hearings are held and comments from the public are accepted before a final map is approved.

(7) Broad-based support for approval of final plan.—The approval of the final redistricting plan requires a majority vote of the members of the commission, including the support of at least one member of each of the following:

(A) Members who are affiliated with the political party whose candidate received the
most votes in the most recent Statewide election for Federal office held in the State.

(B) Members who are affiliated with the political party whose candidate received the second most votes in the most recent Statewide election for Federal office held in the State.

(C) Members who not affiliated with any political party or who are affiliated with political parties other than the political parties described in subparagraphs (A) and (B).

SEC. 2402. BAN ON MID-DECADE REDISTRICTING.

A State that has been redistricted in accordance with this subtitle and a State described in section 2401(c) may not be redistricted again until after the next apportionment of Representatives under section 22(a) of the Act entitled “An Act to provide for the fifteenth and subsequent decennial censuses and to provide for an apportionment of Representatives in Congress”, approved June 18, 1929 (2 U.S.C. 2a), unless a court requires the State to conduct such subsequent redistricting to comply with the Constitution of the United States, the Voting Rights Act of 1965 (52 U.S.C. 10301 et seq.), the Constitution of the State, or the terms or conditions of this subtitle.

(3) Designation of alternates to serve in case of vacancies.—

1 Subtitle A—Findings Relating to Illicit Money Undermining Our Democracy

2 SEC. 4001. FINDINGS RELATING TO ILLICIT MONEY UNDERMINING OUR DEMOCRACY.

3 Congress finds the following:

4 (1) Criminals, terrorists, and corrupt government officials frequently abuse anonymously held Limited Liability Companies (LLCs), also known as “shell companies,” to hide, move, and launder the
dirty money derived from illicit activities such as trafficking, bribery, exploitation, and embezzlement. Ownership and control of the finances that run through shell companies are obscured to regulators and law enforcement because little information is required and collected when establishing these entities.

(2) The public release of the “Panama Papers” in 2016 and the “Paradise Papers” in 2017 revealed that these shell companies often purchase and sell United States real estate. United States anti-money laundering laws do not apply to cash transactions involving real estate effectively concealing the beneficiaries and transactions from regulators and law enforcement.

(3) Congress should curb the use of anonymous shell companies for illicit purposes by requiring United States companies to disclose their beneficial owners, strengthening anti-money laundering and counter-terrorism finance laws.

(4) Congress should examine the money laundering and terrorist financing risks in the real estate market, including the role of anonymous parties, and review legislation to address any vulnerabilities identified in this sector.
(5) Congress should examine the methods by which corruption flourishes and the means to detect and deter the financial misconduct that fuels this driver of global instability. Congress should monitor government efforts to enforce United States anti-corruption laws and regulations.

Subtitle C—Honest Ads

SEC. 4201. SHORT TITLE.

This subtitle may be cited as the “Honest Ads Act”.

SEC. 4202. PURPOSE.

The purpose of this subtitle is to enhance the integrity of American democracy and national security by im-
proving disclosure requirements for online political advertisements in order to uphold the Supreme Court’s well-established standard that the electorate bears the right to be fully informed.

SEC. 4203. FINDINGS.

Congress makes the following findings:

(1) On January 6, 2017, the Office of the Director of National Intelligence published a report titled “Assessing Russian Activities and Intentions in Recent U.S. Elections”, noting that “Russian President Vladimir Putin ordered an influence campaign in 2016 aimed at the US presidential election . . .”.

Moscow’s influence campaign followed a Russian messaging strategy that blends covert intelligence operation—such as cyber activity—with overt efforts by Russian Government agencies, state-funded media, third-party intermediaries, and paid social media users or “trolls”.

(2) On November 24, 2016, The Washington Post reported findings from 2 teams of independent researchers that concluded Russians “exploited American-made technology platforms to attack U.S. democracy at a particularly vulnerable moment . . . as part of a broadly effective strategy of sowing distrust in U.S. democracy and its leaders.”.
(3) Findings from a 2017 study on the manipulation of public opinion through social media conducted by the Computational Propaganda Research Project at the Oxford Internet Institute found that the Kremlin is using pro-Russian bots to manipulate public discourse to a highly targeted audience. With a sample of nearly 1,300,000 tweets, researchers found that in the 2016 election’s 3 decisive States, propaganda constituted 40 percent of the sampled election-related tweets that went to Pennsylvanians, 34 percent to Michigan voters, and 30 percent to those in Wisconsin. In other swing States, the figure reached 42 percent in Missouri, 41 percent in Florida, 40 percent in North Carolina, 38 percent in Colorado, and 35 percent in Ohio.

(4) On September 6, 2017, the nation’s largest social media platform disclosed that between June 2015 and May 2017, Russian entities purchased $100,000 in political advertisements, publishing roughly 3,000 ads linked to fake accounts associated with the Internet Research Agency, a pro-Kremlin organization. According to the company, the ads purchased focused “on amplifying divisive social and political messages . . .”.

(5) In 2002, the Bipartisan Campaign Reform Act became law, establishing disclosure requirements for political advertisements distributed from a television or radio broadcast station or provider of cable or satellite television. In 2003, the Supreme Court upheld regulations on electioneering communications established under the Act, noting that such requirements “provide the electorate with information and insure that the voters are fully informed about the person or group who is speaking.”

(6) According to a study from Borrell Associates, in 2016, $1,415,000,000 was spent on online advertising, more than quadruple the amount in 2012.

(7) The reach of a few large internet platforms—larger than any broadcast, satellite, or cable provider—has greatly facilitated the scope and effectiveness of disinformation campaigns. For instance, the largest platform has over 210,000,000 Americans users—over 160,000,000 of them on a daily basis. By contrast, the largest cable television provider has 22,430,000 subscribers, while the largest satellite television provider has 21,000,000 subscribers. And the most-watched television broadcast in United States history had 118,000,000 viewers.
(8) The public nature of broadcast television, radio, and satellite ensures a level of publicity for any political advertisement. These communications are accessible to the press, fact-checkers, and political opponents; this creates strong disincentives for a candidate to disseminate materially false, inflammatory, or contradictory messages to the public. Social media platforms, in contrast, can target portions of the electorate with direct, ephemeral advertisements often on the basis of private information the platform has on individuals, enabling political advertisements that are contradictory, racially or socially inflammatory, or materially false.

(9) According to comScore, 2 companies own 8 of the 10 most popular smartphone applications as of June 2017, including the most popular social media and email services—which deliver information and news to users without requiring proactivity by the user. Those same 2 companies accounted for 99 percent of revenue growth from digital advertising in 2016, including 77 percent of gross spending. 79 percent of online Americans—representing 68 percent of all Americans—use the single largest social network, while 66 percent of these users are most likely to get their news from that site.
(10) In its 2006 rulemaking, the Federal Election Commission noted that only 18 percent of all Americans cited the internet as their leading source of news about the 2004 Presidential election; by contrast, the Pew Research Center found that 65 percent of Americans identified an internet-based source as their leading source of information for the 2016 election.

(11) The Federal Election Commission, the independent Federal agency charged with protecting the integrity of the Federal campaign finance process by providing transparency and administering campaign finance laws, has failed to take action to address online political advertisements.

(12) In testimony before the Senate Select Committee on Intelligence titled, “Disinformation: A Primer in Russian Active Measures and Influence Campaigns”, multiple expert witnesses testified that while the disinformation tactics of foreign adversaries have not necessarily changed, social media services now provide “platform[s] practically purpose-built for active measures[.]” Similarly, as Gen. Keith B. Alexander (RET.), the former Director of the National Security Agency, testified, during the Cold War “if the Soviet Union sought to manipulate
information flow, it would have to do so principally through its own propaganda outlets or through active measures that would generate specific news: planting of leaflets, inciting of violence, creation of other false materials and narratives. But the news itself was hard to manipulate because it would have required actual control of the organs of media, which took long-term efforts to penetrate. Today, however, because the clear majority of the information on social media sites is uncurated and there is a rapid proliferation of information sources and other sites that can reinforce information, there is an increasing likelihood that the information available to average consumers may be inaccurate (whether intentionally or otherwise) and may be more easily manipulable than in prior eras.”.

(13) Current regulations on political advertisements do not provide sufficient transparency to uphold the public’s right to be fully informed about political advertisements made online.

SEC. 4204. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the dramatic increase in digital political advertisements, and the growing centrality of online platforms in the lives of Americans, requires the
Congress and the Federal Election Commission to take meaningful action to ensure that laws and regulations provide the accountability and transparency that is fundamental to our democracy.

(2) free and fair elections require both transparency and accountability which give the public a right to know the true sources of funding for political advertisements in order to make informed political choices and hold elected officials accountable;

and

(3) transparency of funding for political advertisements is essential to enforce other campaign finance laws, including the prohibition on campaign spending by foreign nationals.

Subtitle A—Findings Relating to Citizens United Decision

SEC. 5001. FINDINGS RELATING TO CITIZENS UNITED DECISION.

Congress finds the following:

(1) The American Republic was founded on the principle that all people are created equal, with rights and responsibilities as citizens to vote, be represented, speak, debate, and participate in self-government on equal terms regardless of wealth. To secure these rights and responsibilities, our Constitution not only protects the equal rights of all Americans but also provides checks and balances to prevent corruption and prevent concentrated power and wealth from undermining effective self-government.

(2014), as well as other court decisions, erroneously invalidated even-handed rules about the spending of money in local, State, and Federal elections. These flawed decisions have empowered large corporations, extremely wealthy individuals, and special interests to dominate election spending, corrupt our politics, and degrade our democracy through tidal waves of unlimited and anonymous spending. These decisions also stand in contrast to a long history of efforts by Congress and the States to regulate money in politics to protect democracy, and they illustrate a troubling deregulatory trend in campaign finance-related court decisions. Additionally, an unknown amount of foreign money continues to be spent in our political system as subsidiaries of foreign-based corporations and hostile foreign actors sometimes connected to nation-States work to influence our elections.

(3) The Supreme Court’s misinterpretation of the Constitution to empower monied interests at the expense of the American people in elections has seriously eroded over 100 years of congressional action to promote fairness and protect elections from the toxic influence of money.

(4) In 1907, Congress passed the Tillman Act in response to the concentration of corporate power
in the post-Civil War Gilded Age. The Act prohibited corporations from making contributions in connection with Federal elections, aiming “not merely to prevent the subversion of the integrity of the electoral process [but] . . . to sustain the active, alert responsibility of the individual citizen in a democracy for the wise conduct of government”.

(5) By 1910, Congress began passing disclosure requirements and campaign expenditure limits, and dozens of States passed corrupt practices Acts to prohibit corporate spending in elections. States also enacted campaign spending limits, and some States limited the amount that people could contribute to campaigns.

(6) In 1947, the Taft-Hartley Act prohibited corporations and unions from making campaign contributions or other expenditures to influence elections. In 1962, a Presidential commission on election spending recommended spending limits and incentives to increase small contributions from more people.

(7) The Federal Election Campaign Act of 1971 (FECA), as amended in 1974, required disclosure of contributions and expenditures, imposed contribution and expenditure limits for individuals and
groups, set spending limits for campaigns, candidates, and groups, implemented a public funding system for Presidential campaigns, and created the Federal Election Commission to oversee and enforce the new rules.

(8) In the wake of *Citizens United* and other damaging Federal court decisions, Americans have witnessed an explosion of outside spending in elections. Outside spending increased nearly 900 percent between the 2008 and 2016 Presidential election years. Indeed, the 2018 elections once again made clear the overwhelming political power of wealthy special interests, to the tune of over $5,000,000,000. And as political entities adapt to a post-*Citizens United*, post-*McCutcheon* landscape, these trends are getting worse, as evidenced by the experience in the 2018 midterm congressional elections, where outside spending more than doubled from the previous midterm cycle.

(9) The torrent of money flowing into our political system has a profound effect on the democratic process for everyday Americans, whose voices and policy preferences are increasingly being drowned out by those of wealthy special interests. The more campaign cash from wealthy special interests can
flood our elections, the more policies that favor those interests are reflected in the national political agenda. When it comes to policy preferences, our Nation’s wealthiest tend to have fundamentally different views than do average Americans when it comes to issues ranging from unemployment benefits to the minimum wage to health care coverage.

(10) The Court has tied the hands of Congress and the States, severely restricting them from setting reasonable limits on campaign spending. For example, the Court has held that only the Government’s interest in preventing quid pro quo corruption, like bribery, or the appearance of such corruption, can justify limits on campaign contributions. More broadly, the Court has severely curtailed attempts to reduce the ability of the Nation’s wealthiest and most powerful to skew our democracy in their favor by buying outsized influence in our elections. Because this distortion of the Constitution has prevented truly meaningful regulation or reform of the way we finance elections in America, a constitutional amendment is needed to achieve a democracy for all the people.

(11) Since the landmark *Citizens United* decision, 19 States and nearly 800 municipalities, in-
cluding large cities like New York, Los Angeles, Chicago, and Philadelphia, have gone on record supporting a constitutional amendment. Transcending political leanings and geographic location, voters in States and municipalities across the country that have placed amendment questions on the ballot have routinely supported these initiatives by considerably large margins.

(12) At the same time millions of Americans have signed petitions, marched, called their Members of Congress, written letters to the editor, and otherwise demonstrated their public support for a constitutional amendment to overturn Citizens United that will allow Congress to reign in the outsized influence of unchecked money in politics. Dozens of organizations, representing tens of millions of individuals, have come together in a shared strategy of supporting such an amendment.

(13) In order to protect the integrity of democracy and the electoral process and to ensure political equality for all, the Constitution should be amended so that Congress and the States may regulate and set limits on the raising and spending of money to influence elections and may distinguish between natural persons and artificial entities, like corporations,
that are created by law, including by prohibiting
such artificial entities from spending money to influ-
ence elections.

Subtitle D—Personal Use Services as Authorized Campaign Expenditures

SEC. 5301. SHORT TITLE; FINDINGS; PURPOSE.

(a) SHORT TITLE.—This subtitle may be cited as the “Help America Run Act”.

(b) FINDINGS.—Congress finds the following:
(1) Everyday Americans experience barriers to entry before they can consider running for office to serve their communities. 

(2) Current law states that campaign funds cannot be spent on everyday expenses that would exist whether or not a candidate were running for office, like childcare and food. While the law seems neutral, its actual effect is to privilege the independently wealthy who want to run, because given the demands of running for office, candidates who must work to pay for childcare or to afford health insurance are effectively being left out of the process, even if they have sufficient support to mount a viable campaign. 

(3) Thus current practice favors those prospective candidates who do not need to rely on a regular paycheck to make ends meet. The consequence is that everyday Americans who have firsthand knowledge of the importance of stable childcare, a safety net, or great public schools are less likely to get a seat at the table. This governance by the few is antithetical to the democratic experiment, but most importantly, when lawmakers do not share the concerns of everyday Americans, their policies reflect that.
(4) These circumstances have contributed to a Congress that does not always reflect everyday Americans. The New York Times reported in 2019 that fewer than 5 percent of representatives cite blue-collar or service jobs in their biographies. A 2015 survey by the Center for Responsive Politics showed that the median net worth of lawmakers was just over $1 million in 2013, or 18 times the wealth of the typical American household.

(5) These circumstances have also contributed to a governing body that does not reflect the nation it serves. For instance, women are 51% of the American population. Yet even with a record number of women serving in the One Hundred Sixteenth Congress, the Pew Research Center notes that more than three out of four Members of this Congress are male. The Center for American Women And Politics found that one third of women legislators surveyed had been actively discouraged from running for office, often by political professionals. This type of discouragement, combined with the prohibitions on using campaign funds for domestic needs like childcare, burdens that still fall disproportionately on American women, particularly disadvantages working mothers. These barriers may explain why
only 10 women in history have given birth while
serving in Congress, in spite of the prevalence of
working parents in other professions. Yet working
mothers and fathers are best positioned to create
policy that reflects the lived experience of most
Americans.

(e) PURPOSE.—It is the purpose of this subtitle to
ensure that all Americans who are otherwise qualified to
serve this Nation are able to run for office, regardless of
their economic status. By expanding permissible uses of
campaign funds and providing modest assurance that test-
ing a run for office will not cost one’s livelihood, the Help
America Run Act will facilitate the candidacy of represent-
atives who more accurately reflect the experiences, chal-
lenges, and ideals of everyday Americans.

amount of payments which may be made by the
committee for the salary of the candidate (with-
out regard to whether or not the committee
makes payments to the candidate for that pur-
pose).

“(B) CORRESPONDING REDUCTION IN
AMOUNT OF SALARY PAID TO CANDIDATE.—To
the extent that an authorized committee of a
candidate makes payments for the salary of the
candidate, any limit on the amount of such pay-
ments which is applicable under any law, rule,
or regulation shall be reduced by the amount of
any payments made to or on behalf of the can-
didate for personal use services described in
paragraph (3), other than personal use services
described in subparagraph (E) of such para-
graph.

“(C) Exclusion of candidates who
are officeholders.—Paragraph (1) does not
apply with respect to an authorized committee
of a candidate who is a holder of Federal office.

“(3) Personal use services described.—
The personal use services described in this para-
graph are as follows:

“(A) Child care services.

“(B) Elder care services.

“(C) Services similar to the services de-

“(ii) In any proceeding under this subparagraph, the court shall treat the failure to act on the complaint as
a dismissal of the complaint, and shall determine by de
novo review whether the agency’s failure to act on the
complaint is contrary to law.

“(C) In any proceeding under this paragraph the
court may declare that the dismissal of the complaint or
the failure to act is contrary to law, and may direct the

(b) Definitions.—Title III of such Act (52 U.S.C. 30101 et seq.), as amended by section 4702(a), is amended by adding at the end the following new section:

“SEC. 326. PAYMENTS FOR COORDINATED EXPENDITURES.

“(a) Coordinated Expenditures.—

“(1) In General.—For purposes of section 301(8)(A)(iii), the term ‘coordinated expenditure’ means—

“(A) any expenditure, or any payment for a covered communication described in subsection (d), which is made in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate, an authorized committee of a candidate, a political committee of a political party, or agents of the candidate or committee, as defined in subsection (b); or

“(B) the communication constitutes a candidate debate or forum conducted pursuant to regulations adopted by the Commission pursuant to section 304(f)(3)(B)(iii), or which solely
promotes such a debate or forum and is made by or on behalf of the person sponsoring the debate or forum.

“(b) COORDINATION DESCRIBED.—

“(1) IN GENERAL.—For purposes of this section, a payment is made ‘in cooperation, consultation, or concert with, or at the request or suggestion of,’ a candidate, an authorized committee of a candidate, a political committee of a political party, or agents of the candidate or committee, if the payment, or any communication for which the payment is made, is not made entirely independently of the candidate, committee, or agents. For purposes of the previous sentence, a payment or communication not made entirely independently of the candidate or committee includes any payment or communication made pursuant to any general or particular understanding with, or pursuant to any communication with, the candidate, committee, or agents about the payment or communication.

“(2) NO FINDING OF COORDINATION BASED SOLELY ON SHARING OF INFORMATION REGARDING LEGISLATIVE OR POLICY POSITION.—For purposes of this section, a payment shall not be considered to be made by a person in cooperation, consultation, or
concert with, or at the request or suggestion of, a
candidate or committee, solely on the grounds that
the person or the person’s agent engaged in discus-
sions with the candidate or committee, or with any
agent of the candidate or committee, regarding that
person’s position on a legislative or policy matter
(including urging the candidate or committee to
adopt that person’s position), so long as there is no
communication between the person and the can-
didate or committee, or any agent of the candidate
or committee, regarding the candidate’s or commit-
tee’s campaign advertising, message, strategy, pol-
icy, polling, allocation of resources, fundraising, or
other campaign activities.

“(3) NO EFFECT ON PARTY COORDINATION

“(4) NO SAFE HARBOR FOR USE OF FIRE-
WALL.—A person shall be determined to have made
a payment in cooperation, consultation, or concert
with, or at the request or suggestion of, a candidate
or committee, in accordance with this section with-
out regard to whether or not the person established
and used a firewall or similar procedures to restrict the sharing of information between individuals who are employed by or who are serving as agents for the person making the payment.

“(c) Payments by Coordinated Spenders for Covered Communications.—

“(1) Payments made in cooperation, consultation, or concert with candidates.—For purposes of subsection (a)(1)(A), if the person who makes a payment for a covered communication, as defined in subsection (d), is a coordinated spender under paragraph (2) with respect to the candidate as described in subsection (d)(1), the payment for the covered communication is made in cooperation, consultation, or concert with the candidate.

“(2) Coordinated spender defined.—For purposes of this subsection, the term ‘coordinated spender’ means, with respect to a candidate or an authorized committee of a candidate, a person (other than a political committee of a political party) for which any of the following applies:

“(A) During the 4-year period ending on the date on which the person makes the payment, the person was directly or indirectly formed or established by or at the request or
suggestion of, or with the encouragement of, 
the candidate (including an individual who later 
becomes a candidate) or committee or agents of 
the candidate or committee, including with the 
approval of the candidate or committee or 
agents of the candidate or committee.

“(B) The candidate or committee or any 
agent of the candidate or committee solicits 
funds, appears at a fundraising event, or en-
gages in other fundraising activity on the per-
son’s behalf during the election cycle involved, 
including by providing the person with names of 
potential donors or other lists to be used by the 
person in engaging in fundraising activity, re-
gardless of whether the person pays fair market 
value for the names or lists provided. For pur-
poses of this subparagraph, the term ‘election 
cycle’ means, with respect to an election for 
Federal office, the period beginning on the day 
after the date of the most recent general elec-
tion for that office (or, if the general election 
resulted in a runoff election, the date of the 
runoff election) and ending on the date of the 
next general election for that office (or, if the
general election resulted in a runoff election, the date of the runoff election).

“(C) The person is established, directed, or managed by the candidate or committee or by any person who, during the 4-year period ending on the date on which the person makes the payment, has been employed or retained as a political, campaign media, or fundraising adviser or consultant for the candidate or committee or for any other entity directly or indirectly controlled by the candidate or committee, or has held a formal position with the candidate or committee (including a position as an employee of the office of the candidate at any time the candidate held any Federal, State, or local public office during the 4-year period).

“(D) The person has retained the professional services of any person who, during the 2-year period ending on the date on which the person makes the payment, has provided or is providing professional services relating to the campaign to the candidate or committee, without regard to whether the person providing the professional services used a firewall. For purposes of this subparagraph, the term ‘profes-
sional services’ includes any services in support
of the candidate’s or committee’s campaign ac-
tivities, including advertising, message, strat-
egy, policy, polling, allocation of resources,
fundraising, and campaign operations, but does
not include accounting or legal services.

“(E) The person is established, directed, or
managed by a member of the immediate family
of the candidate, or the person or any officer or
agent of the person has had more than inci-
dental discussions about the candidate’s cam-
paign with a member of the immediate family
of the candidate. For purposes of this subpara-
graph, the term ‘immediate family’ has the
meaning given such term in section 9004(e) of
the Internal Revenue Code of 1986.

“(d) COVERED COMMUNICATION DEFINED.—

“(1) IN GENERAL.—For purposes of this sec-
tion, the term ‘covered communication’ means, with
respect to a candidate or an authorized committee of
a candidate, a public communication (as defined in
section 301(22)) which—

“(A) expressly advocates the election of the
candidate or the defeat of an opponent of the
candidate (or contains the functional equivalent of express advocacy);

“(B) promotes or supports the election of the candidate, or attacks or opposes the election of an opponent of the candidate (regardless of whether the communication expressly advocates the election or defeat of a candidate or contains the functional equivalent of express advocacy); or

“(B) in the case of a communication which refers to a candidate in a primary or preference election, or convention or caucus of a political party that has authority to nominate a can-
didate, the 60-day period which ends on the
date of the election or convention or caucus.

“(3) Special rules for communications in-
volving congressional candidates.—For pur-
poses of this subsection, a public communication
shall not be considered to be a covered communica-
tion with respect to a candidate for election for an
office other than the office of President or Vice
President unless it is publicly disseminated or dis-
tributed in the jurisdiction of the office the can-
didate is seeking.

“(e) Penalty.—

“(1) Determination of amount.—Any per-
son who knowingly and willfully commits a violation
of this Act by making a contribution which consists
of a payment for a coordinated expenditure shall be
fined an amount equal to the greater of—

“(A) in the case of a person who makes a
contribution which consists of a payment for a
coordinated expenditure in an amount exceeding
the applicable contribution limit under this Act,

cceeds such applicable contribution limit; or
“(B) in the case of a person who is prohibited under this Act from making a contribution in any amount, 300 percent of the amount of the payment made by the person for the coordinated expenditure.

“(2) Joint and several liability.—Any director, manager, or officer of a person who is subject to a penalty under paragraph (1) shall be jointly and severally liable for any amount of such penalty that is not paid by the person prior to the expiration of the 1-year period which begins on the date the Commission imposes the penalty or the 1-year period which begins on the date of the final judgment following any judicial review of the Commission’s action, whichever is later.”

(B) the Federal Election Commission shall promulgate new regulations on coordinated communications which reflect the amendments made by this Act.

(2) Effective Date.—The amendments made by this section shall apply with respect to payments made on or after the expiration of the 120-day period which begins on the date of the enactment of this Act, without regard to whether or not the Federal Election Commission has promulgated regulations in accordance with paragraph (1)(B) as of the expiration of such period.
