TITLE IX

MIDDLE EAST PARTNERSHIP FOR PEACE

SEC. 9001. SHORT TITLE.

This title may be cited as the “Middle East Partnership for Peace Act of 2020”.

SEC. 9002. FINDINGS.

Congress finds the following:

(1) Economic development in conflict settings has been shown to support stabilization by empowering entrepreneurs, growing the middle class, and mitigating unemployment.

(2) In 2018, unemployment in the Palestinian territories was 32.4 percent. Gross Domestic Product (GDP) growth in the Palestinian territories declined from 2017 to 2019, and it is projected to further decline in 2020.

(3) According to the World Bank Ad Hoc Liaison Committee’s April 2019 Economic Monitoring Report, “to achieve sustainable economic growth, in
the Palestinian territories, growth and job creation going forward will need to be private sector driven”.

(4) According to the 2018 Joint Strategic Plan of the Department of State and the United States Agency for International Development, “assistance can help prevent new recruitment to terrorist organizations, reduce levels of violence, promote legitimate governance structures that strengthen inclusion, and reduce policies that marginalize communities”.

(5) Although economic development is an important tool for stabilizing conflict-prone settings and establishing connections between communities, economic development by itself will not lead to lasting peace. People-to-people peace-building programs further advance reconciliation efforts by promoting greater understanding, mutual trust, and cooperation between communities.

(6) While the United States and its international partners continue to support diplomatic and political negotiations between the representatives of the parties to the Israeli-Palestinian conflict, such efforts require broad popular support among the people on the ground to succeed.

(7) Achieving sustainable, high-level agreements for lasting peace in the Middle East must come
through, and with the support of, the people who
live there, and the United States and its inter-
national partners can help the people of the region
build popular support for sustainable agreements for
lasting peace.

SEC. 9003. SENSE OF CONGRESS.

It is the sense of Congress that—

(1) building a viable Palestinian economy is
central to the effort to preserve the possibility of a
negotiated settlement leading to a sustainable two-
state solution with the democratic, Jewish state of
Israel and a demilitarized, democratic Palestinian
state living side-by-side in peace, security, and mu-
tual recognition;

(2) United States and international support for
grassroots, people-to-people efforts aimed at fos-
tering tolerance, and building support for a such so-
lution, can help counter extremist propaganda and
the growing issue of incitement;

(3) strengthening engagement between Palestin-
ians, Israelis, and through people-to-people peace-
building programs can increase the bonds of friend-
ship and understanding;

(4) investing in the development of the Pales-
tinian economy and in joint economic ventures can
advance multiple sectors to the benefit of local, regional, and global parties; and

(5) Congress encourages cooperation between Palestinian, American, and Israeli business sectors in order to benefit the Palestinian, American, and Israeli peoples and economies.
